

Vote For Robert R. Reynolds

For U. S. Senate

Robert R. Reynolds, of Asheville, candidate for the United States senate from North Carolina to succeed Senator Cameron Morrison, has drawn up a platform of principles and objectives for which he will work, if nominated and elected.

"I am opposed to the centralization of government and the concentration of great wealth into a few hands," says Mr. Reynolds. "Unearned money is a dangerous thing for any man or any group of men. I believe in equal opportunities for all—better government and tax relief—they are with me and I am with them—we are in accord."

Reynolds' platform is a progressive one; "I favor and shall insist upon—

(1) Equal rights to all and special privileges to none— Divorce the Wall Street thieves from the administration. Special privileges granted by the government has given birth to monopolies, fattened by business, destroyed the little business, made millionaires of the few and reduced the many to poverty.

(2) Full Payment of all War Debts by the Allied Powers to our Government— Even though the Morgans and the other international bankers will lose billions of dollars. We demand the eleven billion dollars they owe us and it should be paid by them and not by our overburdened tax payers.

(3) Banning of Immigrants for the next quarter of a century. Close the gates securely. Let's keep America for Americans and make it a better and safer place in which to live.

(4) Enactment of Laws that will absolutely protect depositors of all banks.

(5) Modification of our national prohibition laws which do not prohibit— Never did prohibit and never will prohibit. It has made hypocrites of citizens, created disrespect for law and already cost our state and federal governments ten billion dollars, emptied our treasuries and raised our taxes.

(6) Distribution of light and power at fair rates to the consumers. Stop the power trusts from overcharging for service and by their political manipulation from shifting their just portion of taxes to the shoulders of the little man.

(7) Relief for the Farmer— Cotton and tobacco growers can't secure cost of production—yet one tobacco company declared a 35 million dollar dividend in 1931. These deplorable conditions must be remedied.

(8) Reduction of high taxes— By the elimination of many unnecessary offices, commissions and boards, the wilful waste of public funds and reduction of government costs.

(9) Abolish the Federal Farm Board Which has ruined the farmers and used half a billion dollars wholly for building up political fence for Herbert Hoover.

(10) Pay the Soldiers the Balance of Service Compensation— Congress has given two billion dollars to broken down banks and millionaires "dependent" on them. Now let's pay our soldiers who won the war.

BOB REYNOLDS SAYS: "I am not half so strongly in favor of a revision of our prohibition laws as I am opposed to the evils that have brought into existence. My appeal, therefore, is not to the liquor interest nor to the moral degenerates, but rather to the straight-thinking citizens who are sick and weary from our calamitous dose of political hypocrisy which has been fed to us for 13 years from a tarnished spoon of morality. I have the utmost sympathy for the moral and religious forces of our country, respecting the great leadership they have given us; but nothing I sinfully save divine decree. Although the attempt has been consistently made to confuse the prohibition issue with religious fortitude, I am tired of forever confusing religion with an economic and social question like prohibition. I am opposed to the return of the saloon system and stand for government control of liquor."

Degree To Be Given Governor Gardner By State College

Doctor Of Science To Be Conferred Because Of His Help To Agriculture.

Raleigh, June 1.—The honorary degree of Doctor of Science awarded by the faculty and board of trustees in 1929 will be conferred on Governor O. Max Gardner at the annual commencement exercises at State college on Tuesday, June 7, it was announced here today by Dr. E. C. Brooks, president.

Governor Gardner has been a member of the college board of trustees since 1907 and has greatly aided the progress of the institution by his interest and advice during that time, said Dr. Brooks, in announcing presentation of the honor. The governor was graduated from State with the bachelor's degree in the class of 1903. During the session 1904-05, he was an instructor in the chemistry department and since that time, he has had a deep interest in the institution.

It is the custom at State college that no honorary degrees shall be conferred unless the person so honored can be present at the exercises incident to making the award. It has been impossible for Mr. Gardner to attend the last two State college commencements and presentation of the degree was deferred until this year.

