STARTING TO GREY?

NOW THERE'S A HAIR COLOR THAT DOESN'T LOOK OR FEEL LIKE A HAIR COLOR!

- ?** What is Fleur de Colour™ Low pH Hair Color?
- !** A new approach to hair coloring that uses a chemistry that will not damage your hair. It produces natural-looking, long-lasting color with extraordinary shine and conditioned feel. Best of all, Fleur de Colour offers you a satisfying first time color experience.
- ?** Who should use Fleur de Colour?
- !** Designed for men and women who are beginning to turn grey, Fleur de Colour is the best way to try hair coloring. And if you want to enrich your natural color, Fleur de Colour is the ideal way to do it. For those who are primarily grey, Fleur de Colour offers you the option to either brighten your grey or impart a blonde tone to it.
- ?** How is Fleur de Colour different than other hair colors?
- !** Fleur de Colour is the first true low pH (3.0) hair color that causes none of the damage or dryness normally associated with long-lasting color results.
- ?** Why is low pH important to a hair coloring product?
- !** A low pH helps improve the texture of your hair. It assures that your hair will have a soft, conditioned feel. Low pH means Fleur de Colour will not rob your hair of moisture. It also gives shine and helps lock in color for durability.
