

Clyde Hoey Announces He Will Be Candidate For The Governorship

"No Personal Ambition," He Says In Statement Citing Interest In Youth, Teacher Pay, Tenants, Security and Old Age

Clyde R. Hoey this morning announced his candidacy for the governorship of North Carolina.

He made the long-expected announcement from his law office here, in the following statement:

Candidate

Clyde Roark Hoey, who this morning announced his candidacy for the governorship of North Carolina.

Hail, Windstorm Damage Property Near Fallston

Barn Badly Damaged; Timber Blown Down; No One Injured.

A combination hail and windstorm which reached almost cyclonic proportions swept through the northern part of the county yesterday afternoon about three o'clock, the upper Fallston community receiving the most damage.

Wind did quite a bit of damage to the barn of J. B. Wilson and a number of garages, cribs and parts of roofs were reported to be damaged.

Timber Down
Strips of timber in the neighborhood of Mrs. W. L. Miller, R. W. Wilson and on the farm of Dr. R. A. Lackey were broken to pieces.

The storm was moving from west to east and continued on in Lincoln county.

Appeal Is Taken In Casualty Case

Decision of the full industrial commission on an appeal from a ruling awarding payment of \$18 a week to D. W. Royster for injuries suffered on Nov. 7, 1934, is expected within a few days. It will be recalled that Mr. Royster suffered a broken leg in an automobile accident.

The award was made by Commissioner J. Dewey Dorsett, who held that the U. S. Casualty company was liable for payment.

Graham Essay Prizes Awarded

Winners of essay contests at Graham school have been announced as Phyllis Yates, daughter of Mr. and Mrs. D. R. Yates on the subject, "Hobbies," taking first and Clint Newton, son of Mrs. J. C. Newton taking second. His subject was "The Flag."

Cooler Wednesday

Showers and cooler, followed by clearing Wednesday; cooler Wednesday afternoon and night; Thursday fair.

Credit Body Loans \$80,000 For Seeds And Fertilizers

Checks Being Mailed Today

Emergency Crop Loan Office Busy With Applications Past Few Weeks.

Checks were being mailed out today to farmers in Cleveland, Rutherford, McDowell and Burke counties as part of approximately \$80,000 dollars loaned in this district for the purchase of seed, fertilizer and other required items in growing a crop for 1935.

This information was released from the Emergency Seed Loan office in charge of F. L. Wagoner who said that he has been swamped for the past several weeks with applications for money loaned under the Farm Credit administration plan. More than 1,000 applications have been filed, although all applications have not yet been accepted, and all the checks will not be mailed for the next few weeks.

Get First Lien

Money obtained by growers from the government in this fashion will be returned next fall when crops are gathered. The government takes a first lien on the crop.

Mr. Wagoner said that average loans are from \$75 to \$80 and may run to \$95. For the most part the money is used for the purchase of fertilizer, as most of the farmers already have seed.

Above \$100

Farmers who have any security at all and who want loans of above \$100 are asked to apply first to the Production Credit corporation at Cherryville.

The peak season for making the loans is apparently over, as only a few applications were made last week.

Pilsudski's Death Perils Peace

Josef Beck, inset, foreign minister, is considered most likely to succeed to the powers of Marshal Josef Pilsudski, above, Polish dictator whose sudden death further complicated the European crisis.

General Smigly, "strong man" of the army, and General Kasprzycki, new minister of war, are other possible successors to Pilsudski, whose death gave fresh cause for concern over European peace, since it leaves in doubt Poland's future course in diplomatic matters and treaty alignments.

Cleveland Farmers First In State on Lint Sign-up

Cleveland county was first in the state to make its complete report to Raleigh on 1935 cotton reduction contracts, assistant county agent H. B. James reported this week on his return from the capital.

Many of the Cleveland contracts have already been checked and sent on to Washington for final approval, he was told by Jack Orswell, chairman of the state allotment board.

Senate Opposes Roosevelt, Extending NRA Ten Months

WASHINGTON, May 15.—In a rush of speed, the senate yesterday passed almost by unanimous consent a resolution extending the NRA in a much contracted form for only 10 more months—an action directly and openly opposed by President Roosevelt.

