Spirit Is Better Throughout Land

Blue banners are being unfurled today by multitudes who have been waving the white flag. That's one of the germinal reasons that business conditions are better—men are feeling the new sweeps and surges of that emotionalism that stands them on their feet and not on their head.

The spirit of quit has been largely overcome. Despair has been driven out of mental attitudes. Something of the customary fight that resides in normal men is again in effectiveness. That counts—it counts mightily.

Former Governor Gardner, back in his home town of Shelby after a stay of six months or more away, was talking about this the other day and basing his prophecies of prosperity upon the release of this fresh spirit of hope and determination.

And so it is everywhere—right here in Charlotte. There is less folding up, less strutting of one's woe on parade, less white feathering and general damning of one's luck.

A people can ride a tide of any imaginable reverses if keep their emotional controls in steady hands. STAR ADVS. PAYS

Only a STRAIGHT EIGHT can give Straight Eight PERFORMANCE!

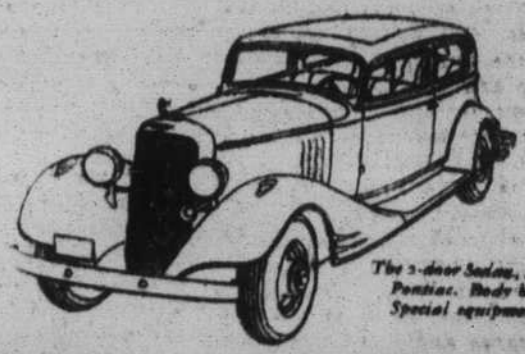

PONTIAC—the Economy Straight Eight—is one of the outstanding successes of the year. It is showing the way to big-car comfort and Straight Eight performance at low price and with operating economy. Everybody knows that only a Straight Eight can give Straight Eight performance.

Pontiac is the Economy Straight Eight. Ask any Pontiac owner—and you'll find it is giving 15 miles or more to the gallon—and gives that not only for a few thousands of miles, but for many thousands after you'd expect it to show signs of wear.

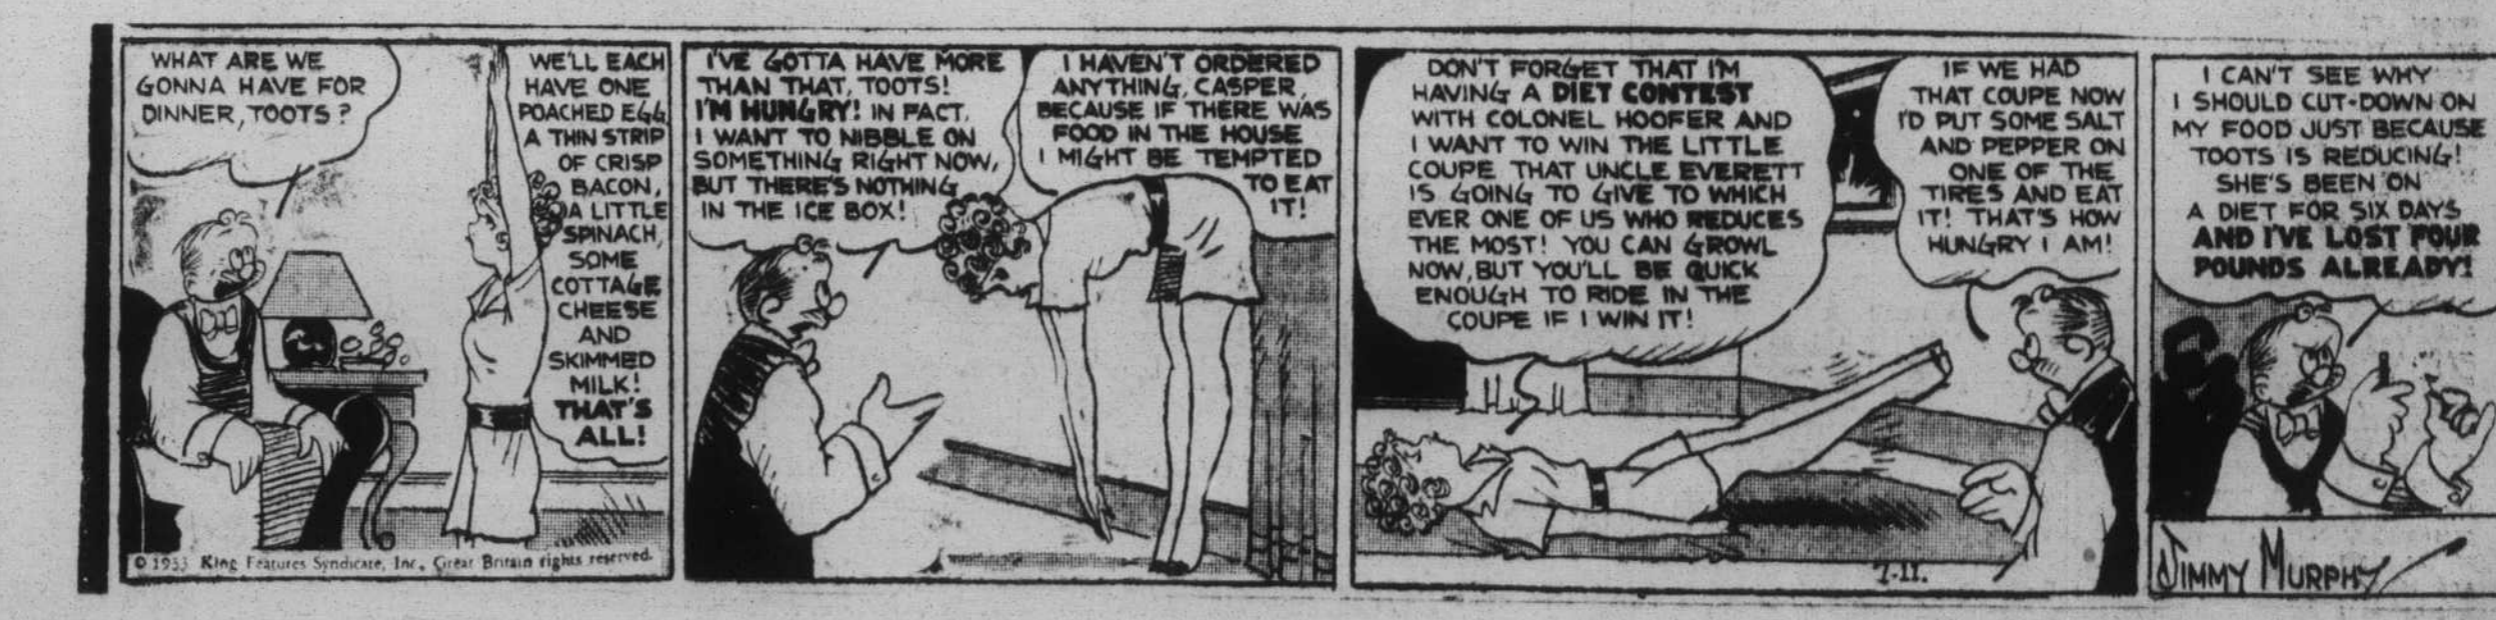

One of Pontiac's outstanding features is Fisher Controlled Ventilation. Many say no car can be considered modern without it.

Try a demonstration. Let Pontiac itself convince you that it has no equal at or near its price.
