

This is the last issue of The Star before Christmas. There will be no issue on Wednesday, December 26th. We are taking a two day holiday and wishing you and yours

A VERY MERRY CHRISTMAS

To our many friends, patrons and subscribers who have so wholeheartedly supported us during the past trying year, and whose help has so firmly expressed their good will and appreciation of our efforts, we would like to show more appreciation and thanks than this cold type permits.

We feel, however, we may best express our thanks by continuing to give all of you every bit of the news, printing and advertising service it is possible for a good newspaper to give, and to hope that our future efforts may benefit the progress of human knowledge for every individual within reading distance of this newspaper.

Our Entire Personnel Joins In Wishing You A Very Merry Christmas And Happier Days To Follow
