

FAIR WEEK BARGAINS

Next week is the "red letter" week of the year for Cleveland county people. It is the week in which thousands come to Shelby for the South's largest county fair.

Due to dry weather farmers in Avery county are having to use feed stored for winter use.

In the chivalrous Old South, a gentleman is always expected to offer his seat to a lady...

Nobody's Business

Bad News From Flat Rock

A man was found dead on the south end of flat rock last week and he is unknown. He was advertised in the paper, but nobody claimed his corpse.

A big inquest was held over his remains and the evidence looked like he was knocked in the head with a blunt instrument and robbed but the jury said he was not robbed as his money was still intact in his pocket when the diseased was picked up.

The kurriner sent the jury back for a better verdict and they then decided that he was struck betwixt the pavement and the railroad by a fast moving object, and come to his death by being killed with an ottermoebel or some other swift moving vehicle unknown to the jury.

He was 6 feet long and had a small beard and a few whiskers, color, black, and 2 eyes, color blue, and some hair, color gray.

He had a mark on his inside coat pocket and the jury kinder thinks his name was Mr. Shaffer mark, but no address was on same.

Our poleman says he has 2 fine clues for the culprit who killed him. He won't tell what it is, but the mayor thinks it is the tracks of a car that was running on 2 rims and also a pair of specs.

It was a sad case: getting killed away from home, and a nice funeral was given him by reboher church and a collection was took up to pay for a bunch of flowers which was sent by the town council which met in executive session after he was found dead near the city.

Washington, D. C., The Politician's Paradise

It was my pleasure, if pleasure it might be called, to spend 10 hours and 4 dollars in Washington one day last week. I was surprised to find that the gold-leaf on the Capitol dome was still intact, and none of the tombstones had been removed from any of the public buildings, meaning the marble buildings, of course.

I noticed that Mr. Hoover was having the White House re-painted. Mr. Roosevelt ought to appreciate his thoughtfulness, I couldn't understand it, but it was being painted white: after the prosperity wave that has been waving for 2 years, I think it might have been better if the color had been changed to blue.

I understand now why we have a deficit of about \$2,500,000,000.00, not counting the many concealed obligations. The subway and the garages for the congressmen and senators had a little something to do with our troubles.

The boys are razing about 100 good buildings so's they can have plenty room to erect about 100 more buildings that they don't need. If they would cut out 50 per cent of the red tape used in matters of government, 65 percent of the federal employees could be sent home and put to work. It takes 3 different men to lick a postage stamp up there, and the services of 3 stenographers, and 2 clerks are required to help a boss to sneeze.

A man told me that they were going to build a 10-million-dollar inter-state commerce building—as if there was any more commerce of any kind left. All the I. C. C. has done so far has been to hold up freight rates and passenger fares so's the trucks and buses would get all the business.

The building for the Forked Tail Tadpole commission will cost in the neighborhood of 3 million dollars.

The building to house the Bureau for the Relief of Blind June Bugs will relieve the taxpayers of only about \$750,000.00. The structure that will be occupied by the Commission on Food and Drink for the Colorado chipmunks will be erected at less (possibly) than \$3,456,666.77.

Your Message Came Too Late

We heard you tell us, Herbie, Of a chicken in each pot, A car in every household, A garage on ever lot.

A radio in each parlor, A smile on every face, No poverty or paupers, A contented, happy race.

All factories to be running, Every spindle on the hum, The furnaces all glowing, No workers on the bum.

The farmer well protected, And the logger doing fine, Our sailors on all oceans, And full crews in every mine.

No bleary red-nosed drunkards, No maids of ill-repute, To cause our youths to stumble, Their morals to confute.

The veteran, God bless him, Who was once his country's pride, You stand so proudly sheltered, And stand firmly by his side.

The banker, poor dear fellow, Was omitted in your speech, I suppose because the people Thought him far beyond their reach.

You told us this, dear Herbie, Just four short years ago, And now your latest message Just sets our hearts aglow.

The chickens have no feathers, And the car will never go, The license is not paid for, Our income is so low.

Our radio now is silent, No cash to pay our bills, All industry is stagnant, You've failed to cure our ills.

Our farmers nearly bankrupt, Our loggers in the dumps, The miners and the sailors, Have had so many bumps.

The drinking now is greater, But the stuff so vile and hot, Has ruined many virgins, And never saved a sot.

The veterans, still faithful, You've treated very rough, We'll meet you in November, With ballots plenty tough.

