Director of U. S. Bureau Says Nothing Fundamental in Way of Recovery

(By The Associated Press) CHARLESTON, S. C., Sept. 18 .--A return to the economic level of 1929 within the next 12 months was forecast here today by Dr. C. T. Murchison, director of the U. S. bureau of foreign and domestic commerce, who tonight will address the Charleston Propellor club.

The climb back to the peak of four years ago is contingent upon the continuation of improved business conditions, he said.

"There is nothing fundamental in Georgia, who yesterday joined Gen. the way of full recovery. It takes Smedley Butler in a broadside time for anything and everything in against the administration in a a tremendous economic system to function but now conditions are rapidly and definitely swinging up.
