

HEATING COOLING

WE BRING YOU QUIET COMFORT! FAST! TO LAST! NO WORRIES!

ATTENTION HOME OWNERS

If you own a central air conditioner or heat pump with a cooling efficiency rating of 9, 8, 7, 6 SEER or less and it fails, out of warranty, the entire system may have just committed suicide. KAPUT! If you own a furnace with an annual heating efficiency rating of less than 78% AFUE and it fails, out of warranty, it has earned a funeral as well.

What's Going On?

The National Energy Appliance Conservation Act (NEACA) became effective January 1, 1992. This federal act mandates increases to efficiency standards for residential air conditioners, heat pumps and furnaces. It's the law.

Millions of Operating Systems

Across America, there are millions of residential heating and air conditioning systems operating today. The frightening fact is that over 40% of these systems were not purchased by the current home owner. They inherited the system from the previous owner. Many homeowners do not know the brand of furnace, heat pump or air conditioner they have in their home. They don't know the equipment efficiency ratings and may not know who installed the system or even its capacity or warranty coverage.

BRYANT TO THE RESCUE!

If you are one of these people, you should have your heating and air conditioning system inspected by a qualified, licensed Bryant dealer. He is factory trained and service oriented. He inspects, services, repairs and replaces all brands. He installs Bryant because of its high efficiency and reliability. He brings you comfort! Fast! To last! No worries!

Bryant offers one of the most complete and affordable heating and air conditioning lines in the industry. Exclusively they offer total comfort systems featuring "Zone Perfect" temperature and comfort control in selected areas within the home to save up to 25% operating costs.

BRYANT DEALERS PUT THEIR MONEY WHERE THEIR MOUTH IS!

Buy a high efficiency, long lasting, quiet, competitively priced Bryant heat pump system, or a high efficiency Bryant furnace system, or a high efficiency Bryant air conditioning system and your Bryant dealer will

PAY FOR ALL PARTS & LABOR FOR FIVE YEARS

Now won't that let you sleep at night?

What's more, if you ever need a free service repair because of a legitimate system breakdown failure just once,

YOU'LL GET \$75.00* BACK for

the inconvenience to you. That's confidence and dedication and knowing the odds.
