# Bad Inning Gives Firemen Win Here

Cloth Mill Club Loses Contest In Sixth. Weathers Star Of Game.

With the city park packed for the contest the Charlotte Firemen evaded the count with the Cleveland Cloth mill baseball club here Saturday, winning 7 to 1.

For five innings it was a ball game that kept fans on an edge as Clint Fisher and the veteran Andy Ferguson staged a gruelling pitching battle. For five frames the fire ladders could find Fisher for but two hits and could not score. But in the sixth the Cee-Cees crumbled momentarily and the Firemen put on a batting spree to take every advantage of the break. In that frame five runs were scored.

### Outfit Victors

As it was the losers outpitch the victors, but the Firemen hit "in the clutch" and that's just what the Cee-Cees could not do. The locals had the bases drunk three times and failed to score.

In addition to the heavy hitting of the Firemen, the game scintillated with brilliant fielding by members of both clubs. In fact, the all-around play gave all fans a bargain day. "Cricket" Weathers, playing shortstop in the absence of Lee, was the outstanding individual performer of the day. He laced out three hits, one a triple, and would have had another triple except for a sensational catch by Black. But it was a field that the Carolina star ran wild. He played both infield and outfield, ran all over the park to spear line driver and was on the two-way working end of two fast double plays.

Big Joe Westledge and Maulin Mack Mundy furnished the fireworks for the Firemen. Both secured two hits and one of Mundy's bingles was the ferocious three-bagger which drove in three runs in the fatal sixth. In addition to his hitting Westledge ran up on the bank in left center to rob a Shelby hitter of a certain triple by a great one-hand catch. Black, liddle left-fielder, speared two drives which also were labeled for extra bases.

Fisher had the best of Ferguson for five frames, but the wily Andy was mixing them up and time and time again he stalled for time, switched balls and dilly-dallied about to keep the Cee-Cees hitters worried and to give his aging flinger a chance to rest up for needed fast ones. Fisher, pitching with a blistered finger, really had every break against him.

In the sixth "Little" Bumgardner, who had been playing brilliantly in centerfield, dropped a fly ball to give the Firemen a start. Then matters were made worse when the umpire walked a hitter the stands seemed to think should have gone down on strikes. That filled the bases and then Mundy socked out his wicked three-ply blow. And that was a ball game. Despite continued hits by Hall, who hit well, and by Weathers the Cee-Cees could not get another man around the paths.

Johnny Dobbs, jr., business manager of the Charlotte Hornets, witnessed the game and was said to have been very much impressed by the play of Weathers and Hicks, the Carolina and Wake Forest stars.

## Cee-Cee Infield "Best In State," Visitor Thinks

The Cleveland Cloth mill infield is the best infield out of professional baseball in North Carolina. That's the opinion of Pinkie James, first sacker for the strong Hickory team and former athletic star at Duke university. The Shelby infield about which James was talking was made up of Gold, lb; Weathers, 2b; Lee short; and Hall, third.

But this week the Cee-Cee management plans to make that same infield stronger for stiff games ahead. Lee will be back this week but may be shifted to third to permit Fisher, South Carolina star, to play short. The new infield will then run as follows: Gold first; Weathers, second; Fisher, short, and Lee, third. Hall if the shift is made, will be moved to outfield.

## Cee-Cees Rally To Win Contest Here On Friday

Cloth Mill Team Scores Three Runs In Two Frames To Beat Hickory

The Cleveland Cloth mill club staged an uphill fight, climaxed by rallies in the eighth and ninth, to defeat the strong Hickory independent baseball club in the Shelby park Friday 4 to 3.

At the end of the first half of the eighth frame Hickory was leading 3 to 1, and a game that had been filled with exciting play seemed in the bag for the visitors. Up to that time Bailey, the ace-ball south-paw on the mound for Hickory had been almost invincible and the usually powerful Cee-Cee hitters had been finding it hard to hit one out of the infield.

But in the eighth things began to happen. "Curly" Smith, Shelby twirler, walked. Bumgardner flew out. Hornsby got on by a fielder's choice. Then the bats began to click.

"Red" Costner, who has been in a hitting slump, singled by third. "Cricket" Weathers came through with another single, and then Cline Owens Lee playing short instead Earp, the Wake Forest collegian, crashed a screaming hit over second to drive in the tying run. In the ninth Johnny Hicks, the pepper-box catcher, started off with a single. "Milky" Gold dug down a perfect bunt to sacrifice Hicks to second. Smith grounded out and then the Shelby Bumgardner rapped out a clean single to send Hicks across the plate with the tying run.

Brilliant Fielding. Both clubs displayed some brilliant fielding, the Hickory team, made up for the most part of college stars, being one of the best balanced clubs seen here this year.

Sam Bell, the Duke star on short, and Pinkie James, another Duke star on first, turned in scintillating stops and catches. For the Shelby club the fielding of Lee, Hall and Bumgardner featured. Hovis, Hickory left fielder, crashed out a brace of doubles to pace his team, while "Curly" Smith was the big batting noise for Shelby with a single and double.

Smith, pitching his first game in some time, was a bit wild but struck out six Hickory hitters.

## JOE NASH SAYS

The finer dresses of the season have just now landed in Shelby. He has just returned from the New York markets where, he says, price is getting to be an object with the manufacturer and the wholesaler. They are demanding more money for their merchandise and—in turn we buyers are demanding extra style smartness in the goods we are bringing to market. So, you needn't be surprised if you feel terribly shocked when you see what exquisite styles we have stocked as a result of one of the most careful buying tours we feel we have ever made. The prices, of course, are yet very low but for how long we don't know.
