Surprising Power Shown By Edney; Takes 5 Counties

Bulwinkle Elected By Majority Of 6,000

Republican Candidate Badly Defeated, But He Did Carry Five Counties.

A recapitulation of returns from the 10 counties comprising the 10th congressional district shows that while A. L. Bulwinkle defeated Calvin R. Edney by a comfortable majority, the Republican candidate showed surprising strength in carrying half of the counties.

He carried them by small margins, but he did carry them, according to returns still not officially stamped as complete, and only the saving grace of handsome leads in Gaston and Mecklenburg put the major across.

Five Go For Edney

Edney carried Avery (traditionally Republican Catawba, Lincoln, Madison and Mitchell. Here are the returns:

Table with columns: County, Total, Rep'd, Bulwinkle, Edney. Rows include Avery, Burke, Catawba, Cleveland, Gaston, Lincoln, Madison, Mecklenburg, Mitchell, Yancey.

Returns were slow in coming in from the mountain counties, and it is possible that additional returns from these, where Republicans strength is high, might lessen the gap between Bulwinkle and Edney.

Meanwhile, from his home in Gastonia, Mr. Bulwinkle said: "I am deeply grateful to all my friends over the tenth district who supported me so loyally in Tuesday's election."

"I wish to express my sincere appreciation," he said, "to all district and county chairmen, to precinct committeemen, and to poll workers all over the district."

"While the vote was cast over the entire district was relatively small, I feel that for the number of votes cast I received a fine majority."

"I want to express my appreciation for every single Democratic vote cast in Tuesday's election."

'35 Cotton Control Plan Tentatively Calls For Cut Of Twenty-five Per Cent

AAA Program Is Unofficial, But Reductions Are Predicted Because Of Decreased Exports Against Big Production

WASHINGTON, Nov. 8.—A 1935 program for America's principal export crop—cotton—which calls for the largest possible acreage reduction and increased payments to co-operating farmers was drafted today at the agricultural adjustment administration.

As yet the plan is labeled "unofficial" but authoritative quarters report Secretary Wallace, almost certainly will order an acreage cut of 25 per cent below the average in the past around 41,000,000 acres.

The majority of the south's cotton growers already have signed contracts pledging reduction for 1935. Those agreements provide that the 25 per cent reduction is the maximum which may be ordered from Washington.

Only the discovery that funds would be available, one official said, would prevent the increase in payments to southern farmers who are co-operating, or who agree to do so in the future.

At the same time, it was revealed at the farm administration that negotiations are under way with Germany for a deal which would involve the exchange of about 500,000 bales of cotton for German goods.

The decrease in cotton exports to Germany constitutes the principal factor in the decline in cotton shipments abroad and one of the reasons why AAA officials feel that the maximum acreage reduction permissible is imperative for next year.

Other developments which point to the 25 per cent slash are: A cotton carry-over on August 1 of more than 10,000,000 bales, the third largest carry-over on record. Estimates that a yield approaching 11,000,000 bales would be grown next year even if every farmer eligible to sign-up reduced in accordance with the 25 per cent reduction.

A cotton forecast today which estimated production this year at 9,634,000 bales, an increase of 191,000 over the October forecast. Officials said the arguments for (Continued on page five.)

Cotton Crop Estimate Up; 9,634,000 Bales Predicted

Markets Hold Comparatively Steady In View Of Increase; N. C. Expected Yield Is Little Changed

WASHINGTON, Nov. 8.—A cotton crop of 9,634,000 bales of 500 pounds gross weight each was reported today by the department of agriculture as being indicated by conditions November 1.

Indications a month ago were for a crop of 9,252,000 bales was indicated.

Market Steady The government report had no appreciable effect on the cotton market in New York yesterday and the price movement was irregular.

Production last year was 13,047,262 bales. Two years ago 13,003,000 bales were produced and in 1931 production was 17,095,000 bales.

