National Home Care Week November 26 - December 2

A Salute to All the Fine Doctors Who Helped Us Get Better

With the support of doctors throughout our region, Comprehensive Home Health Care has enjoyed ten years' successful service to our patients.

We've grown — becoming the largest provider of home care services in North Carolina.

We've improved — becoming, in 1989, the first home care agency in North Carolina to be accredited by the Joint Commission on Accreditation of Healthcare Organizations, which sets strict national standards for quality care.

We've worked hard — but we couldn't have achieved this success without the help of hundreds of doctors who recognize the importance of home health care. They helped us get better — so now each year thousands of people can get better in their own homes thanks to services that make possible earlier discharge from the hospital, better patient morale, faster recoveries, and reduced medical costs.

Home health care is an essential part of today's health care system. If you would like to know more about home health care, call 1-800-438-1115.