Then, without breaking the swift stride, the chamber took up for debate the hotly disputed Wagner labor relations bill, labeled by its proponents as offering protection to workers in collective bargaining.

The modified NRA bill was sent to the house. Informed of the senate action, Speaker Byrns said: "We'll take it up right away."

The measure is still before the house ways and means committee, and there appeared little doubt that the group would report out a demand for a two-year extension of the recovery act.

Dress Rehearsal Of Big Hearted Herbert Tonight

Dress rehearsals for all scenes in "Big Hearted Herbert" will be enacted tonight as the picked cast of 13 amateur players prepare to present the production to the public Friday night of this week.

The stage at the high school auditorium has been enlarged to care for the large cast, and all scenery and properties have been obtained.

Alton Kirkpatrick, as "big hearted Herbert," and a master of his house is paired with Mary Reeves Forney as his wife in the leading roles. Mr. and Mrs. James Shepherd take juvenile roles.

The play has been under preparation for several weeks now under the direction of Isabel Hoey, and is said to be one of the best interpretations of humorous American family life on the stage. Members of the cast were selected from the rolls of the Community Players.

Roosevelt Pledges To Continue AAA As Farmers Cheer

Cleveland Men Hear Reduction Promise

President Addresses Crowd Of Four Thousand On Lawn Of White House.

Six Cleveland cotton growers were among the crowd of 4,000 farmers that stood on the White House lawn yesterday and cheered President Roosevelt's pledge to continue the Agricultural Reduction Administration—and cotton reduction.

Farmers from 25 states were present. Among those from Cleveland were J. A. Propst, S. S. Mauney, H. H. Gold and B. B. Suttle of Shelby and F. A. Boyles and Ivey Whisman of Lawndale.

Roosevelt Applauded

The president read his remarks and was interrupted by applause and shouts at almost every pause. He lashed out at the "high and mighty—with special axes to grind" who have been "deliberately trying to mislead people who know nothing of farming by misrepresenting—no—why use a pussyfoot word—by lying about the kind of a farm program under which this nation is operating today."

"It is your duty and mine," he said "to continue to educate the people of this country to the fact that adjustment downward but adjustment upward, x x x it is high time for us to repeat that we have not wastefully destroyed food in any form." He said "a few leading citizens have gone astray—a farmer shouted this interruption from the crowd:

Hit At Talmadge

"We have one down our way, South Georgia."

"I was about to say from ignorance," the president resumed as the crowd roared.

The farmer's shout was one of several references during the day to Governor Eugene Talmadge of Georgia, a vigorous administration critic.

Blanton Attends Exercises, Laying New Cornerstone

George Blanton attended the laying of the corner stone of the nurses' home for the State Orthopaedic hospital at Gastonia yesterday, he being chairman of the board of trustees of the institution. Mr. Blanton was appointed to this position by Governor Bickett when the hospital was opened in 1921.

Funds for the new \$80,000 fireproof building are being furnished by E. D. Latta of Charlotte and the federal government. Dr. H. E. Rondthaler of Winston-Salem delivered the principal address.

Since the institution was opened in 1921, 3,962 crippled children have been entered as patients. The hospital cared for 36 the first year while now the average daily list amounts to 153, cared for at a cost of \$1.24 per day against an average cost of \$3.78 in 1921 when the institution opened with only 36 patients. Crippled children from any part of North Carolina are admitted and since the hospital was opened 8,127 operations have been performed. At the Gastonia clinic 18,411 patients have undergone examination while 5,975 have been examined at the Goldsboro branch clinic.

Bull Dog Not Mad; Child Improving

Henry McWhirter, small son of Roscoe McWhirter who was bitten more than a week ago by a large bulldog was reported today to be improving nicely.

A negative report has been received from Raleigh in regard to the dog having rabies and the child will not take the serum treatment.

Woodson New Mayor By Majority of 292 In Record City Vote

Defeats Cleveland Gardner 1,673 To 1,345 As 2,982 Shelby Residents Rush To Polls To Set New High Record

After shattering all records at the ballot boxes in the primary May 7, Shelby voters again set a new mark last night with a record of 2,982 votes, and for the second time gave Harry Woodson the preference that on July 1 will make him mayor of the city.

