Need A Valentine's Gift? Make Your Own At Library

Looking for a great Valentine's Day gift?

Youths ages 8 through 13 can make their own in a Feb. 10 after-school crafts workshop at the West Brunswick Branch Library in Shalotte.

The workshop runs from 3:30 p.m. to 5:30 p.m. There is no charge and

all materials are provided, said instructor Felecia Hardy.

Participants will make a magnetic tile Valentine, decorate a Valentine form with seashells and lacquer it and make a Valentine's Day card.

No pre-registration is required, she said.

Pikey To Discuss Beach Erosion

Dr. Orrin Pikey, a controversial Duke University marine geologist and author, will speak at the Feb. 11 general meeting of the Cape Fear Group Sierra Club.

The meeting begins at 7:30 p.m. in Bryant Auditorium, Morton Hall, on the UNC-Wilmington campus.

In the wake of a series of winter storms, Pikey will speak on coastal retreat, natural barrier island migration, eroding beaches and renourishment.

The meeting is open to the public.

Pikey is author of two books on the North Carolina coast and co-author with Wallace Kaufman of *The Beaches Are Moving; The Drowning of America's Shoreline*.

In that 1979 volume, the two discuss the rising sea level and its impact on the coast, evaluates beaches from coast to coast, describes how to tell a "dangerous" development from a "safe" one and how to choose a safe site for a beach home.

It also discusses how to build sensibly near the shore.