The bankers all grew richer, On money bonds we bought, We took the hook you baited, Like suckers all got caught.

At voting time next Autumn, We broken pawns of fate, Will show you, pompous Herbie, That your message came too late.

—Seneca Fouts.

Attorney Holding Two Lincoln Jobs

Effort Is Being Made To Oust Roper Who Is Recorder And City Attorney.

Lincolnton, Sept. 22.—An action that has excited quite a bit of local interest was filed with Clerk of Court J. L. Hunter Friday by Dr. W. C. Kiser, leading physician and Democrat in the western part of the county seeking to oust S. M. Roper from the office of judge of recorder's court basing the plea on the ground that Roper cannot hold the office of recorder and that of city attorney, which he also holds, at one and the same time.

Kiser has employed Lawrence E. Rudisill, local barrister and former Democratic chairman of the election board, to handle the case, which will likely come up for settlement at the October term of Lincoln superior court.

All parties concerned are prominent in Democratic circles, Roper being the present judge of recorder's court by the grace of that party, and is now the Democratic nominee for the same office in the coming November election.

The outcome is awaited with interest.

The Legionnaires have demanded beer and the bonus. Wonder what would happen if both were granted at the same time?

Even a lot of burglars are unemployed these days. No incentive.

Brooding Hangman Takes Own Life

Worried Seven Years Because He Sent More To Death Than Any Other.

London.—The world's most widely known hangman was dead here this week by his own hand a victim of years of brooding over having sent more murderers to death than any other living man.

He is John Ellis, who during 22 years as public hangman executed more than 200 criminals. His nerves began to fail him in 1924, when he resigned. He was found dead, his throat slashed and a razor by his side.

January 2, 1922, he put to death the notorious Mrs. Edna Thompson, who with young Frederick Bywaters was condemned to death for the murder of the woman's husband.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one-half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Cleveland Drug store or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

Class To Study Star In Calif.

School of Journalism Is Making A Study of Cleveland Star in Southern California.

The Cleveland Star is among 200 newspapers in 38 states selected by Prof. Roy L. French, chairman of journalism at the University of Southern California, for special study by students enrolled in journalism classes at U. S. C. this fall.

News story form, types of territory served, general mechanical makeup, community projects sponsored, and advertising are among the points to be analyzed by Trojan upperclassmen registered in a course in "Community Newspapers" under the direction of Prof. French.

With 14 courses in journalistic subjects and four in advertising included in the U. S. C. curriculum, in addition to courses in general college subjects such as economics, psychology, sociology, languages, literature, history, and sciences, approximately 250 students at Troy are taking university work in this field.

Each spring as field work senior journalism students visit town adjacent to Los Angeles where they publish a complete issue of that community's newspaper. Another extra curricular project consists of an annual program sponsored on "Newspaper Day" which brings to their university, junior college, and high school journalists and Southern California newspaper editors and publishers in conference and round table discussions.

A yearly scholarship contest is held by U. S. C. and two four-year tuition scholarships are awarded on a competitive basis to one boy and one girl who are June graduates of Southern California secondary schools who have newspaper work as an ultimate goal.

A Tribute to North Carolina

Bruce Barton, author of "The Man Nobody Knows," has written this tribute to North Carolina for the "Parade of the States" Monday night programs of the General Motors Corporation, part of an educational plan to make the country as a whole better acquainted with the individual states—their history, scenic beauty, industries and people.

To North Carolina, the 13th North State, the Tar Heel State, the state whose greatness has been achieved by her own native sons and daughters, with little aid from without... to North Carolina, General Motors pays its tribute.

One of the thirteen original states, she has played in many fields the heroic role of the pioneer. On her soil was planted the first English colony in what is now the United States, and the first Anglo-Saxon child in the New World was born. Virginia Dare was the child, and her name lingers on in our memories, though her fate is forever veiled in the mystery of the Lost Colony of Roanoke Island.

In North Carolina, on the wind-swept sand hills of Kitty Hawk, the Wright Brothers flew the first airplane. The Old North State gave the nation Presidents Polk and Johnson, and from the same sturdy pioneer stock sprang Andrew Jackson. Her rugged mountains bred ruggedness in the character of Daniel Boone.

Dreamily beautiful they are... the Blue Ridge and the Great Smokies, "The Land of the Sky,"... covered with virgin forests, cut through with roaming rivers, peopled by hardy mountain folk who still preserve in their speech and customs the traditions of Elizabethan England.

