Black Draught Clears Up Sluggish Feeling

"I have used Black Draught for a long time," writes Mrs. Frank Champion, of Wynona, Ark.

"If I get up in the morning feeling dull and sluggish, a dose of Black Draught taken three times a day will cause the feeling to pass away, and in a day or two, I feel like a new person. After many years of use, we would not exchange Black Draught for any medicine."

P.S.—If you have children, give them the new, pleasant-tasting SYRUP of Thejord's Black Draught.
