Gasoline War Is Over In Cherokee

(Gaffney Ledger.) To the sorrow of customers, Gaffney's gasoline war is over. The retail price of motor fuel will be advanced to 19.7 cents per gallon this morning, it was announced yesterday. Following a "war" which started several weeks ago, gasoline was sold in Cherokee county at 13 cents per gallon, the lowest price in history. That included the state and federal taxes amounting to 7 cents. A few days ago the price was jumped to 16 cents, and now consumers will begin paying the full toll to John D. Rockefeller and other oil magnates and companies.

Mother Gets There After His Burial

San Jose, Calif.—A 65-year-old mother's weary journey of love was futile. Knapsack on back, Mrs. Nancy Molyneux trudged here from Caspar, 200 miles away, to attend the funeral of her favorite son. She arrived two days after his burial in the potter's field.

The son, James Berry, 20, was stabbed during a fight among itinerants May 1. He died May 18. He was buried when authorities decided they could wait no longer for relatives.

With aching heart, blistered feet and heavy knapsacks, Mrs. Molyneux begins today her long walk back to her home in the mountains.

One writer estimates that lightning creates millions of tons of the finest fertilizer every year in the United States. The electrical disturbances in the atmosphere cause a chemical reaction between the oxygen and nitrogen in the air forming a soluble substance which is brought down by rain and snow.
