

## "Fighting Bob" Defends Record In G. G. Events

Fighting Bob Hyder has joined the lists of more than 100 young leather-punchers who will contend for honors in the annual Golden Gloves boxing tournament in mid February.

It was believed by tournament officials that by the end of the last registering day, February 8, that more than 250 simon pures will knock all records for a cocked hat in amateur boxing circles.

Bob registered from Oak Ridge where he is a student and member of the hard-punching cadet scrappers. He will be weighed in at 135 and is defender of a title won in a previous Golden Gloves entry in Charlotte.

He is well known in the Shelby rings, and will draw a number of fans from here to see him weave through a quartet of other amateur boxers from Shelby and Cleveland county are also listed, including lads from Kings Mountain, Bolling Springs and some of the rural sections.

## Sing Sing Star Good Grid Man; May Become Pro

OSSINING, N. Y. (AP)—"Watch Cribbins!"

That's the word from Gerald Curtin, athletic director of Sing Sing prison.

Nini Cribbins is the 23-year-old halfback who is expected to become another "Alabama Pitts" when the football wars return to Ossining next fall.

Until last season he had never held a football in his hand, but great natural ability and exceptional speed gave him the call over more experienced players.

The 170-pound flash celebrated his rise to the varsity by taking a kick-off and racing 96 yards for a touchdown against the powerful New Rochelle professionals.

He also shares the kicking assignments with Arthur Nelson, who alternates between end and quarterback.

Not only in football does Cribbins hope to emulate Pitts. He is a base baller, playing center field, the position Pitts himself held down before "graduating."

Cribbins' other distinctions include his record in the dashes. He is Sing Sing's "fastest human."

## Waco Teams Split With Tryon Cagers In Fast Games

WACO, Feb. 23.—Waco basketballers met the Tryon teams Wednesday night with Waco girls winning by a sensational victory of 22-20. The Tryon boys won the count by 35-20.

Tryon girls had played three years without a single defeat until Waco sextet handed them one. Although Waco girls played No. 3 the night before they were not daunted by any loss of energy. G. Beam was high scorer for Waco with 12 points and Kiser for Tryon with seven.

The Waco coach and players all attest that this was the strongest team they had ever met. Everyone is eagerly looking forward to the second game with their rivals Friday night, Feb. 7th in the Waco gym.

## Ellenboro Trips Lattimore Teams

Ellenboro handed the strong Lattimore boys team and runner up for top position in Cleveland their first defeat of the season from an outside team there last night, winning the contest 32-26.

The Lattimore girls lost their game by score of 30-6 as the Rutherford lassies paced all over the court to flip in the long and difficult shots.

Lattimore will go to Lexington Saturday night to meet the strong high school teams from that city in an annual contest. The two Lexington games last year were two of the best during the season.

## Announce Services At Second Baptist

Rev. C. V. Martin, pastor of the Second Baptist church indicated today that he will preach Sunday on the two following topics, "The Wrong Kind of Religion" at the morning worship service and "Some Interesting Facts in The Life of Job" in the evening.

Sunday school will be at 9:45 and training unions will meet at six o'clock.

## Announce Subjects At First Baptist

Subjects announced by Dr. Zeno Wall for the Sunday services at the First Baptist church are "The Way Out" at 11 o'clock and "Youthful Influences" at 7:30. Sunday school will be at 9:30 and the Training Union will meet at 6:30.

## Russo-Jap Fight Nearing Climax

TOYKO, Japan, Jan. 24.—(AP)—Numerous new frontier incidents between the Japanese advised state of Manchukuo and Soviet-influenced Outer Mongolia drove the east Asian border controversy toward an apparent climax today.

A Japanese news agency dispatch from Hsinking, capital of Manchukuo, said the recurring clashes brought a vigorous protest from the Manchukuoan foreign office to Outer Mongolia, considered by officials as a virtual "final warning."

The protest called for "immediate and complete withdrawal of all Outer Mongolian troops from Manchukuoan territory."

MOSCOW, Jan. 24.—(AP)—The Russian war commissariat organ, The Red Star, today accused Japan of preparing for military operations against the Soviet Union through the encirclement of Outer Mongolia.

The newspaper said the Japanese, by making Inner Mongolia a Japanese colony, commanded the principle approaches to Outer Mongolia.

The Red Star said this movement would put Japanese troops in a position to attempt cutting off Russia's far eastern army.

