

SEA FOR YOURSELF.

TAKE OUR FERRY RIDE TO ANOTHER WORLD.

A true island retreat, Bald Head Island shares a timeless appeal with the East Coast's maritime islands: Nantucket, Martha's Vineyard, Ocracoke. No bridge connects our secluded island to the mainland. Rather our property owners and guests are drawn by the promise of miles of pristine beach and a lush maritime forest bathed in the salt sea air of the Atlantic. And in our special world, people leave their cars behind and travel by bike, golf cart or on foot. Unspoiled we are. But not uncivilized. There is croquet to enjoy. A quaint harbour village for anglers and yachtsmen. Fine dining. And the pleasure of the exclusive Bald Head Island Club, with its championship seaside George Cobb golf course and sports center.

Nature created Bald Head Island. We've preserved it for you.
