Two Earn Degrees From ECU

Two Brunswick County students were among 1,750 graduates to receive degrees and certificates of advanced study Dec. 9 at East Carolina University, Greenville.

Patrick Albois Smith of Route 2, Supply, received a bachelor of science degree in business administration. Jan Caroline Broadway received a bachelor of science degree in nutrition and dietetics.

Students receiving degrees completed requirements during the summer session or during the fall semester.

Completes Course

Navy Airman Apprentice Eric L. Lee, son of Barbara and James W. Lee Sr. of Route 4, Leland, has completed an aviation machinist's mate basic jet engine course.

During the five-week course at the Naval Air Technical Training Center in Millington, Tenn., Lee received introductory instructions on the characteristics and operating principles of jet engines. His studies included engine lubrication, ignition and fuel systems. He also studied the procedures for refueling and defueling aircraft; removal and installation of aircraft engines; and operation of aircraft ground handling equipment.

Lee is a 1986 graduate of North Brunswick High School. He joined the Navy in March 1989.

Arrives For Duty

Air Force Airman John R. Hicks has arrived for duty at Hickam Air Force Base, Hawaii. He is an apprentice Morse systems operator with the 6924th Electronic Security Group.

A 1987 graduate of McDowell High School in Erie, Pa., Hicks is the son of Kathryn M. Alloway of Shallotte.

Nancy L. McGee of Shallotte served as a page last week with the N.C. Department of Administration in Raleigh, as part of the governor's page program for high school students. A sophomore at West Brunswick High School, she is the daughter of Mr. and Mrs. Fred McGee.

Governor's pages are chosen on merit, after having been recommended by teachers, principals or other community leaders. The pages

assist the various departments in their communications with other state government offices. They also get the opportunity to tour state museums, the governor's mansion, legislative building and state capitol building.

Makes Phonathon Calls

Steven Greenwood of Supply, son of Will and Roberta Mumford, has raised more than \$113,943 so far as a student caller for the University of North Carolina at Chapel Hill Phonathon.

For the first time, the Phonathon reached the \$1 million mark in pledges and donations by November. Director Rob Temple estimated the fund-raising effort will raise as much as \$1.5 million before the campaign ends in April.

Phonathon callers, who are paid \$4 to \$5 per hour, contact about 65,000 UNC alumni, parents and friends, and ask for donations to the school's academic programs. Donors can designate a particular school, department or program at the university to receive the money.

Finishes Training

Private First Class Tracy E. Gray has completed training at the U.S. Army Infantry School, Fort Benning, Ga. A 1988 West Brunswick High School graduate, he is the son of Alice and Arvel E. Gray of Route 3, Shallotte.

During the course, students received training which qualified them as light weapons infantrymen and as indirect fire crewmen in a rifle or mortar squad. Instruction included weapons qualifications, tactics, patrolling, land mine warfare, field communications and combat operations.

Seaman Recruit Rodney Burns has completed training at Orlando, Fla. During the eight-week training cycle he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's basic fields.

Burns is the son of Bonnie K. and Daniel W. Burns Sr. of Route 4, Leland. A 1985 graduate of North Brunswick High School, he joined the Navy in September, 1989.