## "Without Approval" President's Answer

(Continued from page one.)

bill in only three important respects: "It eliminates the issuance of unsecured paper currency to make the payments required and substitutes interest-bearing bonds, which, however, may be converted into cash for face value at any time; and it adds \$263,000,000 to the total payments by forgiving interest after October 1, 1931 on amounts borrowed."

Same As Before

"In all other respects the circumstances, arguments and facts remain essentially the same as those fully covered and explained by me only eight months ago."

One pertinent phrase from last year's veto message which Mr. Roosevelt evidently had in mind today was:

"The credit of the United States is safe but it cannot ultimately be safe if we engage in a policy of yielding to each and all of the groups able to enforce upon the congress claims for special consideration."

White House aides said Mr. Roosevelt broke precedent of a quarter of a century when he sent the message in his own handwriting. Up to the time of the administration of Theodore Roosevelt all messages to congress were written in longhand but none has gone to the Capitol in longhand since then.

## Congress Would Curb High Court

WASHINGTON, Jan. 24.—A movement to restrict by law the supreme court's power to invalidate acts of congress took shape Wednesday in both branches of the national legislature.

Encouraged by increasing talk of such procedure in new deal circles and an indication that President Roosevelt may have studied the possibilities, leaders of the movement planned active campaigns.

Senator Pope, Democrat, Idaho, said he would introduce a bill before the end of the week and make a speech on the subject as well, in addition to conferring with a number of his colleagues.

In the house, Representative Cross, Democrat, Texas and Representative Lewis, Democrat, Maryland, have similar measures pending. They are working together and Cross said today he planned a "battle" if necessary to bring the subject to the floor. Representative Maverick, of Texas, said he and his liberal group were ready to fall into line.

## State Enrollment Sets New Figure

COLLEGE STATION, Raleigh, Jan. 24.—The total enrollment for this school year at North Carolina State College was brought up to 1,994, highest in the history of the institution, with the addition of a number of new students at the winter term registration held early this month.

"This is the largest resident enrollment we have ever had for the fall and winter term and we are positive that a few more students will enter school for the spring term to swell our total resident enrollment for the year to over 2,000."

W. L. Mayer, college registrar, said.

## Worley Is Fighting Extradition Papers

Sheriff Cline was considering at noon today making a special trip to Little Rock, Arkansas, to attend a hearing set tentatively on January 27 for Jack Worley, alias Worley Carter, who is being held there for extradition here to face embezzlement charges.

An exchange of telegrams from the governors of North Carolina and Arkansas indicate that Worley will fight extradition, and already has three lawyers.

## Lodge Heavy Suit On Monroe Bank

CHARLOTTE, Jan. 24.—Suit was filed in federal court yesterday seeking judgments totaling \$100,000 against the 162 stockholders of the First National bank of Monroe.

This sum represents the 100 per cent stock assessment, and the bill of complaint asks that judgments be rendered severally against these stockholders for amounts equal to the stock they hold as is required under the banking laws.

The suit is being brought by Gurney P. Hood, commissioner of banks of North Carolina, ex rel North Carolina Bank & Trust company and B. L. Hume, agent and conservator of the North Carolina Bank and Trust company.

The complaint states that on June 9, 1930, for value received, the First National bank of Monroe delivered to the North Carolina Bank and Trust company a promissory note for \$1,375,285.46, payable on or before January 7, 1932, with interest at the rate of six per cent per annum.

A total of \$381,306.88 plus accrued interest amounting to \$38,670.31 is now past due, the complaint alleges. This makes a total of \$419,977.19.

## Rome Bitterly Defies Coalition In Mediterranean

By Associated Press

Rome spoke out today in bitter warning against the Mediterranean Security Arrangement among "sanctionists" powers while her armies claimed aggressive successes on both northern and southern African fronts.

Mussolini prepared for Geneva distribution a warning that Great Britain's action in arranging the Mediterranean Assistance Agreement with four other powers constitutes a "danger for European peace and that it was outside the League of Nations covenant."

In London it was learned that the League of Nations technical committee which meets next week to consider oil sanctions, will include representatives of Great Britain, France, Belgium, Norway, Sweden and seven or eight oil-producing nations.

## Bank Deposits Up Meeting Indicates

(Continued from page one.)

Reserve board with reference to types of deposits, interest, contracts and loans. The new rulings went into effect in all N. C. banks on January 1.

