**Readers Say Column A Help**

BY BARBARA T. HEWETT

It's very encouraging when you meet people in the supermarket, on the street, in state or local workshops and even out of state that walk up to you or place their arms around your shoulders from behind and say, "I depend on your column to get a calendar of upcoming events," or "I know I can count on your article to keep me informed on what's going on while I am away." Others might say, "Don't give me anything for my birthday but a subscription," or "I look forward to the Scripture of the week."

There are some elderly ladies of Pleasant Hill Missionary Baptist Church in Shallotte that I admire so much for their high moral standard of living. They are super mentors and role models who say to me, "I don't know what Ocean View is doing next on its program, but I'll find out in the *Beacon*."

**Session, Rally Set**

Of course, the next associational event is the mid-year session Feb. 10 at 10 a.m.

After that Ocean View members can begin preparing for a mass meeting Saturday, Feb. 17, at St. James Missionary Baptist Church in Bolivia. Starting at 9:30 a.m., the event is coordinated by Mazie Stanley, Woman's Home and Foreign Missionary Convention General Board member and field worker.

The presidents and four vice presidents of each department and young adult advisors and supervisors of the 14 member churches are accountable for getting 100 percent participation from their members, as well as for getting in reports to the Union's officers immediately, so that they in turn can prepare their reports.

This mass meeting is usually well attended, for it's information, inspiration and fellowship. And the program ends early enough there's still time in the day to do other things.

**Still Looking Back**

One of the greatest honors of the '80s that brought joy and experience to the Cedar Grove area was the chamber of commerce choosing the Young Adult Choir to appear at the World's Fair in Tennessee and come

back with lots of singing engagements.

Also, it was great to have the Rev. Manning Fullwood move into the program time slot on WVCB Radio Station that was once filled with the *Sunshine Hour*.

Four young men and one young woman received law degrees. They are Kenneth Johnson, son of Mr. and Mrs. John Henry Johnson; Jack Brown, grandson, and Willie Hewett, son, of the late Percy and Dorothy Hewett of Supply; Ronnie Reaves, son of the Rev. Marion D. and Hazelene Reaves; and Cynthia Mitchell, daughter of Elnora Mitchell.

Sandra Robinson, daughter of the late Thomas and Arlena Galloway of Cedar Grove became the first black woman to serve as assistant principal of West Brunswick High School, and Zelphia Grissett, wife of Cedar Grove Improvement Association President Lynn Grissett, became assistant principal of Union Primary.

Mattie Lorraine Hewett Williams became supervisor of the Brunswick County Schools' Support Services.

As I recollect these events, the first month of the new decade has ended, bringing our area into the biggest room in the world—the room for improvement.

**Happy Birthday**

Birthday greetings to Sandy Nyers, Louise Gause, Frank Randolph Jr., Daniel Durham, Christobelle Bryant, Janie Bryant, Rodric Gause, Eric Bryant, Troy Sowell and Edith Johnson.

**Tune In**

Be sure to listen to Radio Station WVCB (1410 AM) in Shallotte for the *Cedar Grove Area News* on Thursdays at 3 p.m. and Saturday at 10:15 a.m., and for the *Moments of Inspiration* gospel music show on Sunday evenings.

**Weekly Scripture**

The Scripture of the week comes from Isaiah 60, "Arise, shine for light has come and the glory of the Lord is risen upon thee. For behold the darkness shall cover the earth and gross darkness the people, but the Lord shall arise upon thee and his glory shall be seen on thee . . . the Lord shall be upon thee an everlasting light; thou shall call thy walls salvation and they gates praise."

And, in keeping with the International Year of Bible Study, which verses within Isaiah 60 contain these words?

**CHURCH ACTIVITIES**

**Hoeflinger To Make Return Visit**

Penny Hoeflinger of Keyser, W. Va., a self-proclaimed former witch whose ministry now involves teaching about the dangers of Satanism in American society, will make a return visit to Eastside Fellowship in Shallotte Friday through Sunday, Feb. 9-11, at 7 p.m. each day.

Ms. Hoeflinger says she was dedicated to Satan at age three and was involved in Satanism and the occult for 37 years, including service as high priestess of a coven of witches in the southwestern United States.

However, since her salvation on July 20, 1987, she has traveled the country, teaching others about the philosophies of Satan worship and of the New Age movement doctrine, and how to prepare for "spiritual warfare" to combat their growing influence in society.