During his administration as governor of the state, Mr. Gardner has called upon the colleges to aid in his movement to make North Carolina more self-supporting from an agricultural standpoint and has drawn upon the faculty members for advisory assistance and for plans in promoting the permanent welfare of the farming public. The live-at-home program, better farm seeds development, profitable use of institutional farms and economic relief of farmers has been promoted largely by members of the State college staff under his leadership.

Fred Webb Favorite In Dixie Golf Play

Shelby Lad Was Sensation Of One Southern Tourney. Play At Birmingham.

Birmingham, Ala., June 1.—Veteran southern golfers are wondering who will be the 11 sensations of the 1932 tournament starting here June 14.

For the past several years, some little heralded youngster has all but stole the show. In 1929 at Belle Meade in Nashville, Sam Perry, then a University of Alabama student, eased into the championship flight via the play-off route and won the crown.

Two years ago at Sedgfield, N. C., Fred Webb, a 17-year-old southern golfer, a 17-year-old southern golfer, who will be the 11 sensations of the 1932 tournament starting here June 14.

A year ago at Chaitanoga, Jock Tooner, of Jacksonville, playing in his first southern meet, went to the finals and lost to Harris. Charles Yates, 17-year-old Georgia champion, produced one of the tournament surprises by eliminating the twice-champion Spier.

Frank Setz, Gadsden, Ala., youngster, also moved to the semi-finals before blowing to Harris, and Scud-day Horner, Nashville high school boy, won medalist honors.

Most of these boys will enter this year's tournament, along with Jesse Rainwater, Jr., of New Orleans, and Tulane university. Rainwater, the Southern conference champion, is playing well and will be a real threat.

Fine fields of wheat, barley and oats are observed in Union county where no fertilizer of any kind has been used. The crops were planted on land where legumes have been used in the rotation says the farm agent.

One explanation of the Japanese withdrawal from Shanghai that hasn't been given yet is that the Japanese decided that continued shooting of the Chinese might result in ill-feeling there.

"Towners" Defeat Legion Ball Team

The Shelby "Towners" on Monday afternoon defeated Dr. Jarrett's team of American Legion juniors by the score of 12 to 7. Henderson hurled for the town team with Wilson catching and Cashion, Quinn, Jones and Blanton were the batterers for the legion youngsters.

Fred Frame Wins Big Auto Event

Californian Averages 165 Miles Per Hour to Cop Indianapolis Race.

Indianapolis, June.—With death defying speed, Freddie Frame, of Los Angeles, roared to victory in the twentieth international 500 mile automobile race over the Indianapolis speedway Monday, leaving a string of broken records in the wake of his tiny gray-painted eight cylinder racer.

Frame, a 37-year-old driver, with 10 years of racing experience behind him, smashed all existing records for the 500-mile race when he bounced his little racer over the finishing line in triumph. He covered the 500 miles in 4:48:03.79 to average 104.144 miles an hour, breaking the former record of 101.13 miles an hour, breaking the former record of 101.13 established by Peter DePalo in winning the 1925 classic.

Less than 44 seconds back of Frame came Howdy Wilcox, Indianapolis youngster, driving his first major race, to finish second.

New York Now Has New Blood On Tap

(Boston News Bureau.)

New York city now has an organization of 300 men whose blood has been tested and who are always ready to go to a hospital or home at a moment's notice to supply blood for transfusion. While demand for such transfusions is greater now than ever before, the organization voted unanimously, recently to cut the price of the "product" from \$50 to \$35 for a medical pint. This was done voluntarily, because the price of everything else has gone down, they explained.

To The Voters Of Cleveland County

The Building and Loan and Insurance people are the ones who have the most business with the Office of the State Insurance Commissioner and according to our information they are unanimously in favor of the re-election of our present Commissioner,

HON. DAN C. BONEY

now serving his first term. We believe Mr. Boney has undertaken to serve the best interests of all the people of North Carolina. He is a Citizen of unimpeachable character and a veteran of the World War with an empty sleeve, a matter about which he, himself is too modest to speak.

We shall appreciate it if our friends throughout the County will give him their support in the Democratic Primary on June 4th.