Shelby played the role of host the first time in ten years.

New officers for group 9 were nominated and elected as follows: Chairman, G. D. Alken, of Charlotte; vice chairman, Jesse E. Bridges, of Shelby; secretary-treasurer, W. F. Phillips, of Charlotte. B. S. Neill of Kings Mountain is retiring chairman, and Jesse Bridges of the Union Trust company here, by order of succession will head the group next year.

Brown Is Here

Paul Brown, of Raleigh, secretary of the state bankers association was present to make the announcement that the annual statewide meeting of the association will be in the form of a cruise this summer and not at some city in the state.

B. S. Neill, of Kings Mountain, president and Forrest Eskridge, a former president of the state organization introduced prominent out-of-district visitors and high officials and also made the introduction of Mr. Leinback whom he said has "done everything there is to do in a bank since he began as a very young man."

High Officials

Among high officials present were: R. E. Kerr, W. H. Neal, John W. H. Neal, C. C. Armfield, officials in the Wachovia Bank and Trust company, Winston-Salem; W. T. Clement, Bob Cherry, W. L. Brooks, of the Federal Reserve in Charlotte; J. K. Dorsett, of Salisbury; W. H. Spradlin, of Federal Housing, Winston-Salem and Greensboro; Clarence McNeely, Mooresville, official of the FHA in Charlotte, and others. A number of the leading business men of Shelby were also guests of the Shelby banks.

An elaborate meal was served by hotel attaches, after which a concert called the Bankers Cabaret and Broadcast arranged by a troupe of Charlotte artists, was put on. Ward Threath, often called, Will Rogers successor, put on a feature monologue of humor and dry wit.

Men present were presented with a variety of smokes, and the ladies received a set of napkins, as favors. Place of the next meeting was not announced.

## \$40,000 In Cash For Bonds Is Here

A check for \$40,000 has arrived in the office of the city clerk which represents the cash for the Shelby improvement bonds issued some time ago.

The bonds were sold at the unprecedented low rate of three and one-fourth percent interest with a cash bonus even with that price.

## Best Cage Team In World Is Said To Be N. Y. Violet

By CHARLES GRUMICH

NEW YORK.—(AP)—The city-bred all-around athlete who was hailed in 1920 as the "greatest basketball player in the world" is steering the Violets of New York University toward a shot at Olympic—and world—supremacy on the maple courts.

Howard (Jake) Cann, pilot of the perennially powerful basketball Violets, is chary, as usual, about predictions, but partisans of N. Y. U. figure their courtsters will be among the favorites in the collegiate elimination events leading up to the Olympic tryout tournament here in April.

Nineteen consecutive triumphs stood behind the Cann-coached Violets when they laid off competition until February 5, taking their mid-season examination-time "breather."

Headliners at Madison Square Garden's regular basketball programs played before capacity audiences, the Violets this season have bowled over such rivals as the University of California, Dartmouth, Purdue, Princeton, Fordham, Kentucky, Columbia and North Carolina.

Impressive Record

In Cann's regime as head coach, dating back to the 1923 season, N. Y. U. has won 139 games, and lost 57.

The Violets went through the 1933-34 campaign undefeated, winning 16 straight games, and they were beaten but once last season on a 20-game schedule. Their only conqueror in 1935 was Yale, which broke their long string of victories with a 33-29 triumph in overtime.

New York U. won the national A. U. basketball title in 1920.

## Family Must Live On \$200 Per Year

(Continued from page one.)

families, 100 of which have already been certified and are being inspected and instructed. They have nothing, own no land, little livestock, they are "down and out" in the last degree, so to speak and couldn't get a loan from their best friends.

But the government will help them. It will under the resettlement plan take a lien on their crops and on their livestock if they have any. They must sign to work faithfully, willingly and all the way to help repay the money spent.

Forms are now being made out at the office next to the county agent's office in the First National bank building.

A meeting was held Tuesday of this week in which Lewis Hovis, of the Gaston county unit, told more than 50 agricultural committeemen from every township in the county just what the government wishes to do.

A hearty approval was given by the body.

The resettlement work was carried on last year under the state program, but is this year under the direct control of the department of agriculture.

The "average" home mentioned above must have a cow, a garden, pigs, truck patches, must can all manners of food. They must eat less than \$100 worth of bought food and clothing must be made at home. Then there is kerosene and soap, school books and numerous articles. Mr. Smith is doing it, and liking it. Next year he will pay for his mules, then he'll buy some land, maybe build a better house, and the "depression" will be over.

