

Around Our TOWN OR Shelby SIDELIGHTS

By RENN DRUM.

THIS AND THAT OF TODAY'S MAIL

The correspondents and contributors will occupy the next several inches of space.

Your 'Around Town' of the 19th makes mention of the man who is seeking information about his mother, an orphan girl 'bound out' three years ago.

Older Shelby people may recall the incident referred to. If they do, they should communicate with Mr. Carpenter or this column.

I read an article in your column sent in by an A. S. T. C. student. Maybe I can add a little.

The school's water supply is so low that the students did not have water for Sunday dinner.

It looked like war had been declared in Boone Saturday night. Everybody and his brother had a gun of some make.

Another letter comes in anent the proposed Shelby-Polkville road. It says things, some of them very interesting and some, no doubt, very true.

In another communication we are informed: "I went to see Blessed Event on your boost, and permit me to say that hereafter I'll pick my own pictures."

The other mail includes invites to the Legion picnic, a boxing match, a football game, and also a few bills and reminders.

ELBY SHORTS: Several Shelby people will, we are informed, vote for Norman Thomas, Socialist candidate for president, this fall.

Another newspaper columnist story, on the screen at the Carolina Monday night, Salem Suber, who works with his dad in the Carolina cafe.

Now closely they read The Star! A dozen people, after seeing Burton Mitchell's photo in Wednesday's Star, have pointed out the error in the caption.

A couple of weddings are in the offing, one in October and the other in November.

One of the most consistent boozers in this section was converted at a recent revival in the county and is now a teetotaler.

The race horses are "tuning up" this week out to the four grounds. And already you can smell the hamburger stands.

It's a wild age, we admit, but in Shelby are at least two young married men who never touched a drop of liquor.

Mention of rye-bread-Swiss cheese sandwiches in this space recently has increased sales.

Who remembers the year the city water tank was erected? Already some of the college boys are writing home to say that their money ran short.

A young man and a young woman (and she's what the boys call a swell looker) have been passing each other on the court square and flirting almost every day for two or three months.

Who remembers the year the city water tank was erected? Already some of the college boys are writing home to say that their money ran short.

Some of these days we hope to get up enough nerve to go out and introduce them, except we don't know the young lady's name.

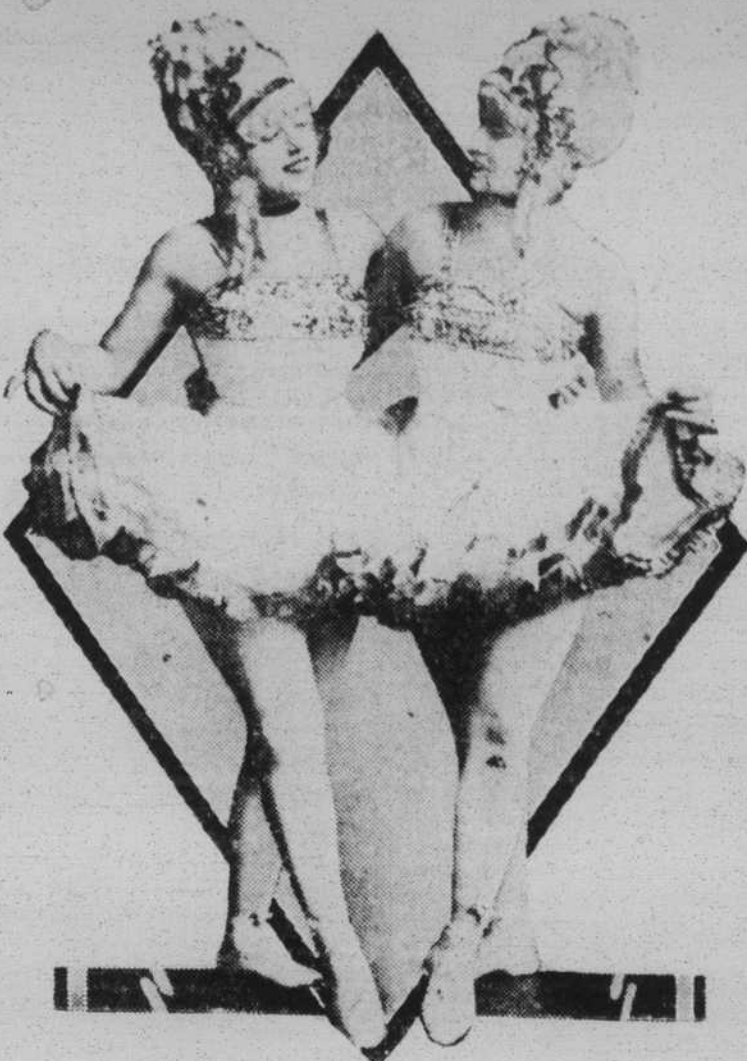

HEARING SUNDAY SCHOOL RECORDS

Tom Lee, who operates the county school garage, has been attending the Heey Bible class at Central Methodist church for almost eight years without a miss.

"Uncle Frank" Gaffney has an attendance record unusual for his years. In eight years he has missed only three times at the same class, and he always occupies the same seat, right down in front.

Since the Sunday school attendance record matter has been opened, let's have some more, from the county as well as the city.

These Girls Will Thrill You At At The Cleveland Fair Next Week

Folks, meet Nellie and Peggy Dutton. They are two of the attractive girls in the Dutton circus who will entertain you in the free acts at the Big Cleveland County Fair, which opens near Shelby Tuesday.

National Grange Bulwinkle Gets Praise From Non Partisan Source

Hoover And Roosevelt Invited To Attend, Farmers Here, Expect To Be There.