**Dinner Honors Pastor**

St. Erendan the Navigator Catholic Church will hold a Valentine's Day covered dish and dessert dinner in honor of the birthday of its pastor, the Rev. Francis Maloney.

The event begins at 6:30 p.m. Feb. 14 in the parish hall on U.S. 17 1.5 miles south of Shallotte. All parishioners are welcome. Reservations may be made by signing up at the church, said Mary B. Gilliam, publicist for the women's circle.

**Dawson To Speak**

Maude Dawson of New Jerusalem Outreach in Leland will be the guest speaker when Shallotte Women's Aglow Fellowship meets Saturday, Feb. 10, at 9:30 a.m. at the Lockwood Folly Community Building on Stanbury Road, Supply. She is a singer, musician and former missionary, as well as the wife of Bud-

DAWSON

dy Dawson, pastor of the Outreach. All women are welcome to attend the group's monthly meetings.

**Observance Set**

Holden Beach Baptist Mission will observe the National Day of Prayer Sunday, Feb. 11.

Spokesman Jess Parker said the community is invited to participate in Sunday school at 10 a.m. and worship service at 11 a.m. at the Brunswickland Carpet Building near Holden Beach.

Special music will be provided by the mission choir and quartet, and lunch will be served on the grounds. Attendees are asked to bring a filled picnic basket, said Pat Morton.

**GOOD STRESS, BAD STRESS** Why Some Stress Is Good For You

Many people think of stress as another way of saying tension or pressure. Actually, stress is just the way we respond to change. Understanding stress and its effects can help you use it to your own advantage, and turn potential "stressors" into positive challenges.

**The Mechanics Of Stress**  
Stress is defined as a response by your body to any demand made upon it. Your body responds to stress in many ways. Hormones, like adrenalin, surge. Your heartbeat and blood pressure increase. Your blood sugar rises. These effects, unchanged for thousands of years, helped prehistoric humans survive by helping them run away faster or fight harder, which is why we often call our body's reaction to stress the "fight or flight" response.

**Positive & Negative**  
Most people think of stressors, or things that cause stress, as negative, such as traffic, a difficult job, or divorce. Many people are aware of tense muscles, headaches or stomach aches during, before or after such situations.

But stressors can also be positive experiences. Having a baby, bowling a perfect 300 game, or completing a satisfying project are all changes that can activate your stress response.

**The Effects Of Stress**  
Your body can't tell the difference between a positive or negative stressor. In either case, your body experiences the same stress effects. If you are not able to let off steam and relax, these effects can be harmful. You may feel tired, depressed, or anxious. You may experience physical symptoms such as a clenched jaw or headache. During periods of stress, take care of yourself by getting plenty of rest, eating healthily, exercising, and relaxing without alcohol or drugs. Help your body recover from all stress, even when you feel satisfied or excited, to protect your health.

**Use Stress To Your Advantage**  
Stress is like body temperature: if it's too low or too high, you can't survive, but the right balance can keep you going strong. It makes sense to use stress energy positively, to meet life's challenges, experiences, and goals. Stress is not all bad. In fact, positive stress can make life both rich and satisfying.

**Balance stress with time for relaxation.**

**Positive stress can make your life satisfying.**

**You Can Be Set Free From The Occult!**

**Eastside Fellowship** presents  
**Penny Hoeflinger**  
Ex-High Priestess of the Occult

At the age of three, my paternal grandmother dedicated me to Satan. I grew up in the occult, deceived into believing I was worshipping God and Mother Earth. I was high priestess of a coven of witches in the southwestern United States. I lived this sordid life in the other world for 37 years.

On July 20, 1987, Praise the Lord He set me free! Total freedom came one day before I was to be a human sacrifice. After the final deliverance He called me to teach. He put into my mind (before I even knew it was a scripture verse) what He says in Hosea 4:6, "My people will be destroyed for lack of knowledge . . ." Many people who know of the love of the Lord do not really know the true ways of Satan—what he's doing today. God is using the life I experienced to make others aware that it is real, is happening now more than ever and is deadly. He uses me to admonish people to prepare, really prepare now, for spiritual warfare.

Satan worship is rampant especially among teens because it provides power. We need to know how to detect it and come against it in the name of Jesus. The New Age Movement is as much of an abomination as Satan worship creeps very subtly into our schools, our churches and our government. It teaches that each person is a god, there is no right or wrong, only "life experiences."
