Accidents Here Brought \$7,374 Compensation

464 County Cases During Year

Ten Residents Permanently Disabled, 158 Temporarily Disabled.

Raleigh, Oct. 31.—Indicative of the Bulwinkle Will Join Trio In Final decreased industrial activity in North Carolina is the great reduction in numbers of industrial accidents and injuries to workers. Some of North Carolina Demo- amount of workmen's compensation cracy's most eloquent campaigners and medical costs paid during the the year before as shown in the biennial report of the N. C. Industrial Workers injured decreased from

last year, despite the greater efforts in times of depression to get compensation for minor injuries and to continue to draw compensation as long as possible. Of the 25 .-886 cases handled last year, up to June 30, 18,512 were medical cases only; that is, the injured worker received medical aid and was back at work in less than a week, receiving no compensation for lost time. Of the remaining injured workers. 60 died and two were permanently and totally disabled; 576 were permanently disabled as to some member, and 6,735 were totally disabled. but for a limited period.

Total costs to the injuries of the 25,886 workers during the year reached \$1,142,502, as compared with costs of \$1,511,806 the year before. Last year the doctors and hospitals received \$431,653.00, as compared with \$532,728 the year before, for medical attention given injured workers or a reduction of \$1,793. In This County.

Cleveland county had 464 cases the past year, of which 296 were medical only and in which no compensation was paid. The remaining cases included no deaths and none permanently disabled; 10 workers who have some partial · disability that is permanent, and 158 who suffered total but temporary disability. Injured workers, or families of those killed, received \$7,374 in workmen's compensation in this

In comparison, figures for this cluding three killed and none per- a few miles from Mooresville. manently disabled; 11 partially dised to \$7.014.

By another comparison, it is seen that the averages for each of the 100 counties of the State are as follows: number of cases (259; fatal Honored At Meeting one; partially but permanently disabled, 5 3-4; totally but temporarily disabled, 67 1-3; medical only, 185 compensation paid, \$7,108.49; medical costs, \$4,316.53.

Mrs. Sarah Delano Roosevelt Awaits Realization Of Dream

FRANKLIN D. ROOSEVELT and MOTHER

Calmly confident that her son will be victorious in the coming Presidential battle of the ballots, Mrs. Sarah Delano Roosevelt, mother of th Democratic candidate, waits in her beautiful home at Hyde Park, N. Y. to see the dream, which has been dreamed by millions of American mothers, realized and her boy installed in the highest post within the gift of this country. Despite her 77 years, Mrs. Roosevelt can hardly be placed in the "old lady" category, for she is still vigorous and her eye still retains the sparkle of youth. Confessing that she knows little of politics, F. D. R.'s mother nevertheless admits that anything in which her boy has a hand is of tremendous interest to her and she follows the progress of the campaign closely. If Governor Roosevelt is elected, Mrs. Roosevelt will be the second mother in the history of the country to see her son inaugurated President. The only instance now on record is that of President Garfield, whose inauguration in 1881 was witnessed by is mother. Governor Roosevelt was born in the house where Mrs. Roose velt now lives and spent most of his life there. The estate has never been without the sound of childish laughter, for the childhood of the Governor's children was also spent there, and at present their children, Mrs. Roosevelt's great-grandchildren, are frequent visitors.

Duke Power Offers To Cut

Compromise Rate Would Save City \$250 A Month, But Shelby Wants More.

A rate reduction on electric customers are not satisfied to accept this cut which the mayors and industrial men say is too small and

they are asking for more. Mayor McMurry was in Raleigh last week before the Corporation Commission, appearing with the executive committee of the mayors of North Carolina of which he is a member. He says the Duke Power company's compromise rate would save Shelby \$250 a month, but he does not think this is enough and he with the other members of the executive committee are contending for a greater reduction.

No Local Cut "If Shelby should get a reduction in its rate from the Duke Power Co. would such reduction be passed on to the domestic consumers?" Mayor McMurry was asked this morning by a representative of The Star. Well, the city could not make any reduction in its rates until the end of the fiscal year," he stated, "Shelby is the only city in North Care-Fifteen Hundred Children From lina that is absorbing the consumer's tax of three per cent levied on power by the federal government. No Air Flights **During Services**

At the suggestion of The Star that no air flights be made over the city during Sunday school and church hours on Sunday, Col. J. J. Grady readily consented this morning to co-operate with the citizens. 'I am always ready to comply with any reasonable request," said Col Grady. "It had not occurred to me that the loud motor of my plane would disturb religious services, but I realize now that it does and since the church going people think ute outfit. There is a possibility, of flights should not be made over the city while religious services are on eleven is being overrated. It has you can state that I will not fly on Sundays over the city between 10 and 12 o'clock," he readily agreed. Col. Grady who is one of the crack pilots of the World war, is doing a rushing business at the

Mauney airport near Elizabeth church. He was busy all day Sunday. Elliott and Lipscomb who were in the plane last Sunday when it crashed on a forced landing, were ride which they failed to get a week ago. Paul Bridges failed to show up with his stunting plane Sunday Grady, However, Col. Grady is to bring to Shelby the last of this week there that the youngsters will hit a cabin job, five passenger plane whirlwind motor.

This cabin plane is heated and
