

# Is Post Office Here An Item In Political Play?

## Gastonia Has That Idea Of It

New Office Not Needed There. Bulwinkle Says Shelby, Morganton Most Needed.

Has the federal building program, for post offices and post-office additions, developed into a political game?

Around two years ago an allocation of \$85,000 was made for enlarging the Shelby post office. The building program was delayed for several months and then came word from Washington that the treasury deficit had for the time being halted the proposed construction.

In Shelby more working space was needed. The same was true at Morganton and elsewhere. Appeals made to Washington seemed to catch little attention. But the fall campaign drew nearer and nearer. A little over a week ago it was announced from Washington that although the full program could not be carried out, new post offices would be erected and present offices enlarged where absolutely needed.

### Worked For It

Congressman A. L. Bulwinkle, in Shelby a few days after that announcement, stated that he had immediately taken the matter up with Washington officials and informed them that Shelby and Morganton were in real need of larger post offices. Since it has been learned that in a confidential talk with a friend he stated that Gastonia really did not need a new building. Realizing, it is said, that this section would not likely get more than two of the building projects, Congressman Bulwinkle urged, it is understood, that Gastonia could wait a little longer and Shelby and Morganton would work under hardships to do so. But a few days later it was officially announced that the new offices or enlarging would go to Gastonia and Morganton.

### Political Move?

"While the people of Gastonia will take a new post office building if it is given them, the conviction can not be escaped that it is another example of Republican waste and extravagance. There is no need now of a new post office building in Gastonia. The citizens have not asked for it, and the decision to allot or appropriate \$210,000 for a new federal building here has all the earmarks of a political move."

Since that time Chas. A. Jonas, Bulwinkle's Republican rival, has been to Washington and took occasion while there to wire to Shelby that the appropriation for the Shelby office may be available soon. Such procedure has caused numerous people in this section to wonder, as do Gastonia people, if politics is not being played.

# Thinks Southern Farmers Ought To Get Similar Help

## Smith Of South Carolina Charges Discrimination In Allowing Moratorium For Others.

Washington, Sept. 30.—Participation by Southern cotton and tobacco growers in the 75 per cent suspension of 1932 crop loan payments accorded wheat farmers yesterday was demanded of the administration.

It was sought by Senator Smith, Democrat, South Carolina, who charged "glaring sectional and partisan discrimination" after the White House yesterday had announced that Northwestern grain producers would have to repay only 25 per cent of their production loans due in November.

"I shall insist," the veteran Democratic Senator said, "that the cotton and tobacco growers, who are due the government on crop loans, shall be given the same treatment that is now given the wheat grower, and if it is not given, public opinion, based on equity and justice, will uphold them in refusing to pay any more and under different terms than that granted the wheat growers."

### Says Conditions Distressing

Smith, ranking Democrat on the Senate agriculture committee, said in his statement after the White House announcement that the cotton and tobacco growers were in just as distressing conditions as wheat farmers. He added: "Unfortunately these two products are grown almost exclusively in the South and the South is almost exclusively Democratic. Even if it were not the intent of the administration in making this order to so discriminate, it lays itself liable to justifiable criticism."

The administration had announced that "present low prices make it practically impossible for wheat farmers to repay their crop production loans without incurring grave risk of need during the winter."

In the cotton and tobacco areas, however, the agriculture department said, prices higher than last year's should enable borrowers to meet their payments, though from these sections also applications for extensions have been received.

The government advanced approximately \$64,000,000 in seed loans this year, of which \$23,000,000 falls within the suspension order. The remainder is distributed largely in cotton and tobacco regions.

# Tammany To Back Roosevelt After Walker Troubles

## New York Group Decides To Support Democrat Despite Walker Affair.

New York.—Despite a tangled political situation, Tammany Hall and its allies were said Saturday by a leader high in organization politics to have agreed to support Franklin D. Roosevelt for president, Herbert H. Lehman for governor and James J. Walker for mayor.

