

## A SOYBEAN YEAR

By GUY A. CARDWELL  
Agricultural and Industrial Agent  
Atlantic Coast Line Railroad Co.

The United States Department of Agriculture recently issued an article on soybeans under the caption "1935 A Soybean Year." In this article it was stated that soybeans should solve the 1935 hay and pasture problem, as the seed crop in 1934 was 6,000,000 bushels more than in 1933; while seed of most hay and pasture crops are short.

Farmers in the corn and wheat states must have emergency feed, and reports indicate that there is less than half enough seed for normal acreages of sorgho, Sudan grass and millet; hence the soybean production.

The Southern States had the first chance at growing soybeans and Eastern North Carolina farmers eagerly accepted the crop, but farmers in South Carolina, Virginia and the other Southern States have lagged for some reason in planting a substantial acreage in this crop for beans. However, in the South soybeans are extensively planted in corn and are an important crop for grazing-hogging off.

Available records do not segregate the soybean hay crop, but legume hays (soybean cowpea and peanut vine) were produced in 1934 to the extent of 190,000 tons in Virginia, 369,000 tons in North Carolina and 150,000 tons in South Carolina. Georgia ranks next to North Carolina in the production of legume hays with 334,000 tons; while Illinois, Iowa, Indiana, and Missouri all exceed the best production record made in the Southern States.

For South Carolina and North Carolina Coastal Plain country late maturing varieties, 130 days or more, are recommended. For seed, Bilexi Mammoth Yellow, Tokyo. For hay, Laredo, Otocotan, Virginia.

For Coastal Plain Virginia, medium late varieties, maturing in 120 to 140 days, are recommended. For seed, Haberlandt, Herman, Mammoth Yellow Tokyo. For hay, Herman, Laredo, Otocotan, Virginia, Wilson-Five.

It is said that seed varieties may be used for pasture and hay. The seed from pasture and hay varieties has little commercial value, but may be used as a home-grown protein concentrate. For hay and pasture, varieties adapted to any area may be planted in the area immediately to the north, but they will not mature seed. Diseases and insects rarely damage soybeans.

Soybeans yield alone or with corn, cowpeas, sorghums, Sudan grass and other crops. They are adapted to about the same climate, and should be planted at about the same time, as corn, but are more resistant to drought and excess moisture. With a good seedbed the rate of seeding may be as little as two pecks an acre.

As hay will continue to be short and at a premium in numerous hay growing states in 1935, Southern farmers should prepare to grow their own feed needs and have a small surplus for emergencies.

### Timely Questions On Farm Answered

Question: When should pullets be vaccinated for chicken pox?

Answer: The birds should be vaccinated when between the ages of 8 and 12 weeks but should not be confined to pullets alone. All young birds should have the treatment as the vaccinating material will produce the disease if it comes in contact with the comb or wattle of unvaccinated birds. Chicken pox virus should be used for this work and can be secured from any reliable supply house. Directions for the application are usually supplied by the manufacturer.

Question: What is the best control for tobacco flea-beetle and how should it be applied?

Answer: The "1 and 6" mixture has given better control for this pest than any other mixture and consists of one pound of Paris green and five pounds of arsenate of lead. This may be applied either as a spray or as a dust but the dust method gives better results in the plant beds. When dust is used it should be applied at the rate of one-half pound to each 100 square yards of bed. If used as a spray, dissolve two pounds of the mixture in 50 gallons of water. Applications of the dust should be made when the plants are dry as they are easily burned when damp with dew or rain.

Question: Is it too early to sow tomato seed for the early crop?

Answer: Seed for the early crop should be planted about March 15 and not later than April 1. Start the seed in a cloth-covered cold frame or in a corner of the tobacco bed and keep the plot well covered until danger of frost is past. Better plants will be produced if the seed are planted in rows 12 inches apart at the rate of about 50 seed to the foot of row. Half an ounce of seed, planted this way, will cover 10 square yards of bed and will produce close to 1,500 plants.

## BETHEL NEWS

### REGULAR MEETING OF Y. W. A.

The Y. W. A. of Bethel Baptist Church met at the home of Mr. and Mrs. C. H. Ward Friday evening, March 8. The meeting was opened by singing "Just When I Need Him Most," after which the devotional was read by Miss Kathryn Fleetwood. An interesting program was rendered by Miss Ruth Parrish, the subject being "The World in Childhood's Hands." Those taking part on the program were: Pearl Proctor, Ambrose Long, Lula Mae Mansfield, Kathryn Fleetwood and Mrs. W. P. Long. After the program delicious refreshments were enjoyed by all. Those present were: Misses Addie Mae, Fencie and Esther Ward, Leone Williams, Pearl Proctor, Ruth, Lula Mae Mansfield, Kathryn Fleetwood, Ruth Parrish, Katie Barber and Mrs. W. P. Long; Messrs. Ambrose and Ernest Long, Thomas Phillips, Charles Ward, Carroll and Fentress Hill, O. C. Long Jr., Frank Parrish and Josiah Proctor.

Mr. and Mrs. C. R. Chappell and daughter, Blanche, visited Mr. and Mrs. W. R. Davenport, of Yeopim, on Sunday.

Mr. and Mrs. R. A. Mansfield and daughters, of Edenton, spent Sunday with his father, Mr. J. H. Mansfield.

Messrs. Acey Corey and Tommie Bland, of Williamston, called at the home of Mr. and Mrs. C. H. Ward Thursday.

Mrs. W. H. Fleetwood and son Curtis, of Norfolk, Va., spent the week-end with Mr. and Mrs. Will Curtis.

Miss Genevieve Standin, of Norfolk, Va., spent the week-end with her parents, Mr. and Mrs. Randolph Standin.

