

Hyder And Eldridge Meet In Match Here On Friday, June 15

2 Amateur Champs To Settle Dispute For Supremacy

Two Amateurs Who Divided Victories In Two Tournaments Meet In Rubber Match.

On Friday night, June 15, local boxing fans will have an opportunity to see what so many of them have been clamoring for—an eight round match between "Fighting Bob" Hyder and the Gastonia lightweight, Everett Eldridge. The battle royal will be staged at the Company K armory.

The participants will meet in an effort to settle southern supremacy for amateur lightweights. The two previous matches between the two fighters resulted in each gaining a decision, Eldridge winning the Golden Gloves event, and Hyder taking the Atlantic Seaboard championship. Next Friday's bout will be the rubber match, and both boys will doubtless put forth every effort to carry off what the promoters are advertising as the south's lightweight laurels.

Fights Here

Three other fast bouts will be carded this week end to run off preliminaries to the headliner. Efforts are being put forth to secure some Charlotte boxer to take on Cyclone Cook in the semi-final. The complete card will be announced in Monday's issue of The Star.

The fight should be the best staged here in years, and will draw fans not only from this section, but from entire western North Carolina, as both fighters are well known through their participation in the Golden Gloves tournament and the Atlantic Seaboard AAA championship tournament. Hyder won out in the lightweight division in the latter tournament held in Charlotte, but was defeated in his first match in St. Louis.

4 League Games Set For Tomorrow

Mooreboro Leading Loop Of Textile And Semi-Pro Teams; Four Games Saturday.

The Twin-State league will swing into the fourth bracket tomorrow with four more contests slated with all eight teams taking part.

The Mooreboro Wildcats, who at present are leading the loop, will take on the strong Kings Mountain Athletic club at Kings Mountain, in what promises to be the best game of the series.

Shelby Mill will clash with the Lily Mill outfit at the city park, Broad River Tigers will take on Dover-Ora at the Lily Mill park, and the Kings Mountain Goodfellows will clash with Minette Mills at Grover.

All games will have an important bearing on the race for the league leadership. Should K.M.A.C. manage to knock the high flying Wildcats for a loop, then that will throw several teams into a tie for first place.

No Price Fixing In NRA Codes

(Continued from page one.)

The core of the new price policy is:

1. Willfully destructive price cutting is forbidden, and any price which appears unreasonably low may be investigated and a correction required if they are found to be unfair.

2. Fixing of even a minimum price will be allowed only in cases of demonstrable emergency threatening destruction of business forms, employment, or wage levels. Then only NRA shall have the right to determine what is the minimum price to be fixed, and it shall be "the lowest reasonable cost"—not a profit-covering figure for the majority of enterprises.

3. Open price posting—which means letting all competitors know every other competitor's price—will be allowed only on these terms: that the prices be reported to a neutral, confidential agency; they shall become effective immediately without a waiting period for powerful competitors to argue the original price in line with their own figures; prices may not be revised upward for 48 hours, but they may be cut right away and so reported.

4. The price fixing code will be turned into a new policy that will require the revision of scores of codes to permit freer competition. The new declaration was a product of months of economic study, which was affected indirectly by activities of groups such as the Darrow board.

New Legislator May Ask Change In Election Law

KINSTON, June 7.—Robert H. Rouse, who will return to the legislature from Lenoir county, is considering an "important change" in the state's election laws. It would permit precinct officials to begin counting primary and election votes several hours before the close of the polls.

Rouse is not pledged to the idea but is studying it. It did not originate with him. He has been told the public and election officials, candidates and newspaper people in particular would "rise up and call him blessed" were he to convince the legislature of its merit.

The ballots in last Saturday's primary here were not tabulated until Sunday forenoon. It was 10 a. m. before the vote in one precinct was completely counted. Precinct officials and counters worked all night. Those in charge of the polls in many places in North Carolina work all night after every primary. The plan being studied by Rouse is for counters to start work at least four hours before the polls close. They would retire with the ballots cast to that time. They could be sworn to secrecy, and it would be necessary to have two sets of boxes, or vents in the boxes through which the ballots would be extracted.

Local election boards would have power to assign as many counters as needed to each precinct.

It is held that with this system returns would be known before midnight in the largest precincts. A number of officials here are said to favor the plan, which was first advanced two years ago but gained no consideration then.

Thousands Aided By Farm Rehabilitation

ROCKY MOUNT, June 7.—Nearly 3,000 persons in Rocky Mount, Nash and Edgecombe counties are sharing either directly or indirectly in the garden program or farm rehabilitation plan, information obtained from C. W. Jacks, director of gardens, and Lewis S. Thorp, head of the rehabilitation program, revealed.

More than 200 acres of land heretofore unused had been turned into 403 thriving gardens here, with more than 2,800 persons, members of the 403 families, participating, according to Mr. Jacks. Mr. Thorp reported that 18 families had been placed on farms in Nash and Edgecombe and that 65 persons were directly concerned. Approximately 50 acres of land is involved, the director said.

Governor To Lay Nominees Opposed To The Sales Tax, Before U.S. Board

Hoey, Mull, Falls And Horn And All Candidates Will Speak Then.

The Democratic county convention has been set by Chairman Oliver S. Anthony at 2 o'clock Monday afternoon in the court house. Clyde R. Hoey, O. M. Mull, B. T. Falls and C. C. Horn will speak. Also all of the Democratic candidates, those who were successful and those who were defeated in the recent primary, are invited to attend and make short talks.

An old-fashioned convention is planned, with the zest and enthusiasm of by-gone days. Precinct meetings will be held Saturday of this week and delegates will be named to the county convention to be held Monday.

Following the convention, the precinct committee chairman will nominate a chairman to serve for the next two years. Mr. Anthony who has been chairman for four years is understood to be in a receptive frame of mind for re-appointment since the re-nomination of Major Bulwinkle for congress.

Losses In Banks Less, Says Neal

Vice President Of Wachovia Speaks To Kiwanis Club On Banks And Banking.

The loss in banks during the depression was only five per cent of the total against a decline in stock values of sixty per cent, a decline of fifty per cent in bonds and a decline of fifty per cent in commodity values, said Will H. Neal, vice president of the Wachovia Bank and Trust Co., of Winston-Salem as he spoke last night before the Kiwanis club in its weekly luncheon.

Mr. Neal gave a swift review of banking in this country and contrasted its 50 different systems with the centralized banking systems of England and Canada. "The very nature of the early settlers who came to this country was such that they opposed unity and control, hence our system grew into individual control, rather than federal control," said he. Banks grew to become what their customers demanded, but there is a strong tendency now toward safety and soundness, knit into a strong national system. Mr. Neal predicted that in the future the men who enter the banking business will be trained and experienced men, just as those are who enter the professions of law and medicine.

Sees Expansion Of Carolina Industry

RALEIGH, June 8.—Indications that private industry in North Carolina expanded rapidly during the closing days of May were seen today by Capus M. Waynick, state director of unemployment, who reported a drop of 35,000 in unemployed registrations between May 26 and June 2.

Mr. Waynick pointed out that on May 19 his office listed 147,426 job-seekers. On May 26 the total was up to 148,205 and then it dropped to only 113,697 listed on June 2. The reemployment service itself reported placing 2,526 persons at work during the week ending June 2, compared with 2,907 placements the week of May 26.

Continued Rains Hurting All Crops

Two Young Ladies Go To Boone. Miss Blanton Gives Party. Personal Mention.
