NOTICE OF REGISTRATION AND VOTING AIDS FOR ELDERLY AND HANDICAPPED VOTERS

Pursuant to Public Law 98-435, the State Board of Elections, by and through its Executive Secretary/Director, hereby advises that certain modifications in North Carolina's voting and registration procedures and facilities have been effectuated for the purpose of facilitating registration and voting by the elderly and handicapped citizens of the State. Please be advised:
1. Registration facilities and polling places in most elections precincts are now physically accessible to the elderly and handicapped. In those instances where polling places cannot be made accessible, elderly and handicapped voters may vote ballots at curbside or request assignment to an accessible facility for the purpose of voting.
2. Instructions on casting ballots, printed in large type, will be conspicuously displayed at each permanent registration facility and each polling place.
3. Any voter is entitled to assistance in casting votes from the person of his or her choice.
4. The opportunity to vote by absentee ballot is available. No notarization or medical certification is required of a handicapped voter with respect to an absentee ballot or application for such ballot. You may inquire as to absentee voting procedures by contacting your local board of elections.
5. Voter information through a toll-free special telecommunications device in Raleigh, North Carolina, will soon be available to deaf voters. Information on how to contact the device will be available at your local board of elections by May 1, 1986.
Robert H. Hunter, Jr., Chairman, State Board of Elections
Alex K. Brock, Executive Secretary/Director