New records aren't set without stiff competition. Record-setters are urged across the line by strong opponents, and Woodson had his. Cleveland Gardner polled 1,345 votes, carrying two of the city's five wards, as the winner broke the tape. Woodson's total vote was 1,673, and his majority over Gardner 292.

Vote By Precincts

This is how the city voted:

Box	Woodson-Gardner
Ward 1	488 468
Ward 2	266 120
Ward 3	321 405
Ward 4	322 105
S. Shelby	256 247

Totals 1,673 1,345
Gardner carried No. 1 by 488 votes to 462, or with a majority there of 45, and carried ward 3 by a vote of 405 to 321, with a majority of 84. In the first race, May 7, Gardner also carried both these wards by approximately the same percentages. The figures were, in ward 1, Gardner 451, Woodson, 330; in ward 3, Gardner 316 and Woodson 242.

Boiling Springs, Grover Elect New Town Officials

Woodson Goes Ahead

In the run off, Woodson received his greatest majority in ward 2, where the vote was 286 to 120, giving him a lead of 166. In ward 4, his majority was 117 and in South Shelby he led by the slim margin of 39 votes.

The astonishing total of 2,982 votes cast in a run-off race was regarded this morning as a political phenomenon. It exceeded by about 500 votes the expectations of the most sanguine observers, and compares surprisingly with the 1933 record, when S. A. McMurtry was elected mayor of 2,196 votes—regarded then as an all-time mark.

Returns In Early

Still more remarkable, yesterday's record vote was tallied in record time, all returns being in and the results being posted at The Star office shortly before eight o'clock, less than an hour after the polls closed.

Mr. Woodson, called to the microphone as the total was posted, spoke to the large crowd gathered in the square. He said:

"One week ago tonight, by virtue of your splendid vote of confidence, I was permitted to thank you for that vote which put me in the lead. Tonight, I am again honored by another vote which has again placed me in the front—a vote which has elected me mayor.

Asks For Suggestions

"To those friends who have stood so loyally by me, and who have worked so tirelessly in my behalf, I feel immeasurably and everlastingly grateful. I want to assure you that I shall never forget this confidence which you have so generously placed in me, and I want you to know that I shall always try to justify that confidence by serving you and the city to the best of my ability. I am fully aware of my inherent weaknesses and frailties; if I make any mistakes in my administration—"

Banks Qualified Under Lindsay Bill

RALEIGH, May 13.—All state banks in North Carolina have filed affidavits showing that they have qualified under the provisions of the Lindsay house bill No. 185, to remove double liability from their stock for the benefit of depositors and other creditors. Commissioner of Banks Gurney P. Hood announces.

Profits of banks are now increasing and the removal of double liability should reestablish a market for the bank stock in the state. Commissioner Hood said.

Corn Experiment Is Undertaken To Find Best Variety for County

The county farm agent's office has set out to determine what is the best kind of corn for Cleveland farmers to grow, entering a traditional argument with scientific fervor to discover the truth.

Assistant agent H. B. James is in charge of the project. Nine varieties are to be planted in two tests, some on the farm of P. D. Herndon at Patterson Grove, some at D. J. Keeter's place between Kings Mountain and Grover.

As the kernels are dropped in at whippoorwill calling time, they all go into the same kind of earth, with the same kind of fertilizer, and will receive equal attention. Mr. James will listen to the sprouts grow, and when the harvest comes, between 90 and the harvest comes, between 90 each ear to determine what variety produced the finest ears.

All War Veterans Are Now Eligible For CCC Service

With the possibility imminent of establishment here soon of a Civilian Conservation Corps Camp, to attack soil erosion projects, announcement from Washington that all veterans of the World War or other wars are eligible for admission carries unusual interest.

In addition to veterans of the World War, veterans of such wars as the Spanish American War, the Philippine Insurrection and the Boxer Rebellion (or China Relief Expedition) are to be included in the program of expansion as it relates to the Veterans' Contingent, Civilian Conservation Corps; and that applicants therefor must meet the following requirements: (a) service in the armed forces of the United States during war; (b) honorable discharge from such service; (c) veteran is unemployed; (d) veteran is a citizen of the United States; (e) physical fitness and (f) good character.