The indicated yield of lint cotton per acre this year is indicated as 169.3 pounds, compared with 165.9 pounds a month ago, 208.5 pounds picked in 1933 and 169.9 pounds, the average acre yield 1923-32.

Cotton of this year's crop gained prior to November 1 was reported by the census bureau to have totaled 7,920,231 running bales, counted (Continued on page ten)

Lutheran Synod Holds Convention In Kings Mountain

W. A. Ridenhour For State Office

Dr. Marion Of Lenoir-Rhyne Re-elected President; Urges Attendance At College.

KINGS MOUNTAIN, Nov. 9.—W. A. Ridenhour of Kings Mountain was elected extension secretary of the Brotherhood of the Evangelical Lutheran synod of North Carolina which closed its convention here with a banquet last night.

Dr. S. J. Marion of Lenoir-Rhyne college, was re-elected president. T. L. Stryker of Winston-Salem was named vice president; B. M. Barber of Mooresville, secretary; A. Campbell of Kings Mountain, treasurer; H. C. Miller, statistical secretary, and M. L. Rhodes of Lincolnton assistant secretary. Prof. J. Rom Smith of Liberty was elected as a new member of the executive committee.

Meets In Church

The convention was held at St. Matthews Lutheran church, of which the Rev. C. K. Dergetz is pastor.

The keynote of the morning meeting was the Iron Mountain School for Boys at Konnorock, Va. H. E. Isenhour of Salisbury pictured the development and future of this missionary project of the national organization among the underprivileged boys of the mountain sections of North Carolina and Virginia.

Work In Mountains

The church, he said, through this institution is building a sphere of influence among unchurched and ignorant people of the mountains, thus building a more useful citizenship. The Rev. C. L. Miller, superintendent of the school, and two of his boys were present.

The representatives were welcomed to Kings Mountain by Aubrey Mauney, with response by Prof. J. Rom Smith of Liberty.

The state brotherhood has a church construction fund, called the loan and gift fund and reports were made by some of the new churches indicating the help of this fund in building new churches. This sum is a revolving sum which at maturity will amount to \$100,000.

Boost College

It was recommended to the meeting that the men use their influence to have more boys and girls go to Lenoir-Rhyne college rather than to other colleges. It was pointed out that only one-third of the student body of Lenoir-Rhyne was Lutheran and that more than two-thirds of Lutherans attending college were in non-Lutheran institutions.

An expense budget of \$1,000 was adopted to carry out projects of the brotherhood.

Following the afternoon session, the visitors were taken on a trip to the Kings Mountain battlefield. The night session was held in the form of a banquet at Central high school with E. L. Stryker acting as toastmaster. R. F. Shelby of Gastonia was the speaker at the banquet, which was attended by approximately 150 men.

Democrats Sweep Nation In Test Of The New Deal

In Maryland, A Republican Goes In Over Ritchie Because He Supported Roosevelt Policies.

While the Democrats rejoiced in a virtually complete sweep of national polls this week, which included a majority in the senate, odds of the election both amused and concerned them.

Upton Sinclair, California's Socialist, was defeated, but that was no embarrassment to the New Deal, to which he had tried to attach himself. Now, Sinclair says—sitting amid the ruins of his EPIC project—that he is preparing for the next battle and will run again. He did manage to get so much support that, as professional critic, it is likely he can embarrass the California Republican administration all down the line when he wishes to take a pot shot.

Successful candidate Merriam said that the returns indicated the "essential common-sense of the people of California."

DePriest Defeated

In Chicago, negro Representative DePriest was defeated by Booker T. Washington's former office boy, Arthur W. Mitchell, a southern negro who has made a reputation as a scholar.

In Wisconsin, the LaFollettes are in again. They are the two young brothers, Robert M. and Phillip who dared throw their infant Progressive party against both Democratic and G. O. P. parties. Bob returns to the Senate, Phil becomes Governor.

Ritchie Loses Out.