The statement was made after the Democratic city organization had denied renominations to two of Roosevelt's appointees to the supreme court, and in the place of one of them nominated a Republican.

Lehman is Roosevelt's own choice for the gubernatorial nomination at next week's Democratic state convention. Walker, when he resigned at the height of ouster proceedings before Governor Roosevelt, said he was leaving his case "in the hands of the voters."

### Farley Claims 725,000 Majority

Since then the appellate division of the supreme court has ruled that a majority election must be held Nov. 8, and a city wide Democratic convention has been called for next Thursday, the day Walker expects to return from a European cruise.

### the party's state committee, declared:

"Nothing has happened to change my opinion that Governor Roosevelt will carry New York state by more than 725,000.

Other leaders at national headquarters said they were convinced Tammany would go through with its Roosevelt-Lehman-Walker program.

### The Sun said:

"Curry (John F. Curry, Tammany chief) is now convinced that Roosevelt is going to be elected and is skillfully grabbing the opportunity to ride into office in New York on the wave."

### Situation Badly Tangled

The Post reported learning authoritatively that Walker would be the Tammany candidate for mayor, but added:

"The open fight between Governor Roosevelt and Tammany gives Republicans a better chance to carry New York state."

The World-Telegram said Joseph V. McKee, who succeeded Walker as mayor "is ready to run as an independent" candidate for mayor in the event his predecessor is named by the organization.

McKee is a non-Tammany Democrat from Bronx county, where Edward J. Flynn, Roosevelt's secretary of state, is leader.

Flynn, who has been with Roosevelt on his western tour, was quoted as saying on his way back to New York that his county had been denied its right of one of the judicial nominations.

Justice Samuel I. Rosenman, one of the Roosevelt appointees denied nomination by Tammany, was from Flynn's section of the city.

### The Sun said:

"The repudiation of Flynn Roosevelt's personal representative in the city democracy, is Tammany's ultimatum to Mayor McKee and his kind of economy and reform, which has created somewhat of a panic in the army of city officeholders and startled New York into a realization of what can be done in the city hall."

# Communists Fight For Place On North Carolina Ballot

William Z. Foster, Communist candidate for President (at left) and James W. Ford (negro) Vice-Presidential candidate, are fighting for a place on the North Carolina ticket in the November elections.

Determined efforts are being made by a communist group in this state to have the names of its presidential electors printed on the official North Carolina ballot to be used in the general election of November 8th.

The first legal skirmish was lost by the communists on September 16 in Raleigh, when Judge N. A. Sinclair denied a plea for a writ of mandamus to force the state board of elections to place the names of the communist electors on the ticket.

The state board of elections has taken the position that names of electors other than those of the democratic and republican parties will not be printed on the ballot unless lists of candidates of other political parties are accompanied by declarations signed by 10,000 voters of the state certifying that the reputed parties are such.

It is understood that the communist organization intends to carry the fight to the supreme court and J. Frank Flowers, Charlotte lawyer, attorney for A. W. Keller and others of Charlotte, said to be candidates on the communist ticket

are awaiting instructions for the group to take the case before that body.

The communist national ticket is headed by William Z. Foster, of New York city, secretary of the Unity league, candidate for president of the United States and James Ford, negro, of Pratt City, Ala., candidate for vice president. Foster was arrested in Kansas for burning the wheat fields to shorten the food supply in order to handicap the American forces in France during the World War. At that time he was a high official of the I. W. W. Ford is said to have been very active in aiding in the defense of the nine negroes arrested at Scottsboro, Ala., and convicted of the rape of two white girls for which they have been sentenced to execution. They are now in Kilby prison at Montgomery, Ala. The American Civil Liberties Union, an organization affiliated with the communist party, it is reported, has raised \$180,000 to fight the death sentence. The creed of the communist party is: "No God, no country, social equality." Jeff Palmer, Charlotte, N. C.
