(CONTINUED FROM PAGE ONE)

## Pay No Obstacle.

The question of pay for the legislators has never been a serious obstacle, although the payroll of the general assembly, for members alone would be \$1,700 per day, at \$10 per man. But if they could come to Raleigh and really do something to make cotton sell for more, no one would begrudge them their pay.

# Uncle Sam Displayed 'Big Stick' In Exhibition of Latest Armaments

Proving Ground Demonstration Shows United States Has Most Efficient War Tools in World—Preparedness Best Argument for Lasting Peace, U. S. Experts Feel.

PORTABLE 8" HOWITZER GUN READY FOR ROAD

The recent demonstration at the Government proving ground, Aberdeen, Md., before the Army Ordnance Association and 6,000 experts and Governmental department representatives, of the development of armaments leaves no room for doubt as to United States supremacy in modern war weapons. Among the exhibits was a disappearing gun that fires a two-ton projectile a distance of thirty miles and can take cover at will in a prepared gun-pit. Armored cars thundered over ploughed fields at 50 miles an hour, shooting a spray of bullets from their battery of machine guns as they advanced. Another innovation is a six-inch howitzer, mounted on a six-wheel truck with pneumatic tires. This weapon, hitherto transported with difficulty by caterpillar tractors, can be rushed from place to place at 35 miles an hour. A machine gun that fires 700 rounds a minute is another wonder of the martial array of tools. Experts concede that U. S. progressiveness in armament is unmatched anywhere in the world.

# Charlotte Hotel Manager Gets 10 Months Sentence

Mecklenburg Hotel In Charlotte May Be Padlocked Because Of Liquor Charges.

Charlotte, Oct. 16.—A. W. Hartley, manager of the Mecklenburg hotel here, was convicted on two counts charging violation of the prohibition laws and District Attorney Charles A. Jonas took under consideration a move to have the hotel padlocked.

Judge E. Yates Webb sentenced Hartley to 10 months in prison after a federal jury had convicted him of maintaining a nuisance and possessing materials for the manufacture of intoxicating liquors. A fine of \$500 was suspended. Hartley appealed and gave bond of \$5,000.

Jonas explained that under the law the government could order the Mecklenburg padlocked for one year. He served notice in court that in order for the hotel to remain open, he would have to be "assured that it was made into a decent place."

Jonas said he would confer with owners of the hotel before making any recommendation concerning its operation.

Charges were preferred against Hartley and other employees several weeks ago after undercover agents, who had lived in the hotel, had secured evidence on which J. Ed Kanipe, prohibition enforcement officer for this district, made the arrests.
