

Golf Course Summaries

(Continued From Page 33)

ocean.

Ocean Isle is a favorite of senior golfers and local associations for their outings. The course is in its best condition ever and the 6600 yards from the back tees will challenge any golfer.

The Pearl Golf Links

The Pearl Golf Links offers two great golf courses. Both the East and the West Courses offer some elevations not often seen on beach courses. This Dan Maples creation blends natural terrain with salt marsh and flowering scrubs near Calabash. Both courses provide unique challenges to golfers who relish interesting hole designs as well as pleasant surroundings.

The Pearl has always had an aggressive tournament schedule. They will host the LaMode Pro Am, the Maxfli Carolyn Crudone, the Grand Strand Seniors, the Grand Strand Womens, and the World Amateur this year. The state finals of the American Cancer Society Tournament will be played at the Pearl in September.

The Pearl is not standing pat on course development. The new Pearl North and Pearl South courses are under way on the property generally bordered by Old Georgetown Road, NC 904 and NC 179 which will provide our area with four finest courses to be found anywhere.

Sandpiper Bay

Another Dan Maples creation on Old Georgetown Road which is topped off by a beautiful plantation clubhouse is Sandpiper Bay. Sandpiper is a fascinating course which features wide fairways and huge bent grass greens.

This immaculate course with lush fairways, friendly rough and multi-level putting greens is always fun to play. Naturally sculptured bunkers guard the extra large elevated greens that are highly receptive to approach shots. Most of the water and trouble is on the left side of the course. Many of the holes require a drive over or near water and marshland.

Sea Trail Golf Links

Sea Trail Plantation has rapidly developed Sea Trail into a complex of three championship courses. The original Maples course remains as a staple to be savored by all. The new Rees Jones and Willard Byrd courses complete 54 incomparable holes of golf.

Randy Fuqqua, the PGA professional at Sea Trail, presides over this complex located at Sunset Beach. These courses combine well manicured bent grass greens, beautiful oak and pine trees, natural Carolina sugar sand and man-made lakes into a golfing experience you will not soon forget.

Carolina Shores

The distinction of being the original resort course in the South Brunswick Islands belongs to Carolina Shores Golf Club on the outskirts of Calabash.

Not long after it opened, Carolina Shores was recognized by *Golfweek* magazine as one of the best courses in the Southeast.

The course features an assortment of strong holes along with some very interesting short holes.

The use of mounding and over 90 bunkers reward straight shots and accurate club selection. This par 72 which stretches over 6700 yards presents real golf challenges to players of all skill levels.

Brick Landing Plantation

The Brick is located south of Shallotte and east of Ocean Isle Beach on Highway 179. Several holes have spectacular views of the ocean and the intracoastal water-

way. The course folds naturally into the terrain and features bulkhead greens, pot ponds, marsh land and over 60 sand bunkers.

Bricklanding is a delightful challenge from the white tees, a demanding course for the thinking man from the blue tees. It is lots of fun from a set of gold tees (5800 yard for seniors) which takes some of the teeth out of the many hazards on the course. There is water on every hole.

Paradise Found

172 EAST SECOND STREET

Third row home with 4 BR, 2 1/2 baths and loft. Nicely furnished, fully rented. Easy beach access. \$119,500.

27 RAEFORD STREET
