LANDON MOVEMENT GATHERS FORCE AT GOP MEETING

Official Returns Give Clyde Hoey 4,342 Lead Over Dr. R. W. McDonald

Record Breaking Count Of 515,654 Votes Drawn Out By Spirited Race For Governorship

(By Associated Press) CHARLOTTE, June 10.—Complete returns, with the count from all but three of the state's one hundred counties reported as official, shows that Clyde Hoey holds a 4,342 lead over Dr. R. W. McDonald in their race for the Democratic gubernatorial nomination.

The two men are expected to enter a second race which calls for another vote on July 4, to determine the Democratic nomination, in this state equivalent to election in the fall election.

All-Time High A record-breaking vote of 515,766 was tabulated to set a new all-time high for primaries in this state.

On the face of returns Hoey carried 50 of the 100 counties, McDonald carried 27 and Graham 22. McRae carried the other, Anson.

Senator J. W. Bailey, who did not make a campaign speech, was leading his three opponents by a 25,000 majority, on the face of returns from 1,789 precincts.

The standing was: Bailey 238,244; Richard T. Fountain, former lieutenant governor, 175,835; William H. Griffin, 23,843; and David L. Strain, 13,065.

There was no clear-cut issue in the senatorial race. Bailey's opponents criticized him for what they said was his failure to support President Roosevelt, but the senator replied in a statement that he voted with the New Deal on virtually every issue.

With 76 small precincts still missing, and the returns official from 80 counties, the lieutenant governor's race was inconclusive, a run-

Mr. Powell Has No Complaint To Make

A. A. Powell, defeated candidate for Judge of the Recorder's court stated this morning that reports come repeatedly to his ears that he is dissatisfied with the result of the election and that he is threatened an investigation of alleged irregularities.

"While I did not get as many votes as I wanted, I am not one to whine and cast insinuations on election officials. As far as I am concerned, the election was over Saturday night and I am looking to the future and not the past. I am not a party to any of this whispering that is going around and do not want my name further connected with it," said he.

Morning Cotton LETTER

NEW YORK, June 10.—There was further realizing by recent buyers and small hedging sales early yesterday but the selling was readily absorbed mainly by the far east and domestic trade interests. Some additional showers in parts of the eastern belt were helpful. Attention is present focused mainly on the improving conditions in the textile situation and expanding retail sales.

We see nothing at present to warrant any important setback and believe the limited supply of contracts will bring gradually higher prices.

Hoover To Speak On First Ballot; Receives 50 Votes

Kansas Governor Will Not Attend

Nomination Of Landon Said To Be Certain At Cleveland Meet.

(By Associated Press) CONVENTION HALL—CLEVELAND, O., June 10.—The "Landon-for-President" movement gathered momentum here today as the Kansas governor gathered 50 votes for the first presidential nomination in the first ballot at a caucus of the Pennsylvania delegation.

Senator Borah was given 14 votes. Former Senator Reid voted for Senator Steiwer on the first ballot. Senator James A. Davis cast his ballot for Borah. Other candidates received the following vote from the 75 member delegation: Steiwer 4, Knox 3, Dickinson 3, Vandenberg 1.

Second Ballot Eight indicated they would vote for Landon on the second ballot. There were few absentees. Arizona's six votes will be cast for Landon in the first ballot the delegation decided at a caucus. The Porto Rican delegation said its two votes would go to Landon.

Pausing for a moment in his greetings to a throng of admirers Herbert Hoover told newsmen today he was at the convention for just one purpose, "to make a speech." He said this just after California's delegation was told by Chairman Chester Howell that there was not a word faintly suggesting "regardless of development Hoover will deliver tonight."

Devastating Speech "The speech is the most devastating indictment of the New Deal ever written," he said, adding the address would not be "any William Jennings Bryan cross of gold gesture." He referred to Bryan's standpoint of the Democratic convention in 1896, the first time he won the nomination.

Landon forces today assured Senator Borah a hearing on his platform proposal and promised him an opportunity to address the convention if they are rejected by the resolutions committee.

Rain Is Worth \$1,000,000 County Agent Wilkins Says

County Agent J. S. Wilkins this morning predicted that last night's rains in the county, which substantially broke the most serious drought in years, would be worth nearly a million dollars to county farmers.

Mr. Wilkins based his prediction on this fact: The rains meant the difference between no cotton crop at all and a fair crop. He said the million dollar estimate was not too high.

Practically no cotton had come up Mr. Wilkins said, and farmers had resigned themselves to a cropless season. The rains will cause the plants to grow.

The showers will also be valuable to the raspberry crop. The berries are already ripening and the first shipments to New York were started yesterday. The vines and berries on the 30 acres of raspberries in Cleveland county will be helped materially.

Farmers had been unable to plant corn, because the ground was too hard to break. Corn planting will begin since the rains, Mr. Wilkins said. Late wheat and oats and pasture lands will also be helped.

The rain last night was rather general throughout the county, being lightest in Number 3 township and around the Lattimore section. A few communities in the county need lots more rain, but some have had enough to help the crops greatly.

The rainfall in Shelby, as measured at the post office, was 41 of an inch.

"Tieless Joe" Tolbert Seated By GOP's In Vindication Move

CLEVELAND, June 10.—(AP)—The credentials committee of the Republican National convention early today voted to seat the South Carolina delegation headed by 70-year-old "Tieless Joe" Tolbert of Ninety Six.

Tolbert, leader of the Republican party in the Palmetto state for 40 years until he was unseated at the 1932 Chicago convention, scored a victory against the faction headed by J. C. Hambright of Rock Hill. Hambright was temporarily seated with his delegation yesterday upon recommendation of the national committee. Tolbert owed his victory in part to two negroes, R. C. Simmons of Chicago and Leroy Bundy of Cleveland, on the credentials committee, both leaders of a movement to remove so called "Lily White" Republican delegations

from southern states. Both spoke at considerable length before the committee in behalf of Tolbert whose slate includes three negroes, whereas Hambright's delegates are all white.

"I've vindicated you Joe," Simmons cried as the two warmly embraced after the vote. Hambright, who peeped through a window to count the delegates as they voted behind closed doors, left before the doors were opened.

Gardner, of Orangeburg, chairman of Hambright's delegation remained to congratulate Tolbert, saying "I hope you will let us come into your delegation." "We want you," replied Tolbert, who said he would assume the post of national committeeman previously claimed by Hambright, and that a national committeewoman would be appointed.
