Mann Says State Will Gain Much By Loans

Markets Improve On Roosevelt's Chances

New York, Oct. 12.—Clark Howell, editor of The Atlanta Constitution and former Democratic national committeeman from Georgia, declared today that "the significant symptoms of returning prosperity arise solely from the fact that public confidence is being restored by the certainty of the election of Franklin D. Roosevelt and the Democratic ticket."

You will know the depression is over when the average man resumes his practice of trying to get out of jury duty.

Gridiron Gossip

Local football interest, centers on two games this afternoon—the Shelby High-Gastonia clash at Gastonia—and one game tomorrow, the Bolling Springs - Presbyterian college game at Maxton.

The boys on the Casey Morris eleven, somewhat riled by State paper reports that Gastonia was to play "a weak Shelby eleven" today, left early this afternoon for Gastonia determined to make somebody change the description.

Although doped to lose to the more experienced Gastonia team, the local outfit was keyed to a high pitch for what is classed as the toughest clash on the schedule.

In addition to the customary interest in the State Fair game between Wake and State this afternoon, there is local color in that at least two local boys, Zeno Wall and Howard Moore, will see action. Daily sportswriters today said the offensive battle of the afternoon would be between Ray Rex, State's crushing 200 pound fullback, and Zeno Wall, the 137-pound quarterback Shelby sent to the Deacon squad. State is favored by an edge, a very small edge.

Oh, Well! "Why," asks a fan, "did you dodge picking winners in the Alabama-Tennessee and Tulane-Vandy games?" Someone would bring that up. Both are dangerous picks and the so-called smart boys are inclined to believe the strong-Tennessee Volunteers will win from "Bama as they did last year. We'll risk a none too good forecasting reputation the other way. Tennessee will have to be better than we believe to outscore John "Hurricane" Cain, that Crimson Tide All-American fullback. But don't take our word, if you're going to risk your potatoes on it. As to Vandy and Tulane: with Tulane's full strength in we would not have hesitated to pick the Green Wave. But Capt. Nolle Felts has been ruled ineligible for the go, and Francis Payne, Zimmerman's running mate, is out with injuries. That should give Vandy the edge, and all the information at hand would move for a conservative pick of Vandy, but we must be shown that Vandy can beat Don Zimmerman, the Flying Dutchman, at making touchdowns by the aerial route or otherwise. Now, we hope you're satisfied.

It's "Punkin" And "Tater" Time Here

696 a year ago to 310,131 the first of this month, trucks increased 6,249, or from 56,519 a year ago to 62,768 a few days ago, director Harris' figures show. These figures are obtained by measuring a given number of the registration cards on file in his office and using that as a basis for the county measurements, making it within a dozen of correct.

One county, Catawba, had the same number of automobiles as a year ago and two counties had the same number of trucks, Jones and Polk. In automobiles, 15 counties had more and 84 counties had fewer than a year ago, while in trucks, 84 had more and only 14 had fewer than a year ago, indicating definite trend toward trucks.

Gulford took the lead October 1 with 22,950 automobiles and 3,273 trucks.
