SHELBY VOTING NOW ON NEW PRESIDENT

Who are you going to support for president? For the last week Shelby and Cleveland county people have been receiving postal cards from the Hearst newspapers asking them to cast a straw vote ballot on the Hoover-Roosevelt presidential contest. Judging from what we have heard about 95 of every 100 cards being mailed back through the Shelby post office express a preference for Roosevelt. But how is the vote going over the state and nation? A recent tabulation, one made in the middle of this week, shows that in the nation as a whole so far Roosevelt has received 47,806 votes to Hoover's 28,177.

In the electoral vote count—the one that really elects—Roosevelt has 455 votes to Hoover's 76. The only States carried by Hoover in the electoral college vote are Connecticut, Kansas, Maine, Massachusetts, New Hampshire, Ohio (by a skin-of-the-teeth margin), Rhode Island and Vermont.

In North Carolina the vote was 1,793 for Roosevelt and 374 for Hoover. Two hundred and ninety-one North Carolina men voted for Hoover and 83 women; 1,374 North Carolina men voted for Roosevelt and 419 women.

Over the nation as a whole 15,008 women voted for Roosevelt while 10,352 voted for Hoover. Showing, mayhaps, that the women think Mrs. Roosevelt possesses the proper graces and dignity to occupy the White House.

Now that you know all that, go ahead and mail in your card—if you haven't already.

SHELBY SHORTS:

Slang collectors may be interested in knowing that when you order a chicken croquet in a truly modern cafe the waiter sings out "Powl Ball" . . . Edgar M. Howerton, we learn by the Atlanta Journal, is now one of the baritone singers over Atlanta's WSB. Howerton once taught music in Shelby and lived here while his brother, R. T. Howerton, was an official in the city schools. . . . Dick Dudley is planning to return to Texas and resume his study of aviation. He has to make only seven more hours in the air to get his license as a transport pilot. . . . As some boys and girls look at it, the Shelby schools open on an auspicious day—Sept. 5th, Labor Day. . . . O'Henry socks, made at the Winner Hosiery mill, Boiling Springs, are now being sold in Shelby at the price of \$1 for a half dozen. Has anyone ever caught a perfect bridge hand in Shelby? . . . And when will the next surprise marriage be announced? . . . The Shelby football season may be opened with a game between Newton and Shelby. That would bring back Dick Gurley, former Shelby coach now at Newton, and should draw a good crowd. . . . Reports have it that Zeno Wall may be switched to halfback at Wake Forest this year with Buck Holton, of Winston-Salem, (brother of Mrs. Oliver Anthony), at quarter. Wake Forest is counting as much on Doc Moore, former Shelby and Boiling Springs star, as upon anyone else. . . . A couple fellows over at the court house are threatening to wager a couple of bales of cotton on the fall election. One thinks the slight rise in cotton and stock prices may save Hoover. The other says "Nothing can save that guy" . . . The girls who do the cashiering at local theatres can tell you the regulars, those who take in the flickers every day. And, also, those who have regular evenings two and three times per week. . . . Nearby Shelby a farmer, hearing about the climbing cotton price, decided to do some spending, but when he ripped open the bed-tick bank he found that some other had beat him there. The moral is plain. . . . A new social club for young men of the city is reported to be adroit at tossing black balls. . . . The favorite big-city paper in Shelby is the New York Times. The Atlanta Journal is second and the Baltimore Evening Sun is now climbing to third place. Charlotte papers please note: we said big-city sheets. . . . Tip from a reader: "More dates are made on the court square in Shelby than over the telephone." Sam Gault oughta do something about that. . . . Wonder how many people will live to see the Eastern Star in the sky again? And how many will ever again tell the time of day by the clock atop the court house?

YOU CAN'T DOWN A GUY LIKE THIS

In Shelby there is a young business man who had his salary cut, as did most everyone else. He is married and has children, and he is ambitious, so he didn't fold up and whine. All he did was buy him a few cows. Now he gets up long before the break of day, milks the cows, does his bottling, delivers his milk, and is uptown on the job by 7 o'clock. After the day's work he goes home and goes through with it again. His wife does her part with the butter and cream end of the business. Seeing him during the day, you'd hardly realize, he's so cheerful and bubbling over with enthusiasm, that he does 15 full hours work per day or better. We'll not tell his name, but some day when he

succeeds, as he should, we may remind you of this story.

