

## Local Heart Campaign Nets More Than Double Its Goal

Brunswick County's 1988 volunteer campaign raised \$12,147 for the American Heart Association, or \$7,147 more than the group's \$5,000 goal, according to Chairman Bill Jennings.

He said the division is proud of the contributions made by county citizens and of the campaign's volunteers, who included residential chairmen Bill Dunn of Boiling Spring Lakes and Henry Heichart of Calabash.

The group's "Cardiac Arrest" project netted more than \$8,000 of the

campaign total.

American Heart Association projects in Brunswick County include a Food Fair educational program in local food stores, blood pressure checks at various locations, educational materials and recipes. Nationwide, more than 75 percent of the AHA's income is channeled into research, community service and public and professional education programs aimed at reducing cardiovascular disease and strokes, the leading cause of death in the country.

SHRIMP OYSTERS FISH  
DEVILED CRABS SLAW OR FRIES  
CLAM STRIPS SLIPPED OFF

This is supposed to be an artist's rendering of our humongous Calabash Seafood Lunch Special.

But no one, not even Mike Angelo, Picasso or Van Gogh could come close to doing it justice. You've gotta try it!

Huge steaming mounds of the freshest, lusciousest shrimp, fish, oysters, clams and deviled crabs all together in a symphony of mouthwatering culinary ecstasy!!! (How's that?)

Order all of them or any combination \$3.75 including beverage everyday except Sunday...from 11 A.M. Also our breakfast buffet or menu still available from 6:30 A.M.

By the way, it's been a great couple of months since we opened. Your acceptance of us has been double what we expected. We're very grateful.

We owe much to our two great chefs! Rick, who leans a little to the gourmet side, and Bill, who's been cheffing many years and is more a "meat and potato" and "Ma's Old Recipe" type. Together they make a great team. Kudos go to them and also to Shirley and Fluffy for their great dining-room managing.
