building and improvement

Polls will be open at the crack of dawn for the special tax election in which registered voters in ten county districts and in Shelby will make their marks on ballots bearing the legend: "For Special School Bond Tax" and "Against Special School Bond Tax."

Optimism Expressed school authorities, who said they believed the majority of the school

lars at 55 cents. The Shelby local school board earlier in the week issued a statement urging residents to vote in favor of the special tax for a proposed \$150,000 high school.

Shelby Election In the city, ballots will be cast at the regular polling places and in south Shelby. In this instance, the ux rate has not been set, but it is stimated that it would not be more

GENEVA. Sept. 13. -France's solidarity with the League of Nations covenant and the sway of the French policy to the attitude that financial and economic sanctions are necessary in case Italy attacks were indicated

in Paris and Geneva. Premier Laval demanded enforcement of the League Covenant in a speech before the League, and French officials in Paris interpreted his remarks as meaning the French nation would impose economic and financial, but not military sanction against the aggressor nation in the event of war.

Laval's speech had been eagerly awaited since observers had debated whether France would back Great Britain in the stand for League solidarity opposed to war or would back Italy in the latter's demand for colonial expansion. Ethiopia Mobilizas
