More than a way of living. A way of living.
Taking weight off and keeping it off are two different matters. For the first, you need a program that offers safe, rapid weight loss. For the second, you need a program that focuses on long-term behavior modification.
Now, for the first time, you can get both in one program. The Optifast Program.
Medically supervised and hospital affiliated, The Optifast Program offers a unique combination of safe, rapid weight loss, nutritional counseling, exercise, and behavior modification.
It's not easy, of course. But if you're willing to make the commitment, we've got the know-how—and an impressive 12-year record with more than a quarter million patients.
The OPTIFAST Program OF GRAND STRAND GENERAL HOSPITAL
When you've got the will, we've got the way.
Next group is beginning soon. Call the number below for more information.