From Mount Mitchell, the highest peak east of the Mississippi, an empire of fertile valleys and plains slopes down to the Atlantic, an empire boasting climate of splendid variety and an almost bewildering wealth of products.

Down from the mountains come the rivers and streams to be transformed into the magic of electric energy, and so to drive the wheels of hundreds of textile mills and the vast tobacco factories of Durham, Winston-Salem, and Reidsville.

Up to the mountains and to the pine forests go tourists from all over our land, to find health and refreshment and delight at Asheville and Pinnacle and many another beauty spot.

You, too, must go. You must ride along the famous modern roads of North Carolina, penetrating every corner of the state. You must visit Raleigh, the charming old capital. You must see Greensboro, where Dolly Madison and O. Henry were born; and Guilford Court House; the State University at Chapel Hill, and Duke University at Durham, so magnificently endowed by the generosity of one of the state's devoted sons; and the great bays along the coast where fishermen and hunters find the sportsman's dream of happiness fulfilled.

On North Carolina's behalf General Motors extends this invitation to the people of America, knowing that a gracious friendliness has ever been the portion of those who come within her borders. Step into your car and go. Go and linger. Nowhere is the past more instructive or the present more inspiring than in the Old North State.

Auction Hammer Is Over Old Homestead

Beatrice, Neb.—The auctioneer's hammer hangs poised over the historic Daniel Freeman farm—first homestead in the United States.

To save at least 40 acres of the farm for use as a national park, the Nebraska Daughters of the American Revolution are pushing forward with plans to conduct a campaign for pennies in schools of the state.

They estimate that \$3,500 will be sufficient to buy the 40 acres and state permission for the penny campaign has been asked. It is now scheduled for public sale on October 1 for back taxes.

Daniel Freeman, a Union Civil war veteran, obtained deed to the homestead January 1, 1863, while he was here on furlough. In 1865 he and his family settled on the tract.

There's one office that always seeks the man... it is the tax collector's office.

They say an education pays, but this is the season of the year when the graduations of last spring are a dead loss to the football coach.

Cost 85 Cents To Put Rheumatic Cripple Back To Work Again

Now Joyously Happy

While all his family looked on in astonishment and all his friends were amazed, one man took the pain, swelling and agony from his twisted joints in 48 hours and did it with that famous rheumatic prescription known to pharmacists as Allenru—you may do the same.

This powerful yet safe remedy is wonderful—its action is almost magical. Excess uric acid—poison—the cause of most rheumatic agony—starts to leave your body in 24 hours.

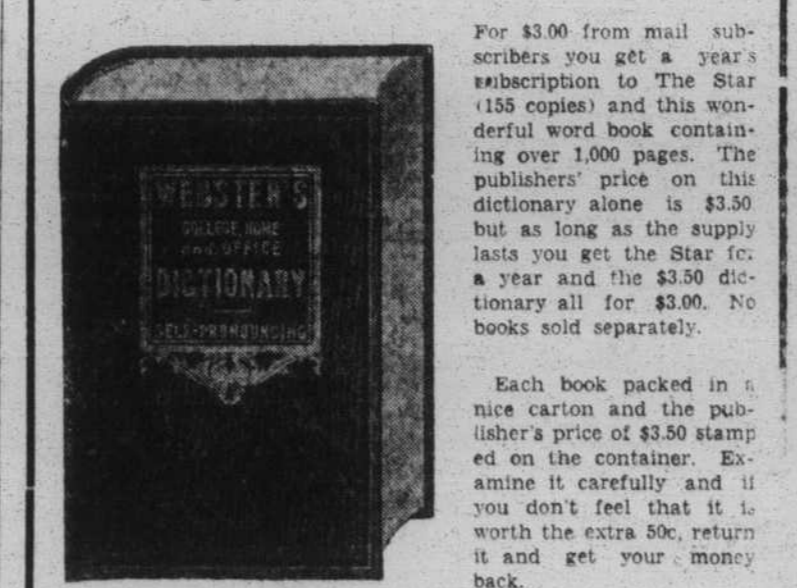

Just get one 85 cent bottle of Allenru from Cleveland Drug Co., or any live druggist—take it as directed and if in 48 hours your pains haven't left you get your money back.

It works just as swiftly with Neuritis, Sciatica, Lumbago and Neuralgia. adv.

Black-Draught Clears Up Sluggish Feeling

"I have used Theodor's Black-Draught for constipation for a long time," writes Mrs. Frank Champion of Wynne, Ark.

"If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will clear the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.
