More Smokers Are Rolling Their Own

Washington, Dec. 21.-A decrease in manufactured cigarettes and an increase in the roll-your-own variety was indicated today in statistics issued by the Internal Revenue bureau. It showed a drop in tax paid cigarettes and cigars and a gain in tobacco and cigarette papers in November as compared with November last year.

The bureau reported there would be 102,000,000 fewer "tailor made" cigarettes to go in the Christmas stocking this year, but the total of 7,849,803,407 on which taxes were paid in November was calculated to be ample for all needs.
