Telephone ... Mrs. Green

"Mother says to hurry as it sounds like an important call."

"Tell her that I'll be over as soon as I can take the dinner out of the stove."

Do you use your neighbor's telephone? Think how much better it would be to have one of your own. Then you need not bother anyone, and your friends can call you without embarrassment.

The entire family will find many uses for the telephone, with the added comfort of knowing that in emergencies the telephone is always ready to summon aid.

You, too, can have a telephone of your own for only a few cents a day. In fact, the service is so low in cost that it really doesn't pay to try to do without it.
