## Beauty Hint

### Beauty Hints

**Leila Hyams Says—**  
Real beauty is so deeply-rooted that one can store up a supply of it that will last from one season to the next.  
The best possible means of acquiring this more lasting beauty is by walking.  
Indoor boudoir beauty treatments pale in insignificance when balanced besides this morning outdoor exercise.  
There is a drawback to walking to one's place of work in the morning because of one's costume. Therefore a before-breakfast habit is more beneficial.

### Miss Nancy Lineberger Feted In Concord.

The following item taken from a last week's issue of the Concord Tribune will be received with interest here:

"While in Concord Nancy was accorded a number of lovely social courtesies.  
"Among the events were the theatre party given Tuesday afternoon by Ellen Rankin; the party Tuesday night by Martha Sauvain; a swimming party yesterday morning at Cross Lake by Louise Hartsell; picnic last night at Harris Lake given by Mary Ruth Cannon; the watermelon feast given by Mrs. Bernard Felzer and Mrs. W. J. Hill following the picnic last night and a luncheon today by Betty McRae."  
Miss Lineberger returned home from Concord Friday.

### Small Objects.

### Morrow Family To Have Reunion Aug. 6

Forest City, July 25.—A reunion of the Morrow family of old Tryon county (later Rutherford and Cleveland counties) will be held August 6, near Mount Pleasant church, near the old home place of James Morrow, Sr., who settled in Tryon county about 1762, where he died in 1822. Many of his descendants still live in this section, but many are scattered over the United States.

### Rubber Company Raises Salaries Of Its Workers

Akron, O.—India Tire and Rubber company, riding the tide of the greatest production and sales in its history, this week announced a 20 per cent salary increase aimed at offsetting a similar reduction instituted last January.  
It was understood about 400 factory and 50 office workers would benefit.  
"The plan," President W. G. Klaus said, "contemplates adding to the wage and salary checks during the last six months of the fiscal year a sufficient amount to enable all employees to recover the pay they were deprived of by taking the 20 per cent cut."  
That reduction, he explained, was made with the understanding employees would be reimbursed "if the organization, by its own efforts made the company profitable during the first six months of the year."  
Other tire companies were not expected to follow the example, at least for the present. The industry speeded up production last month in an effort to avoid the federal excise tax on tires but most companies recently have shortened working weeks with consequent reductions in average pay checks.  
The India company, Klaus said, adopted a six hour, seven day a week shift more than a year ago. The added leisure time enjoyed by workers free from factory monotony, he asserted, was responsible in large measure for the company's production record.  
It also enabled the factory to employ about 33 1-3 per cent more men, whose average purchasing power Klaus said was greater than during the peak of the 1929 prosperity era.

## Former Enemies Planning Flight Across Atlantic

London—A German and a British airman, who tried to kill one another 15 years ago in battle, announced last week they intend to make a westward air crossing of the Atlantic as a crusade to show the futility of war.  
The airman is Baron von Schleich, so-called "Black Knight" of the German flying forces, and Major Christopher Draper, known as the mad major of the old British royal flying corps.  
They plan to make the trip, they said, in the near future and they will be side by side in the cockpit.

## Budget Is Cut In New Hanover County

Within an hour after the people of Blauk Rock Methodist church near Goldsboro, began praying for rain Saturday, there came such a downpour they could not eat their picnic dinner out on the church grounds, as planned.

Miss Harwood and her father, John Harwood, former special superior court judge, are serving terms of one to two years each in state's prison here as a result of charges growing out of the misappropriation. ## Relief Funds To Reach Carolina

Gov. Gardner Says Relief Funds Coming To State Due To Aggressive Leadership.  
Emergency relief legislation adopted by Congress which will make \$5,700,000 available for Federal aid roads in North Carolina as soon as the bill is signed by President Hoover, is the product of the work of four North Carolina Congressmen, Senator J. W. Bailey and E. B. Jeffress, chairman of the State Highway Commission, Governor Gardner said yesterday.  
The Congressmen he named as being "jointly largely responsible for the emergency relief legislation" are Congressman Lindsay C. Warren, First District; E. W. Pou, Fourth; Zebulon B. Weaver, Tenth, and R. L. Doughton, of the Eighth.  
5,000 Put to Work  
Governor Gardner and Chairman Jeffress believe that 5,000 North Carolinians will be put to work on roads during the next 11 months as a result of this legislation. Besides the \$5,700,000 to be spent on roads, half of which is regular Federal aid money and the other half emergency Federal aid, \$1,000,000 will be available for the Smoky Mountain park and forest highways, the Governor said, all to be spent before July 1, 1933.  
"The provisions in the bill relating to roads were drawn by Congressman Warren in February after a conference with Mr. Jeffress," the Governor said. "Congressman Pou, chairman of the Rules Committee, secured at special rule to get the bill through Congress. Congressman Doughton, of the Ways and Means Committee, helped greatly in shaping the bill for passage in the committee."  
Roads and Parks.  
"Congressman Weaver secured the inclusion of the Smoky Mountain park provision. In the Senate Mr. Bailey, member of the Committee on Roads, was a leader in keeping the relief bill on the passage and fought for the inclusion of the Warren measure in the relief bill as passed.  
"I do not hesitate to say that the provision for roads and parks would not have been included in the relief bills except for the aggressive leadership of these gentlemen and the active backing of the entire North Carolina delegation."

