

TO YOU, WE OFFER

OUR MOST SINCERE

THANKS!

There's a word! A word, Thanks. But what does it mean? The bellhop mutters "thanks" when we slip him a dime; the telephone operator echoes "thanks" when we give her a number; the politician guffaws "thanks" when we pledge a vote. A national holiday is based on the word. We use it a thousand times a day in our speech. Yet -- what does it mean?

¶ To the merchants who have signed this page it means this: They have tried to bring to Perquimans County the finest merchandise available and at the lowest prices to you. You have accepted their efforts. By buying in Hertford you have shown your appreciation of their work. You have made their efforts a success. You have said "Thanks" to them. They, in turn, go further. They have appreciated your patronage but they are trying to make their thanks mean even more. They are earnestly endeavoring to bring more and better merchandise for you to select from. They are doing their utmost to show their gratitude to you by pledging to continue in their efforts to make Hertford the real shopping center of this territory. They are not only saying "Thanks" in this message but they are making their efforts say "Thanks" for them, too. They all join in wishing you a most happy and enjoyable Thanksgiving.

These Merchants Wish to Express Their Thanks to the Citizens of Hertford and Perquimans County
