

# Mammoth Crowd Expected At Opening Baseball Season

Clyde R. Hoey Will Toss First Ball And O. M. Mull Will Receive; Season Ticket For A Lady.

A mammoth crowd is expected Saturday night at the formal opening of the Carolina league baseball season in Shelby, when Clyde R. Hoey will pull off his long coat, roll his sleeves to his vaccination scar and toss the first ball.

O. M. Mull, former star on the Wake Forest baseball team and manager of the Cleveland Cloth mill plant, will receive the ball, provided Mr. Hoey is accurate enough to shoot it within reach.

The schedule for the league was made up eight weeks ago between the teams of Cleveland Cloth, Charlotte, Forest City, Valdese, Salisbury, Hickory, Kannapolis.

The first official games of the league's season will be played Friday night between Charlotte and Concord at Concord, Shelby and Forest City at Forest City, Kannapolis and Salisbury at Salisbury, Valdese and Hickory at Hickory.

Just now it is not announced who the batter will be for the opening game here Saturday night, but the Cloth Mill team will no doubt put forward its best talent in order to gain a lead in the early part of the series.

A plan is being worked out to be announced Friday whereby some lady attending the opening game will be awarded a free season ticket.

**Last Exhibition Game**  
The Shelby club closed its exhibition schedule here last night by defeating Drayton 6 to 1. Manager Mack Arnette hit a homer for Shelby while Carter hit a four-bagger for the losers for their lone tally.

Drayton ..... 1 10 2  
Shelby ..... 6 6 2  
Hendley, Carter, Stowe and Mason; Hamrick, Stratton, Stallings and Murray.

# Bill Harrill Does Spectacular Catch

WAKE FOREST, May 5.—Bill Harrill, Wake Forest freshman outfielder, combined baseball and track ability to make the greatest catch ever seen in baseball here.

Harrill, centerfielder of the Baby Deacon team, turned in his spectacular catch during a game with Duke's freshmen.

The track team had been practicing early in the afternoon in the far reaches of Gore Field. A Duke batter drove an apparent extra-base hit to that sector and Harrill gave pursuit. A hurdle was in the way—he leaped nimbly over the hurdle and stuck up his gloved hand to nab the ball while he was still in the air.

Harrill also starred at bat. He hit a homer with three on. Duke's yearlings won the game, 12-6.

# Luttrall Meets Iron Mike Mazurki

CHARLOTTE, May 6.—Burlly Cowboy Luttrall will face his toughest opponent when he clashes with "Iron Mike" Mazurki in the headline of another of Promoter Jim Crockett's exciting wrestling programs at the Armory here Monday night.

Mazurki, a tall and rangy Pole, has a splendid record and has been a strong threat for the championship for several years. He has beaten many of the topnotchers, featuring his famous figure four scissors hold that he learned from the great Joe Stecher. Cowboy Luttrall has been battering his way to victories over the best grapplers in the south and seems to think he is invincible. His latest conquest was a win over rugged Floyd Marshall in straight falls here last Monday.

# 25 Cases Tried In Recorder's Court

A total of 25 cases, most of which were for public drunkenness were tried yesterday, taking court officials virtually all day to dispose of them.

Ralph Brown appealed from a sentence of a \$50 fine on a concealed weapon charge and was placed under bond of \$100 for the July term of court.

Cliff Ross of No. 9 township was given six months on an assault charge, but appealed and posted bond of \$200.

The driver's license of B. D. Prentz, Shelby youth was removed for a period of 12 months and Prentz was fined \$50 and the costs after pleading guilty to drunken driving in recorder's court yesterday.

A count against J. C. Bowling for alleged drunken driving was continued until May 26.

# See China, Japan Merge Forces As Russia Threatens

Both Are Now On Same Side Of Fence For First Time In Ages.

By C. Y. McDANIEL

NANKING, China.—(AP)—Conclusion of a military pact between Russia and Outer Mongolia is seen here as a possible turning point in the history of northern Asia, marking as it does the first time in a decade that China and Japan are on the same side of the fence.

Japanese activities in Manchuria and Russian efforts in Mongolia have been only superficially similar, although both have resulted in the painting with new colors of hundreds of thousands of square miles blocked out in yellow on generally accepted maps of the Chinese empire.

The Mongols under Genghis and Kublai Khans conquered China and subjugated the Chinese. Modern China never has boasted the conquest of Mongolia. Mongol princes in the 17th century acknowledged the suzerainty of the Manchu emperors of China but continued to enjoy an autonomy not allowed the subjugated Chinese. But when the infant Emperor Pu Yi, last of the Manchus, climbed down from the Dragon Throne, the Mongols considered their only link with China broken.

**Mongols Retained Autonomy.**  
Conscious of czarist Russia's imperialistic glances in their direction, however, the Mongols avoided a clean break with the new born Chinese republic, achieving a state of autonomy which acknowledged Chinese sovereignty, Russian special interests and the right of self-government by the Mongols.

China seized the opportunity offered by the Russian revolution to cancel Mongolian autonomy and send a Chinese army northward. The Chinese were slaughtered and the Living Buddha of Urga set up as "Holy Duke" claiming the allegiance of all outer Mongolian princes. In the course of driving the White Russians out of Siberia, the Bolsheviks gained control of the "Holy Duke," establishing independent Outer Mongolia.

# Lions Are Tied With Red Devils At Top Of Loop

Shelby high school is standing tied with Newton at the top of the West Carolina baseball loop, having won their last two games and all the previous conference tilts.

They licked Forest City yesterday 13 to 2 and Wilkesboro Monday 23 to 3.

