**S. C. Gets \$3 Price For Auto Licenses**

COLUMBIA, S. C., May 6.—The house passed one of Governor Johnson's new deal bills last week, after having ditched some others last week.

It passed to the senate the \$3.00 automobile license plate bill which is one plank in the inaugural that he talked about a good deal during his campaign.

But really it is not important in the continuing conflict of the legislature bosses and the new governor, for the governor, while persistent, has never been rampant about it in his talks about legislation he wants enacted at this session.

The argument for the bill stressed that it is a measure to help the poverty stricken owner of an automobile, because by the time he pays for gasoline and repairs and oil, he has not much left to buy a license plate, if he gets enough rations to keep him alive, while motoring.

**Drag Lake Hickory For Body Of Youth**

HICKORY, May 6.—A group of men under Sheriff Barrs of Catawba county continued during the morning to drag Lake Hickory near here for the body of Paul Hawn, 23 of this town, who last night jumped or fell from the bridge over an arm of the lake into 30 feet of water.

Hawn, the son of Mr. and Mrs. George Hawn of Hickory, went to the lake about three miles from Hickory on the Lenoir road in a taxicab, telling the driver, Red Heffner, to drive across the bridge, wait a few minutes and then return. Heffner told officers last night that he followed instructions and that as he returned he saw Hawn sitting on the railing of the bridge. That as he approached Hawn went into the water.

**1300 UNC Medicos Now In Training**

CHAPEL HILL, May 4.—More than 1,300 doctors have received their training in the Medical School of the University of North Carolina, a survey by Dr. E. M. Hedgepeth, secretary of the medical unit of the University alumni association, revealed today.

Of these, approximately 1,200 are living, many of them residing and practicing in North Carolina.

Dr. Hedgepeth's report, which will be made at the annual meeting of the University medical alumni at Pinehurst on May 7, shows that one of every four physicians practicing in the state is an alumnus of the University.

The organization of the medical alumni, which is a division of the alumni association, includes in its membership alumni who studied medicine elsewhere as well as the 1,200 graduates of the University Medical school.

Officers of the organizations are Dr. A. Byron Holmes, of Fairmont, president; Dr. J. B. Wright, of Raleigh, vice-president; and Dr. E. M. Hedgepeth, of Chapel Hill, secretary.