Winston-Salem.—Invitations have been extended by the National Grange to both Nominee Franklin D. Roosevelt and President Herbert Hoover to attend the 66th annual meeting here November 16 to 25.

Nominee Roosevelt himself is a member of the Grange and it is understood that should he attend the Winston-Salem meeting he will take the Seventh Degree of the Odd-Fellow. President Hoover has kept in close touch with the work of the Grange and is thoroughly familiar and sympathetic towards its objectives.

The local program committee announced that there will be many unique features of an entertainment nature. The Grange members, as well as citizens of North Carolina, Virginia and South Carolina, will join hands in making this the most enjoyable convention of any yet held.

The high spot on the entertainment program will be a big barbecue at which it is expected thousands will attend. Through the generosity of several of Winston-Salem's leading citizens who have livestock show farms near the city this barbecue is being tendered to not only Grange delegates but visiting Granges as well.

Many of the Granges of the three states are vying with one another to extend various types of hospitality to the visitors. The South Carolina Grange will stage a Cotton style show. Expert costumers from New York have been engaged and a large number of men and women will demonstrate the use and utility of cotton.

Pecans will be furnished for the desk of each delegate during the entire ten days of the convention, and there will be apples from Virginia and North Carolina; grapes and chestnuts of the choicest varieties will be found waiting the delegates and Forsyth county Granges have been cultivating special flowers native to this section for the embellishment of the desks and rooms of the delegates.

Outstanding men of Virginia, North Carolina and South Carolina will come to the Winston-Salem convention and every plan is shaping up under the auspices of the local committee and National Grange officers to make this the 66th annual gathering an epoch in Grange history.

Shot At Squirrel In Man's Pocket; Hit Hip

Cleveland, O., Sept. 22.—Shooting his first squirrel yesterday, B. Reynolds put it in his back pocket. He stood behind a tree waiting for another squirrel. A hunter saw the protruding tail of the dead squirrel didn't see Reynolds, and fired. Reynolds was seriously wounded in the hip.

Questions and Answers

(Our readers can get an answer to The Cleveland Star, Washington Bureau, 1322 New York Avenue, N. W., Washington, D. C. Write your name and address on one side of the paper, state your question clearly and enclose 3 cent stamps for reply postage. Do not write legal, medical or religious questions.)

Q. What is a "Prayer Wheel?" A. A mechanical device used by the Buddhists of Tibet and Central Asia as an aid to prayer. It is generally a pasteboard cylinder, wrapped in long paper bands, inscribed with repetitions of the prayer, "Om mani padme hum" which may be translated "Oh the jewel of the lotus" referring to the incarnation of Buddha in a lotus flower.

S. postage stamps, to cover return postage and handling costs: Name _____ St. & No. _____ City _____ State _____ I am a reader of THE CLEVELAND STAR.

Roosevelt's Views On Bonus Will Be Given In October

Portland, Ore., Sept. 23.—The Associated Press has been reliably informed Gov. Franklin D. Roosevelt will comment upon the soldier bonus payment some time during the first half of October, perhaps in his second campaign trip to the middle-west and south.

The Democratic presidential candidate again at a press conference, as he has throughout the present campaign journey, refrained from expressing himself of the veterans' demands for immediate payment of adjusted compensation certificates.

The Associated Press has been informed his advisors are preparing information on the bonus and the complete financial condition of the government and business in general.

While plans for the second Roosevelt trip still are indefinite, it is considered likely he will leave Albany between October 8 and 12 going first to Indianapolis. Afterwards he probably will visit St. Louis, Louisville, Knoxville, Atlanta, Warm Springs, Ga., Raleigh, N. C., and either Philadelphia or Pittsburgh.

Green River Baptist Association To Meet

Rutherfordton, Sept. 22.—Dr. Frank Poole, member of the faculty of Furman university, Greenville, S. C., will deliver an address on Christian education at the night session of the 92nd annual convention of the Green River Baptist association at Columbus, September 29. The committee feels fortunate in securing Dr. Poole. Dr. Dumont Clarke, of the Lord's acre department of the Farmers' Federation, Asheville, will address the association Friday morning, September 30 on his work.

Government reports indicate upturns in the price of hides. That doesn't hold good at the race tracks, however, where a pretty fair one can be obtained at a bargain.

A sign in national Democratic headquarters reads: "Keep cool, calm and collected." But the collections are not very good.

Indianapolis. Afterwards he probably will visit St. Louis, Louisville, Knoxville, Atlanta, Warm Springs, Ga., Raleigh, N. C., and either Philadelphia or Pittsburgh.

SAVE WITH SIX CYLINDERS

—with more than six you sacrifice economy —with less than six you sacrifice smoothness

If YOU'RE careful about the way you spend your dollars for a low-priced car, you'll be extra-careful about the way you count cylinders. Because if you count more than six, you're not going to get the lowest all-round motoring cost that is saving so many thousands of dollars for Chevrolet owners every day.

And if you count less than six—you won't be any better off from a dollars-and-cents standpoint. Six is the smallest number of cylinders you can have, and still get Chevrolet's built-in smoothness. And built-in smoothness saves you money. It guards against the insidious workings of excessive vibration. It holds repair bills down to rock-bottom. So—if the car is a Chevrolet Six—you'll SAVE!

Best of all: you can save with six cylinders, and not sacrifice one important advancement. You enjoy Free Wheeling, Syncro-Mesh gear-shifting, roomy Fisher bodies. Considering these facts—do you honestly think it's wise—or economical—to keep that old car any longer?

CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN Division of General Motors All prices f. o. b. Flint, Michigan. Special equipment extra. Low delivered prices and easy G. M. A. C. terms.