DR. TOM AND A FISHERMAN'S LUCK

Dr. Tom Gold is one of Shelby's most enthusiastic fishermen. Any time, almost, that he can get the time off, he'll go with you fishing most anywhere. He knows the sport and usually brings in a good catch. He was in that party at Bridgewater a week or two ago, which caught several hundred cats. Coming home he has, as husbands will do, been telling his wife about his luck. Occasionally she has been a bit skeptical. So this week he took her along on a trip to Bridgewater, and he had typical fisherman's luck—he caught only four fish just out of the minnow stage. Anyway, that's the report. Incidentally, Bert Houser took his "missus" along on the same trip. It was the first time she ever handled a rod and reel, but she pulled in 40 or so cats, perch, etc.

CITY FOLKS LOST ON COUNTRY ROAD

It's an old story about how country boys and girls get all tangled up and lost when they go to the city, but it's new, and refreshing, to hear the story reversed.

Recently a Cleveland county girl who had gone to the city and made good came back on a visit with her husband, also a city dweller. Incidentally, the trip was somewhat of an extended honeymoon. While in the county the native daughter decided to take her metropolitan husband on a tour of the mountains. The tour went by way of Blowing Rock, Linville Falls, Asheville and to Chimney Rock. The stop at the latter place was after nightfall. After leaving there the young lady was of the opinion that she could save miles and time by taking a shortcut road to the home of her father in the county. Somewhere between Forest City and Shelby she turned off highway 20 into a side-road. She drove and she drove, looking for landmarks familiar in by-gone years, but found none. Stops were made at farm houses where the family had already retired, and the snoring and barking dogs, protesting the intrusion of nocturnal visitors, were almost as terrifying to the city folks as the roar of the elevated and traffic of New York is to a countryman. Eventually, after driving for three hours or more, she gave up that she was both lost and exhausted. She pulled the car to the side of the road and both fell asleep. Early the following morning a farmer came by, awoke them and informed them they were just three miles from Shelby.

Such was the actual experience of two residents of the city, accustomed to finding their way along endless streets in the world's biggest. The names are not given for several reasons, the main one being that newspaper folks are reluctant about telling on each other.

Ellenboro Farmers Visit Test Farm

Hear Mr. Mull And Bring Back Many New Ideas On Better Farming.

(Special to The Star.)

Ellenboro, Aug. 23.—Nearly fifty Ellenboro vocational agricultural students with twenty farmers from the same section was included in the Rutherford county motorcade last Thursday to the Swannanoa agricultural experiment station and the Vanderbilt estate at Billmore. The tour was sponsored by the Rutherford County club. Kiwanis clubs of the county along with the agricultural agents. At the test farm where several

thousand farmers gathered for the event the group heard many instructive talks on farming and viewed many valuable demonstrations. The principal address of the day made by O. M. Mull of Shelby was especially enjoyed. From the test farm the group went to Asheville and on to the Vanderbilt estate at Billmore. This estate comprises an area of 13,000 acres of land, and a wonderful mansion. Here the farmers saw hundreds of dairy cows along with a dairy manufacturing plant that can not be beaten in the south. The trip was made at a very low cost, and was enjoyed by each who made the trip. Many new ideas were brought back by the farmers, and it is believed that they will put many of them to practice on their own farms.

STEPPED UP 70% You pay nothing extra for this 70% increase in anti-knock . . . the result of \$18,000,000 in refinery improvements Here are the facts. We have just spent \$18,000,000 to give you—at no extra cost—a new Sinclair Regular Gasoline with 70% higher anti-knock. The new Sinclair Regular is actually superior in anti-knock today to some premium gasolines selling at several cents more per gallon. But not in anti-knock alone has this new high-test motor fuel been improved. For split-second acceleration in traffic, and power on hills, you'll find the new Sinclair Regular meeting your every demand! Use this amazing gasoline for 30 days and see how much better your car performs—how much easier it is to handle. NOTE: For best results use either SINCLAIR OPALINE MOTOR OIL or SINCLAIR PENNSYLVANIA MOTOR OIL. Both have been de-waxed and also freed from petroleum jelly at as low as 60° F. below zero.