Games are carded with Fallston Thursday, the American Legion team Friday and Wilkesboro again next Tuesday.

# Farm Students On Worth While Tour

ELLENBORO, May 5.—Fifty Ellenboro vocational students, directed by three Rutherford county CCG camp leaders and the local teacher of agriculture, were given a worthwhile educational tour recently which enlightened the students to the seriousness of our soil problems and the value of the soil conservation work.

First they were taken to G. Fred Harrill's farm near Ellenboro where Mr. Hootz of the camp explained the agronomy work being done to conserve and enrich the soil on that farm. Mr. Hunt explained how soils form and told them about soil types. Mr. Gobel explained the engineering connected with saving the soil.

From the Harrill farm they were taken to Dr. Duncan's farm where different phases of the work was explained to include a forestry demonstration plot.

# Roosevelt, Landon Leading Primaries

(Continued from page one.)

day, President Franklin D. Roosevelt will receive the state's 22 convention votes.

Missouri—Thirty Democratic votes from Missouri were yesterday pledged to President Roosevelt.

Tennessee—The G. O. P. of this state yesterday endorsed Alfred Landon as choice for presidential nominee and gave its four votes to him.

Connecticut—Democrats assembled here today were discussing what to do with their 19 votes for the presidential nomination. Heated discussions were underway this morning.

Indiana—All the 12 members of the state legislature appeared assured of renomination, according to incomplete counts of early returns. The latest tabulation shows that 552 of the possible 1,100 delegates to the national convention will cast their ballots for President Roosevelt.

Landon Republicans claim 685 of their possible 1,001 delegates, amid clashing predictions of the vote.

# 100-M. P. H. Club Has 4 New Members

INDIANAPOLIS.—(AP)—Four new members will be welcomed into automobile racing's exclusive 100-mile-an-hour club here May 25, five days before the Decoration day 500-mile race.

Only 18 drivers since the inaugural "500" back in 1911 have become eligible.

The newcomers are Kelly Pettilo, Huntington Park, Calif., who won the sweepstakes last year; Floyd Roberts, Van Nuys, Calif.; "Doc" Mackenzie, Eddington, Pa., and Chet Miller, Detroit.

To be eligible, a driver must finish the 500-mile grind without relief at an average speed of 100 m.p.h.

# New English King Is Scout Patron

King Edward VIII has consented to become Patron of the British Boy Scouts' association, in succession to his father, the late King George V. Speaking to 1,000 Boy Scouts at Windsor Castle, the other day, the king emphasized the world-wide character of the Boy Scout Movement and said that "in these days that is a thing of very great importance."

When he attended the Third World Scout Jamboree at Arrow Park, near Birkenhead, England, the king, then the Prince of Wales, was presented with the Silver Bafalo, a high award of the Boy Scouts of America "for distinguished service to boyhood."

# Mrs. Mary Elliott Passes In Texas

Word was received here this morning of the death at Glen Flora, Texas, of Mrs. Mary E. Elliott, 77-year-old native of this county who has been living there the past 35 years, but who has visited here a number of times.

Mrs. Elliott was formerly Miss Mary Cabiness, and was married to Jim Elliott who died many years ago. She moved to Texas and is survived by five sons, and here by many relatives in the families of the Elliott, Cabiness and Blanton. Interment will be at Wharton, Texas.

Pictured above are the members of the University of North Carolina tennis squad who are on a tour during which they will meet outstanding teams of the North. These boys, who are undefeated this year, will be seeking to carry on a brilliant record for Carolina net teams for the last five years—a record that shows only two losses and the best claim for the mythical national championship during three of those years, 1931-32-33.

# Mother's Day Sees New Ideas In Use To Save Mothers Lives

NEW YORK, May 5.—(AP)—Nine great advances in ease of motherhood have been made by the medical profession in the last 25 years.

Since last Mother's Day other new ideas have been put forward, experimental and not ready for acceptance, but all pointing to acceleration toward the goal of happier, happier motherhood.

Eclampsia, the convulsions which have caused frightful suffering, have become almost a rarity. Unnumbered lives have been saved by the elimination of this single complication.

Coupled with ridding womanhood of this risk are increasing knowledge of diet, vitamins and gland products for this period. The great diet change lies in feeding starchy foods, eggs and milk with fresh vegetables. Formerly the expectant mother was fed on "delicacies" even if they nearly killed her.

Third is the effort to alleviate pain. This began with the much heralded twilight sleep. It is not solved. The trouble with all artificial pain relief is risk of injury to the baby. But the recent analgesics, or pain relievers, known as barbiturates, are making progress.

Fourth, and more dramatic than any other, is the dating of motherhood. Within a week to 10 days after conception it is possible now for a physician to know that motherhood is on its way. One method considerably used is to note secretions of the pituitary gland, at the base of the brain. They change, and injected into immature female mice they give visible evidence.

Transfusions are the fifth boon. They save many lives and much suffering.

X-rays have removed the danger from one worrisome question—the chance of a Caesarian operation. The rays warn definitely when it is needed and long enough in advance to perform the operation more safely. The result is that once rare Caesarian operations are now no more dangerous than other abdominal operations.

Anemia is another hobgoblin nearly gone. It may arise from the unborn child drawing heavily on the mother for essential elements for skeleton building. Feeding lime salts, or milk with plenty of root vegetables, replenishes the store.

The fatty sickness for weeks or months that has been a burden for many mothers is now mostly relieved. Its cause was a toxic condition, from food. Adding carbohydrates to the diet is one treatment.

# Dr. McDonald Speaks Here Saturday Night
