Pass In Review Notes And News From Here And There About Cleveland County People You Know

GLENN MAUNEY SIMMONS, son of Fred S., sailed for South America last week from the Central American port at which his naval squadron has been stationed. Had such a big time there, he wrote home, that he couldn't see how the navy could afford to keep him up. He is the brother of Fred Martin, and joined the navy when Fred went to college. Boy Scouts know 'em well as two of the best leaders Shelby ever had.

MRS. CLYDE R. HOEY talked to Amelia Earhart at a Sunday luncheon in Washington, Pierce, pretty blue eyes, strong masculine hands, poised, calm, broad shoulders—so the very observing Miss Bees reports. "I'll bet you were born under Leo," she said. America (it's really Mrs. Putnam, you know) admitted it. Leo is the sign of daring, courage. They served pink cocktails. A Washington newspaper writer reports that Mrs. Hoey had orange juice.

RADIO STARS are springing up around Shelby. There's Ralph Hoey, who broadcast on the Crazy Crystal program from Charlotte recently, extolling the merits of that product. But he couldn't resist mentioning that he had \$40,000 worth of excellent horses, to sell, too. They're in Florida. R. T. LeGrand and E. J. Thompson, guests at Hot Springs, were led toward the mike on a recent trip, but declined. Both seem to wish they'd tried it.

FERTILIZER SALESMEN are here now on their annual pilgrimage to cotton land. One hotel had five registered the other night. They're smooth talking fellows, each convinced of the superiority of his product. Cleveland—sorry we haven't the figures handy—probably leads the state in fertilizer consumption, since we lead, or did lead, in cotton production, and have such vast acreage. By the way, if you use as much as 50 tons, you can probably get to be an agent yourself. Quite a saving in that.

DICK SHEEHAN AND LLOYD LITTLE, refereeing the Rotary basketball tournament, called 'em accurately and often, letting no fouls get by, so far as this reporter could see, and calling many which our old eyes missed, or our ignorance passed up. Under them, the games ran smoothly, efficiently, both men working each game. And the crowds and the teams liked it. Efficiency generally gets respect—even if you're on the losing end of a called foul.

CAPIAS INSTANTER is one of the most powerful legal weapons, almost as potent and almost as useful as habeas corpus. To be more specific about that, it's "habeas corpus subleudum" and "habeas corpus cum causa." Capias instanters were issued here Monday by Judge Thomas J. Shaw. These documents are stronger than subpoenas which are merely notices to appear in court. They say, in effect, "Get this man, bring him in, lock him up until we're ready for him."

A habeas corpus is the way to get out of a capias instanter. Literally, it means, "You have the body." It is a writ obtained from a judge inquiring into the lawfulness of the restraint of a person imprisoned. "Habeas corpus cum causa" means the officials who arrested a prisoner must surrender and show cause why he was being held. And that ought to be about enough correspondence course law for one sitting.

ABOUT THE STREET: Charlie Young says Irish potatoes, Maine-grown for seed purposes, were quoted fifty per cent lower at the beginning of this season and wholesalers thought they would be doing pretty well to affect this much saving to customer. They bought, but the potatoes hit another to-begun and you can buy two bags now for what one paid a year ago. . . . Farmers who did not sow their oat crop last fall are in a bad way. Only one suitable day in February, so unless this rain stops, the spring sown oats will be nil. . . . A Shelby mother wanting to teach her child to read a book had to threaten a spanking because the child would skip the dull pages without pictures.

Dr. J. S. Dorton has purchased the residence of the late Dr. T. E. McBrayer on N. Lafayette street and the vacant lot joining this property, fronting N. Morgan street for \$15,000.

According to a message received here Haywood Thompson, young son of Mr. and Mrs. E. J. Thompson, has been elected to the Iota Gamma Pi fraternity, an honorary body at Duke University. Students must average 80 or more in science to attain this honor.

A Ford coupe, belonging to Coach Roy 'Casey' Morris, athletic director in the Shelby school, was stolen between 8 and 10:30 o'clock, Wednesday evening. Mr. Morris was at the time in the Princess theatre.

A special school tax election for the territory taken in by the recent extension of the city limits in north, east and west Shelby has been called for Monday, April 27. At this time the people of this territory will vote on a school tax rate which if given favorable approval, will make the territory a part of the city school system.

Thad C. Ford who has served two years on the board of aldermen from Ward 1 stated yesterday that he would not be a candidate to succeed himself, although he has been urged to accept the place for another term by friends in his ward and by admirers all over Shelby.

Although the election is several weeks off talk of the new mayor and probable make-up of the board of aldermen is the main topic in Shelby. One communication advocates Dr. R. M. Gidney for alderman from Ward No. 1, while another suggests William Lineberger, head of the Cleveland Bank and Trust Company, for Ward 2 alderman.

Another group of Shelby voters has advocated a candidate for mayor, but so far as is known their proposed candidate has not committed himself. The statement, which is rather a plea from his friends is for Mr. Frank Hoyle to enter the race.

Beginning with the election this spring, town officials of Shelby will go into office on June 1, instead of the usual custom of taking over office immediately following the election.

Sealed bids will be received by the town of Shelby at 2 o'clock Monday, March 23rd for furnishing all material and labor and laying approximately two to five thousand yards of concrete street paving on East Marion street, this paving to

Stops Coughs Two Ways There is now a doctor's prescription that does these two remarkable things.

1. In 15 minutes and with one swallow it relieves throat irritation—stops coughs.

2. Does a lot more besides. Internally it quickly drives fever, cold out of the system. Hence much better.

This wonderful medicine is sold under the name THOXINE. It is safe, pleasant—effective for adults and children alike. Take no other with coughs and sore throats. You can get Thoxine—real prescription medicine—for only 35c. Suits guaranteed or you get your money back. Cleveland Drug Company.

THE Metropolitan Life Insurance Company began publishing "Health Hints" for its policyholders in 1871 and ever since has carried on its efforts toward better health.

The Company cooperated with government officials in a campaign against a threatened cholera epidemic in 1892 and thus began its cooperative work with public health organizations.

In further developing its activities in the field of health, the Metropolitan organized its Welfare Division in 1909 and, at about the same time, a nation-wide nursing service was established for Industrial policyholders.

Subsequent health records demonstrate the value of these services. During all these years the Company has worked shoulder to shoulder with national, state and local health organizations to stamp out preventable disease.

New low mortality figures were recorded in 1934 for practically all of the diseases against which public health forces have directed special preventive efforts—notably typhoid fever, tuberculosis, diphtheria, infant mortality and maternal mortality. During this year the good record of previous years continued to obtain among Metropolitan policyholders.

The Shelby highs, 1924 champions of North Carolina high school baseball, will play their 1st game of the 1925 season in Hickory with the Hickory highs on Friday week, March 20. The schedule as now made out calls for 23 games, the opposing teams to include some of the outstanding high and prep schools in the two Carolinas.

What the 1924 champions will be this year is a problem, one that Coach "Casey" Morris is trying to solve every afternoon out on the athletic field with an entire team to build over. Cline Lee, captain and all state shortstop, and regarded as one of the best high school players ever produced in the state, is at the state sanatorium where he is being treated for tuberculosis.
