### Gospel Center

The adult choir of Gospel Center Baptist Church, Varnamtown, will present an Easter cantata, "Behold the Man," Sunday, April 15, at 7:30 p.m. The public is invited to attend.

## Budget Again On Board Agenda

Brunswick County Board of Education members are to meet again Monday, April 16, at 6:30 p.m. in Southport to complete work on the proposed 1990-91 schools budget.

The Monday meeting at which Superintendent John Kaufhold's contract was not renewed was first scheduled as a budget work session, then modified to allow for board action on the budget, personnel and

attorney/client matters. Members discussed the proposed \$12.4 million local budget only briefly Monday, then on the urging of Doug Baxley, who reminded fellow members of the meeting's original purpose and an approaching county deadline.

However, after first considering adjournment immediately after act-

board did vote to approve proposed capital outlay requests of \$4.94 million. That includes \$3.9 million for site improvements, of which \$3.2 million would go toward the cost of building a new elementary school at

County commissioners had asked the school board for its annual funding request by Wednesday, April 11, when commissioners were slated to discuss capital expenditures for the coming year.

At next Monday's meeting, school board members will discuss the balance of the local budget-the \$7.51 million for operations.

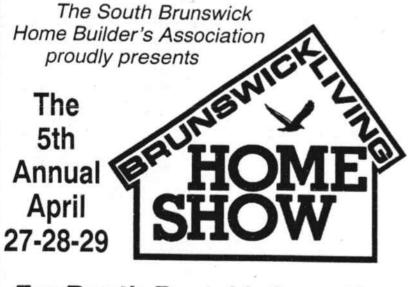

The budget projections and local funding request are based on local and preliminary state figures; federal allocation projections are not yet available for programs such as child ing on Kaufhold's contract, the nutrition and Chapter 1 reading.

THREE BULLET HOLES are evident in a rear window of Leland area resident Steve Earl Grady's Nissan Maxima stored at the Brunswick County Sheriff's Department impoundment yard. Grady was one of five assault victims early Sunday outside a Phoenix nightspot.

# New Hanover Drug Suspect Arrested For Shooting At Phoenix Nightspot

BY RAHN ADAMS

The defendant in a month-long New Hanover County drug trial was arrested Sunday afternoon in connection with a fight and shooting incidents earlier that day outside a Phoenix nightspot. Four individuals-including a witness in the drug trial-were injured.

Brunswick County Sheriff's Department reports and Det. Nancy Simpson stated Monday that the drug defendant, David Crummy, 28, of Wilmington, was charged with two counts of assault with a deadly weapon with intent to kill inflicting serious injury, assault with a deadly weapon inflicting serious injury, assault with a deadly weapon with intent to kill and firing into an occupied vehicle.

New Hanover County and SBI officers arrested Crummy without incident Sunday afternoon at a relative's residence near Wilmington and he was placed in the New Hanover County Jail, Ms. Simpson Closing arguments in Crummy's drug trial on 53 counts of cocaine trafficking were scheduled to continue Monday in New Hanover County Superior Court.

detective noted that Crummy's half-brother, McGhee, 28, also of Wilmington, faces charges of assault with a dead-

ly weapon with intent to kill inflicting serious injury, assault with a deadly weapon inflicting serious injury and assault by pointing a gun. She said Monday that McGhee remained at large.

The reports listed assault victims as Terrance Stokley, 18, Damati Tina Murphy, 25, Ernest Drayton Jr., 19, and April Denise James, 15, all of Wilmington; and Steve Earl Grady, 24, of Route 5, Leland. Ms. Murphy identified herself to authorities as a prosecution witness in Crummy's drug trial.

Ms. Simpson said all of the victims except Ms. Murphy were injured and were being treated late Sunday at New Hanover Memorial Hospital. She added that Grady was the most seriously injured of the four; he was listed in fair condition Sunday night.

Reports indicate that the shootings stemmed from a fight that occurred Sunday around 2:30 a.m. outside Club Valentino in the Phoenix community. Victims told investigators that Crummy was armed with an "AK-47" assault rifle; McGhee, with a semi-automatic pistoi.

During the altercation, Stokley suffered a gunshot wound to the groin and thigh areas; McGhee allegedly fired the shot. Drayton, who

was beaten and kicked, suffered injuries to his head. Both Crummy and McGhee were charged with assaulting Drayton.

Crummy threatened to kill her and that he fired one shot at her. She said the shot missed her because she ducked when Crummy pointed the

Grady and Ms. James were hurt in a separate shooting incident that happened near the intersection of Navassa and Cedar Hill roads. Grady told officers that he was driving his 1987 Nissan Maxima toward the nightspot when he saw several cars coming toward him at high speed. A vehicle allegedly occupied by Crummy and McGhee stopped next to the Grady car, and Grady asked the men what had happened at the club.

Grady indicated that a suspect armed with a "rifle or shotgun" got out of the vehicle and began firing into the Grady auto, reports stated. Grady suffered wounds to the arm, hand, chest and face; his passenger, Ms. James, was shot in the arm and

## School Board Fires Kaufhold

(Continued From Page 1-A)

through June 30, 1992, are, in the words of one letter, both "contrary to law and void." In a third letter, an attorney with the Institute of Government at Chapel Hill concurred with the attorney general's opinion.

At the same time the basic contract was executed, an addendum provided for automatic renewal of the contract for at least one year if the superintendent was not notified in writing on or before Jan. 31 of this year that his contract would or would not be renewed.

That addendum also providedapparently to give newly-elected members of the board taking office in December 1988 a voice in the length of Kaufhold's contract-that the superintendent should receive a written evaluation by the board within 60 days of its first regular meeting in December 1988. At that time, "if the superintendent's performance is deemed satisfactory, his contract shall be extended until 30 June 1992," it noted.

That new contract reflected the unanimous) vote by the board on Jan. 20, 1989, on a motion by Slockett to extend the contract pursuant to the 1988 agreement.

In their written opinions, both Edwin Speas Jr., a deputy attorney general, and NCSBA attorneys

George T. Rogister and Jonathan A. Blumberg note that state law allows for filling of a vacancy in the superintendent's post on a permanent or temporary basis during an election year, as was the case in 1988, but not for extending or renewing contracts until new members have been swom in following the election.

In their opinions, the law also allows school boards to make permanent contracts with superintendents for terms of only two years or four years, not three as was the result of the Jan. 20, 1989, contract. The law also provides for extension or renewal of a contract only in the final year of the superintendent's term, contrary to the addendum.

The opinions also questioned the validity of provisions allowing for automatic extension of the contract without an active vote of the board, and the effect of the addendum in restricting the discretion subsequent boards in determining terms of such an extension.

But, said board member James Clemmons after the meeting, "They've just got an opinion. It's not worth a dime until it's taken to

Commenting to reporters after the meeting, Diane Paquin, elementary supervisor, said she that Kaufhold had "had more than ade-
