Managers and players and fans were ready at noon today to receive the Syracuse Chiefs who will begin the second game of the season with the Clevecloth sluggers.

Manager Mack Arnette gave this morning the probable starting line-up which will be headed by Langford as pitcher. He will likely be relieved by Lute Roy and Blue Gold, in an effort to keep the majors under control.

College Baseball Game To Be Seen In Shelby Monday

24—COLLEGE BASE—sports
Boiling Springs Will Meet Rutherford College In Cloth Mill Park.

As prospective winners again this year of the junior college circuit in baseball, Boiling Springs Bulldogs, hard hitting, fast club will take on Rutherford college in the new Clevecloth baseball park here Monday afternoon.

It is expected that a large number of baseball fans, alumni and alumnae of the college will come out to see the two fast outfits in action.

Pitcher Good
A "find" in Roy Hawkins as pitcher has enabled the college team to present a solid front thus far this season and not lose a single game. On Tuesday the team trounced Spartanburg Textile Institute 9-2 and none of the teams they have played have been so successful against them.

Baker, Ray, Harrill, McBryer, and others on the team are hitting the apple like semi-pros this year and are handling the bases and field zones like veterans.

Strong Team
Rutherford college always has a strong team of baseballers and is expected to be strong this year. Manager of the Bulldogs said today that it was likely several college games would be played in Shelby, if the team turns out like supporters think it will. The game will begin at 3:30.

From The Sports Box

Tennis in Shelby and vicinity is appearing in the form of new courts, white ducks, newly stretched nets, powdered lines, and the crack and swish of the racket and ball. Some of the fans and players are putting the old courts back into condition while still others are building new ones.

Shelby is not exactly a tennis town, but has had her share of honors coming in the way of tennis. Time was when there were few players in the state could beat the Kendalls—and others—and others.

It is a good game, full of interest, exercise, and takes a real sport to play it cleanly. However, there is the story about the fundamentalist who wouldn't let his daughter play it, "because it is too much of a 'love' game."

Everybody seems to want to know what is the matter with the Shelby high baseball club—starting out so well, and appearing like polished players, the first few practices and games and then losing to Cherryville and Forest City. Maybe it was the competition, or it may be that the team got off on the wrong foot for those games. Baseball is like that. It is hard to tell which team or which player is going to click. When one goes, all go.

While not exactly unbeatable at the game, we still believe Shelby has what it takes to win. Few teams have better third, second, or first sackers, better hitters than Smith, Williams, and Cashion or catchers than Ervin. Kings Mountain won't beat Shelby as badly as they licked Cherryville and Cherryville licked the team 22-4.

During football we called this favorite paragraph Forward Passes; in basketball it was Free Shots; with baseball it ought to be Home Runs, or something like that. Anyhow, it is a revelation to watch Steve Woodson paint signs on the new ball park over at the Cloth Mill; by the way, have you seen the team in action—it's a honey, and they will give the team that beat the A's a run for their money Friday afternoon, to be sure; we have always wondered what makes every baseball pitcher put in a chew of tobacco while on the mound. What's more, if pitching to a left handed batter, the cud is in his right jaw; if to a right hander, vice versa. Look and see; Fallston is going to practice this habit of coming from behind to win so long that some team will surprise 'em some of these days; how many of you noticed the mistake in the headline the other day? It was supposed to read "Putnam Pitches 1 Hit Game," but read "Putnam Pitches 1 Hoe Game, but Loses Anyway." Oh well, it was a hot game. All that Putnam pitches are such. Mooresboro is said to be one of the fastest clubs in the county high circles.

Yes, Dusty is still a member of the office force, but with these warm, spring feverish days, he won't even wake a minute for anything less than a pair of home runs, a shut-out, or a milkshake. Take a walk will you?

There's one boy in Kings Mountain who will probably wait until he has the price of a ticket before he goes over to the ball park to see another baseball game. Saturday the lad didn't have a dime, but he thought he saw a means of seeing the local high school clash with the Boiling Springs Bulldogs nevertheless. This means got the boy into a tight spot. He got so far into the piping that runs from the road to the inner side of the ball park and then became fastened—not being able to back-track or to proceed. He yelled for help and luckily R. D. Hord of Boiling Springs heard him. The boy said: "Will you please pull me out of here?"

Mr. Hord yanked him out. "I got that far, but I couldn't go on or come back, by golly!" complained the lad.

"Morale is the most important factor in successful college athletics," says Carl Snively, head football coach at the University of North Carolina, in an article in the current issue of "The Alumni Review."

"By morale I mean teammindedness developed from a competitive spirit on the part of individuals and the positive manifestation of an unselfish interest by the players in the welfare of the team.

"There is no such thing as team morale except as it is developed through the qualities of individuals. Individual morale is arrived at through competitive temperament, ambition, self discipline, and a sincere devotion to the best interest of the team."

Relief Families Water Shut Off

WILMINGTON, Del., April 4.—Harried heads of relief families hunted new homes and borrowed water by the pailful from neighbors today in an evision crisis.

Landlords have shut off water in homes of 72 destitute families, Miss D. Ethelda Mullen, executive director of the emergency relief commission informed Levy Court. She reported the situation was precipi-

tated by the court's failure to include appropriations for rent in March and April relief allotments. Sixty-six families have received notice to vacate their homes and more than 70 others have been threatened, she stated, while 17 and actions to levy against households goods have been brought against 29 other families, in attempts by landlords to collect rent. The landlords, she said, contend they are practically being forced to evict their non-paying tenants to save themselves.
