POLITICAL EXCITEMENT SOARS AS CAMPAIGN BEGINS

PRECEDENT IS SET BY JURY HERE

Glenn Convicted On Technicality

Gets Six Months And \$1,000 Fine; Boger Also Gets Term.

A precedent was set in Judge Yates Webb's court here today as a jury found Ben Glenn guilty of a law violation in hauling government tax paid liquor from a wet state to a wet state through dry North Carolina.

Glenn, who for the past three years is alleged to have carried on bootlegging operations in No. 3 township, was sentenced to be imprisoned for six months in a federal prison and was fined \$1,000. Two N. C. superior courts have pondered several months over a similar case.

Case Pending

The test case has been pending since last spring when Sheriff Raymond Cline and his officers caught Glenn and Graham Dover with 57 cases of liquor made in Louisville, Ky. which was supposedly being hauled from Columbia, S. C. to Corbin, Ky. Glenn had license to haul liquor, but the point of law was a technicality.

The liquor was not properly consigned by the Columbia concern. A bill of lading shown by Glenn was on a Southern railway bill. The law violated is in section 64, title 27 of the government statutes.

Graham Dover was released, as having no part, but Walter Boger, alleged partner in the illicit business, was given 18 months in the Chillicothe, Ohio prison on a different bill in which he was charged with selling liquor to W. H. Miller east of Shelby.

Mrs. T. C. Stockton was given two years suspended sentence for selling bootleg liquor.

Other judgments which the court passed on of importance to Cleveland, Rutherford, Burke and Gaston counties included:

Jud Miller, negro brick layer was given six months to decide whether he will take the "rap" for four gallons of liquor found near his house. His wife is alleged to have allowed it to be placed there.

Floyd Beaver, native of Tennessee, got a year and a day for auto stealing in Morgan; J. D. Kirkman, well known negro baseball pitcher of the Frog Level section here got 15 months in Chillicothe, Ohio prison for being found with seven and a half gallons.

Morning Cotton LETTER

NEW YORK, Sept. 30.—Under a moderate broadening in demand which included some buying for investment accounts, hedging sales were easily absorbed. Sale of goods in Worth street continue large and prices are being advanced. Hedging is less urgent due in part to the recent inclement weather in the west. Action of market would indicate that confidence in higher prices is growing and a good demand will likely be found on any setbacks. We continue of the opinion that the constructive side of affairs all the possibilities.—E. A. Pierce & Company.

Moonshine Gets Hildebrand In Timely Trouble

Timeliness in getting law violators is one of the pet courtesies of federal investigators.

Ed R. Hildebrand, operator of the Green Top Filling station of near Valdese was brought to Shelby Monday night with a full truck load of liquor, beers, wines, bootleg alcoholic beverages.

He was arraigned sometime after 12:15 at night before Federal Commissioner John P. Mull and placed under a \$500 bond.

The grand jury found a true bill for him in federal court and his trial may come up this afternoon or tomorrow. The arrest was part of the nation-wide drive against violators of liquor and narcotic laws.

Mr. Hildebrand had a license to sell tax paid liquor—if he could get by local officials—but Agents McShane and Carson found a secret cache of "white liquor." They revoked his license and brought all the drink along in a truck.

Madrid Evacuates Child Population As Rebels Advance

Ministry Offers Facilities To All Citizens Who Would Flee Before Battle.

MADRID, Sept. 30.—(AP)—Madrid evacuated its children today as the insurgent armies rolled down the main highway to the capital.

The government disclosed that orphans of the Spanish civil war and children of militiamen at the front had been started yesterday toward Valencia and other havens of safety.

The ministry of the interior announced also facilities have been placed at the disposal of all citizens desiring to flee to eastern coastal cities from the impending climactic battle of the revolution.

The advancing Fascists, moving closer to Madrid, while a rear guard "cleansed" Toledo of the "red influence" were reported by their headquarters to have reached Illescas, blocking the way to the capital.

Illescas is only twenty two miles from Madrid and near the half way point between Toledo and the capital.

The government, meanwhile denouncing the insurgents encroached so closely on the capital, mobilized two additional classes of militia into a powerful army.

It planned a sharp counter attack to repel the Fascist drive across central Spain and to recapture the cities of Toledo.

Socialist troops retreated stubbornly from the Toledo sector, fighting doggedly under a barrage from six inch batteries trained on the city's heights.

The government declared a truce in the war side was imminent maintaining the further the insurgents stretched out their lines the weaker they became.

AAA Payments Scheduled To Start By "Election Day"

Flow Of Federal Farm Payments Will Start In Small Amounts; None Expected Here Until Early Winter

WASHINGTON, Sept. 30.—AAA officials said today the flow of Federal farm payments to 6,000,000 farm owners, operators and tenants, will begin early in October, but that only one farmer in 20 or 30 will receive his check before election day, November 3.

"We have had many appeals, especially from drought states, to expedite the payments and we are going to do everything we can to see that they are promptly paid," said H. R. Tolley, the farm administrator.

"We hope to be able to get somewhere between 2 and 5 per cent of the total of the payments out next month."

Other AAA spokesmen said the total to receive a share of the \$470,000,000 to be paid out under the 1936 soil conservation-subsidy program would be about 1,000,000 larger than the number who received benefits under the old AAA program.

They added that checks this year were expected to average less than \$80 a farmer for the country as a whole, compared with an average of \$100 under the former program. The amount paid out under three previous farm programs—1933, '34

and '35—totalled \$1,000,000,000.

John G. Winnant, former chairman of the social security board, accused the Republican leadership of seeking to substitute a "dependency dole" for an insurance system. Senator LaFollette, of Wisconsin, declared there were glaring misstatements in Landon's recent criticism of the New Deal act.
