Two of the newest innovations smiled upon by Dame Fashion. At left, the new lingerie outfit of softest milanese chiffon of chardonize, designed to go with the close-fitting evening frock and to eliminate unsightly seams. At right, the latest thing in pajama ensembles, composed of slacks and crocheted double-breasted vestee.

New Model Automobiles Hold Out Helping Hand To Steel Industry

Rushing Business in Motor Trade Fertilizer Prizes

Cleveland, O., Feb. 2 .- A prosperity cocktail of reviving business,

Under its influence, steel men ordered expanded, and plans were closed in the midst of the depres-

Production in the Youngstown per cent as the Republic Steel corporation lighted several additional open hearth furnaces-almost en-

from the Empire Sheet and Tin grown, some other crop normally employing 800 men, has been closed four years.

Newton Plant To Open. Another plant, the Newton Falls branch of the Newton Steel com. pany, already has been scheduled to reopen February 15 with an estimated 500 employes. It has been closed about two years.

Other mills throughout the district have been showing a steady upward trend, and every word from the men who run them is brimming with cheer.

The automotive pick up is carrying with it even the Willys-Overland company of Toledo, which is still in receivership. Officials there announced today it will resume tiac, Mich., 250 in an essembly plant at Los Angeles and 1,050 at the main plant in Toledo.

Cocktall Paradox. Within the steel industry itself, the only bitterness in the automotive cocktail is a kind of paradox in business. It consists of a belief among some steel men that the makers of automobiles are quietly making an attack on prices of the that man is within the sound of my metal, and even may be planning an "invasion" in steel's own fiert through the outright purchase of one good-sized company.

Competition among the makers of automobiles is the hinted cause of the sub-surface disturbance.

The trade journal, "Iron Age already has reported one large manufacturer of cars has reduced tonnage to large steel companies and spread its orders among the sma'ler ones-an action the Journal in terpreted as expressing dissatisfaction because the concern could not obtain preferential prices or large purchases.
