Glo-Ray  
Rinnai

INFRA-RED PROPANE  
SPACE HEATER

from  
**Collier Gas Co.**

**ENERGY EFFICIENT**  
Uses clean burning LP gas. Glo-Ray heats an average room in minutes, with operating costs 3-4 times less than electricity and 1 1/2 times less than kerosene - and far safer, too!

**BUILT-IN FAN STANDARD**  
Rinnai's quiet, efficient fan really gets the heat out into the room.

**SPECIAL SAFETY FEATURES**  
Many built-in features insure your safety. The Oxygen Depletion Sensor (ODS) shuts down your Glo-Ray if ventilation becomes inadequate or oxygen levels drop below 18%. And a fail-safe valve cuts off gas supply should the flame or pilot light ever become extinguished. There's even a burner guard for safety's sake.

**A.G.A. DESIGN CERTIFIED**  
Glo-Ray meets national safety standards and is design certified by the American Gas Association.

**SIMPLE TO USE**  
Glo-Ray has automatic push button ignition - no matches or electricity needed to ignite the heater. Just set high or low heat on the easily accessible top controls. (Thermostat-equipped models change heat levels automatically.)

**5-YEAR LIMITED WARRANTY**  
Nobody backs a heater better! Rinnai, a leader in quality gas appliances for more than half a century, manufactures excellent products and supports them accordingly. See actual warranty for details.

When you think about it...  
gas gives you more for your money.
