# "LOWEST-PRICED 4 DOOR SEDAN"

sounded Good to Me!

\*WITH SIX CYLINDERS

A CERTIFIED INTERVIEW WITH MR. V. C. ECHLIN, 799 GOLDEN GATE AVE., SAN FRANCISCO, CAL.

"We need reliable cars . . . that are economical to buy and run"

MR. ECHLIN is not only an engineer . . . he makes automobile parts! So he knows automobile values... what a dollar ought to buy!

He bought Standard Plymouth for his salesmen because of "the many outstanding features that make for reliability and economy."

Floating Power engine mountings for instance . . . not only a smoother ride, but longer life from your engine. And hydraulic brakes . . . not only sure, but self-equalizing as well.

And Plymouth not only is the lowest-priced, 6-cylinder, 4-door sedan . . . but costs less to run because there is no needless dead weight!

Mr. Echlin bought Plymouth to make his dollars count! Why not follow his example? Look at all three low-priced cars . . . and buy the one that gives you most per dollar.

### PRICED AS LOW AS THE LOWEST

Standard Plymouth Six with Floating Power, 2-door sedan, \$465; 4-door sedan, \$510; rumble seat coupe, \$485; business coupe, \$445. All prices F. O. B. Factory, Detroit, and subject to change without notice.

SEE PLYMOUTH AT CHRYSLER MOTORS BUILDING, CHICAGO, CENTURY OF PROGRESS

Standard 4-door Sedan . . . price \$510 F. O. B. Detroit.

"Some of our salesmen travel the Rockies . . . so we tried Plymouth on San Francisco's famous hills! It certainly can climb!"

"Room counts . . . we want our men to have comfort. The Standard is big."

"We can't forget looks, either! Plymouth's style makes a good impression."

"But what sold us is under the hood. We bought Plymouth on engineering."