## Disappearing Act By Thermometers

(Continued from page one.)

of damage to Florida's citrus fruits with a low of 27 forecast during the night and scattering snow flurries over Tennessee. Nashville's zero minimum marked its chilliest day in more than five years.

The storm had its local drama in nearly every community. A baby was born in a snowbound automobile at Brookpark, New York. Frozen trolley braked forced commuters to hitchhike in near zero temperatures at Marietta, Ga., an Atlanta suburb. School children of Chicago and most of its suburbs enjoyed a holiday, though the mercury climbed to one below during the afternoon after reaching minus 17 for a season's low mark.

Workmen gave door-to-door warnings when a frozen gas main endangered 700 families at Point Marion, Pa. Motorists were marooned at various points from the Missouri river to the Hudson.

## Raleigh Shake-Up Sees High Officers Change Positions

RALEIGH, Jan. 24.—Governor

Ehringhaus today designated J. Dewey Dorsett as chairman of the State Industrial commission to succeed Harry McMullan, who will become assistant attorney general in place of John W. Aiken, resigned.

Aiken, a native of Hickory, has accepted an appointment as special assistant to the United States attorney general in Washington and will be connected with the anti-trust division. The governor named Buren Jurney, attorney of Statesville, to the industrial commission to succeed McMullan.

All the changes are effective February 1.

McMullan accepted a slight cut in salary in taking the post of assistant attorney general. Aiken has been receiving \$4,500, which will be McMullan's pay. McMullan has been drawing \$4,800, the pay for the chairman of the industrial commission.

McMullan, however, is a lawyer, and that profession is his "first love," he said.

The governor announced Dorsett's elevation and Jurney's appointment, while Attorney General A. A. F. Seawell made public Aiken's resignation and the appointment of McMullan. The governor said McMullan's change of position came "at the insistence of the attorney general and with my full knowledge and happy consent."

Jurney will be paid \$4,320 yearly and will represent the public on the three-man industrial commission.

Dorsett's elevation will give him a boost in salary. He was appointed to the commission to represent industry when the workmen's commission act became effective in North Carolina in 1929. A native of Chatham county, Dorsett was graduated from the University in 1922. He married Miss Minerva Jenkins of Siler City the day he received his diploma.

Continuing his study of law after his appointment to the industrial commission, Dorsett received his license to practice in 1932. He is a former clerk of court of Chatham county and is a World War veteran.

McMullan was born at Hertford in 1884 and was educated in the public schools of Edenton and the University of North Carolina, receiving his law degree from the university in 1905. He represented the second district in the senate in 1929, and prior to his appointment to the industrial commission was connected with the revenue department as director of collections and

assessments.

Aiken was born at Hickory in 1895, attended the public schools there, and then went to Lenoir-Rhyne college and the University of North Carolina. He represented the 25th district in the senate in 1933, and became assistant attorney general February 8, 1935.

## Salvation Army To Start Meeting At Ella Clubhouse

The Salvation Army will conduct a revival meeting and "World For God" campaign in this city beginning February 2 and continuing through February 16.

Services will be held each evening at 7:30 at the Ella Mill club house and Rev. Mr. Matthews of Durham will lead the meeting. All ministers and laymen in Shelby are invited to attend these meetings. Lieutenant L. W. Morton is inviting every one to attend.

He announces regular Sunday school each Sabbath day at 3:30 at the club house.

## Political Wheel Begins To Roll

(Continued from page one.)

isolate timber.

A fact which will strike political fire all over the county is that former Sheriff Irvin M. Allen told a representative of The Star that "so far as I know now, I am in the race for sheriff again." It will be recalled that Mr. Allen served two terms as sheriff and had one of the most colorful careers of any sheriff up to his time.

Friends of Attorney A. A. Powell are saying he will possibly run for either the office of solicitor Hoyle or Recorder's Judge, Bynum E. Weathers. Mr. Powell, nor any of the others mentioned have filed with Judge John P. Mull, chairman of the elections board.

Mr. Mull announced today that he has learned the filing fees that all the candidates will have to pay into the county treasury for the privilege of running for their office. They are, Recorder, Solicitor and Treasurer, \$9 each; Registrar of Deeds, \$11; Sheriff, \$12; county commissioners, members of the board of education, constables and other county or township officers, \$1 each.
