# Kings Mountain Will Begin Arrests On Monday Officials Name For Double-Parking Violations

Arrests will begin on Monday for double parking, according to a sharp warning issued from the city hall today. A fine of one dollar and the

costs for the first offense will

be the minimum charge. "The situation has been grow ing steadily worse for the past several weeks," Mayor Woodson said today, "after we stopped fining motorists, and the situation is now actually getting dangerous and inconvenient

motorists who wish to park safely and correctly." Truck drivers will be fined for

double parking their vehicles in front of stores that have back entrances, and if they do park in front, they must unload quickly and get away, the mayor said.

"Policemen have been working overtime seeking to get people to co-operate with the parking laws but it appears now something drastic will have to be done. We have the city ordinance, and all towns of any size have traffic laws which are respected. Our men have orders to fine any violator, irrespective of who it may be."