## Wants Workers To Forego Month's Pay

New York, July 25.—Mayor James J. Walker wants the city's 147,000 employees to forego voluntarily a month's pay next year to save the city \$26,000,000.

A companion of the dead boy, said Stephens, escaped. After reporting the shooting to headquarters the policeman was told to return to his beat.

## Revival Comes To Close At Prospect

Eighteen Additions To Church Under Revival Conducted By Rev. Zeno Wall.  
A revival meeting conducted by Dr. Zeno Wall at New Prospect Baptist church came to a close Friday with eighteen additions. Dixon, father of the famous Dixon boys, Clarence, Tom, and Frank served this church as pastor for a half century and is buried in the cemetery here.  
The attendance upon the meeting grew after the first few nights and a great spiritual revival was experienced. It is understood the congregation is giving consideration to planting an acre for charity, adding new pews and floor coverings to the church and providing Sunday school rooms.

## Allen Speaks Before Rutherford Club

Rutherfordton, July 25.—A. T. Allen, of Raleigh, State superintendent of education, addressed the Rutherford County club Friday afternoon at the Shiloh consolidated school seven miles south of here. He was introduced by Clyde A. Erwin, president of the State Education association, and superintendent of the Rutherford schools.  
Mr. Allen discussed human values and political freedom. He attributed the growth of political freedom in this country to the public school system and stated that we have undertaken to do more with our public school than any civilized nation on earth. One person in every 150 in Germany is in high school while one in every 24 in North Carolina is a high school student.  
He stated that the United States has six per cent of the world's population and half of its high school students. He closed by asking, "What will the people of North Carolina do about the public schools?" He answered by stating they would "carry on."  
The club voted to sponsor a farm tour to the Swannanoa Test farm and Biltmore Dairies on August 18.

## Senator Ham Lewis Is Left \$10,000.00

Fair Retort.  
A pretty girl, wearing the latest in bathing suits, was sitting on the beach when a young man approached her and took off his hat, remarking that it was a fine day.  
"How dare you speak to me!" said the girl indignantly. "I don't know you from Adam."  
"Well," returned the young man, unconcernedly. "I'd scarcely know you from Eve."

## President To Speak On Liquor Problem

Washington July 23.—In less than three weeks—on August 11 to be exact—President Hoover will make his keynote speech for re-election, letting the country know what he thinks about prohibition and other things.  
Two Pastors Talk of Vacation  
One pastor said to his friend: "I just must have a few weeks' rest or I will break down. In fact my nerves are all on edge now and the hot weather makes me more irritable."  
"My brother," replied the other pastor, "I have been preaching forty years and have never taken a week off. Really, I feel as well and strong as when I began. I see no signs of breaking down."  
The nervous brother, who like his fellow pastor had been reared on the farm, offered this reply: "Who ever heard of an empty wagon breaking down?"  
Time For Prayer.  
A preacher at the close of one of his sermons said: "Let all in the house who are paying their debts stand up." Instantly every man, woman, child, with one exception, rose to their feet.  
The preacher seated them and said: "Now every man not paying his debts stand up." The exception noted, a care-worn hungry looking individual clothed in last summer's suit, slowly assumed a perpendicular position.  
"How is it, my friend," asked the minister, "that you are the only man not to meet his obligation?"  
"I run a newspaper," he meekly answered, "and the brethren who stood up are my subscribers, and—"  
"Let us pray," exclaimed the minister.

## Maurice Chevalier Suing For Divorce

Paris—Maurice Chevalier, who came back from Hollywood less than a month ago, filed suit for divorce last week from Yvonne Vallee who used to be his partner in the music halls before he won fame in the movies.  
Their friends said they were surprised, for the Chevaliers always seemed to be such a happy couple. They recalled, however, that Madame Chevalier did not go with her husband on his last trip to the United States.  
Chevalier charged desertion. With two attorneys he appeared at the palace of justice to file the petition himself.  
It was learned later that his wife had retained counsel and the boulevard expected a lively contest.
