## Townsend Is Happy To Spend Million On Old Age Plans

CLEVELAND, Aug. 26.—(P)—Dr. Francis E. Townsend, advocate of \$200-a-month pensions for the aged, testified in a deposition hearing in connection with the receivership suit against his organization that more than a million dollars has been spent in organizing Townsend clubs in the United States.

Ben F. Sacharow, counsel for the Rev. Alfred J. Wright, ousted director and plaintiff in the suit, stated that his investigation of the Townsend organization books in Chicago showed a balance of \$25,915. Sacharow claimed that \$1,250,000 had been collected since the inception of the movement in 1934.

"Would you tell us what happened to that money?" Sacharow asked the pension leader.

"That's a sensible question," Dr. Townsend said. "I'll be glad to answer. We organized 9,000 separate clubs throughout the United States with that money and have accomplished more than has ever been done with a like amount. We're proud of that record."