Mr. and Mrs. H. L. Thach, from Yeopim Station, spent Sunday with her father, Mr. J. H. Mansfield.

Kramer Williams, from the C.-C. Camp, near Swan Quarter, spent the week-end with his mother, Mrs. Beulah Williams.

Mr. and Mrs. J. C. Hobbs and children visited Mrs. J. C. Hobbs in Gates County Sunday.

Mr. and Mrs. R. R. Keaton and children visited her mother, Mrs. Laura Wood, at New Hope, Sunday.

Julian Broughton, of Detroit, Mich., Mr. and Mrs. Sidney Broughton, of Hertford, called at the home of Mr. and Mrs. T. S. Broughton Sunday.

Misses Addie Mae and Fencie Ward called at the home of Mr. and Mrs. W. H. Barber, near Bonner's Fork, on Sunday.

Mrs. W. H. Fleetwood, Mrs. W. D.

Curtis and Curtis Fleetwood, visited Mrs. M. I. Charlton Sunday.

Miss Jeanette Perry, of Hertford, spent the week-end with Miss Nelle Williams.

Mrs. Maude Gatling has returned to her home in Norfolk, Va., after being the guest of Mrs. T. S. Broughton the past week.

Misses Ruth and Lula Mae Mansfield, Addie Mae and Fencie Ward visited Mrs. W. R. Davenport, near Yeopim Thursday.

Mrs. Beulah Williams entertained at a delightful birthday party Saturday evening honoring her children, Kramer, Leone and Nelle Williams. Quite a large number of friends were present, and the honorees received numerous pretty and useful gifts. The hostess served cake, ambrosia and candy.

## BELVIDERE NEWS

Miss Savannah Rountree, of Joppa, visited her sister, Mrs. Eugene Twine, Wednesday.

Mr. Eldon Eure, of Selwin, made a business trip in the community Monday afternoon.

Mr. W. H. Williams called at the home of Mr. W. M. Eason Wednesday.

Misses Christine Riddick and Marie Eason visited in the home of Mrs. Jessie Winslow Wednesday afternoon.

The following young people attended the Junior-Senior banquet of the Hobbville High School Friday evening: Misses Hazel Twine and Jessie Wrae Eason and Mr. Ellis Winslow.

Miss Orice Winslow was the guest of Mrs. J. A. Riddick Wednesday afternoon.

Rev. Mr. Stevenson, of Center Hill, visited in the home of Mr. Elmer Twine Thursday afternoon.

Mr. James Twine returned home on Saturday from Duke Hospital, Durham, where he received treatment.

Mr. W. M. Eason made a business trip to Belvidere Thursday morning.

Mr. and Mrs. T. M. Twine attend services at Bethany M. E. Church on Sunday afternoon.

Mrs. C. W. Hunter and children, Edith Eason and Jarvis, of Suffolk Va., spent Sunday with her parents. Mr. and Mrs. W. M. Eason. They were accompanied here by Mrs. Rose Milteer and children, who were the guests of her sisters, Mrs. Henry Stokes and Mrs. J. Emmett Winslow, of Hertford.

Mr. Wade Powell and son, Marshal Mr. W. A. Eason and son, Lloyd, of South Mills, visited in this community Sunday morning.

## BALLAHACK NEWS

F. T. Evans, Winborne Evans, A. R. Stallings and Ira Dale spent Thursday in Suffolk, Va.

Mrs. J. M. Sutton and Miss Elizabeth White spent Thursday morning in Hertford shopping.

Wilson Hollowell and Joseph Rogerson visited friends near Edenton on Sunday afternoon.

Mr. and Mrs. Samuel Mansfield spent the week-end in Rocky Hock as the guests of friends.

Mr. and Mrs. Lawrence Perry and children visited friends at Bethel on Sunday afternoon.

Mr. Walter Lane was the guest of Miss Elizabeth Hollowell Sunday afternoon.

Mr. and Mrs. F. T. Evans and children spent Sunday with her mother, Mrs. Reuben Perry.

Mr. and Mrs. Renie Dale spent Wednesday in Edenton shopping.

Mr. and Mrs. Clinton Perry and children spent Saturday afternoon in Hertford.

Mr. and Mrs. A. J. Parrish spent Sunday in Suffolk, Va., with her sister, Mrs. Lonnie Whitehead.

## MANSFIELD-WARD

Mr. A. J. Mansfield and Miss Annie Ruth Ward, both of the Ballahack section of Perquimans County, were married Wednesday night in Winfall. They will make their home at Ballahack.

## HOBBSVILLE NEWS

Miss Aeline Spivey, of Gates High School faculty, spent the week-end with her mother, Mrs. Daisy Spivey. Guests at the home of Mr. Osie Bunch Sunday were: Mr. and Mrs. Treswell Riddick and baby, Mr. and Mrs. Mopdy Hollowell and little daughter, Mr. and Mrs. Isaac Riddick and children, Mr. and Mrs. Irvin Hollowell, Mr. and Mrs. Hubert Chappell, Mr. and Mrs. Jim Stallings and chil-

## How One Woman Lost 10 Lbs. In a Week

Mrs. Betty Luedeke of Dayton wrote: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly, take one-half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—a quarter pound jar lasts 4 weeks. Get it at Anderson's Drug Store or any drug store in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back. adv

Illustrated 1 1/2-Ton Panel Truck (131" Wheelbase)

**MEN** who study haulage costs know that Chevrolet trucks are as outstanding in economy and durability as they are in price. Chevrolet trucks handle tough hauling jobs day after day at small operating cost, because they are built to Chevrolet's own high standards of quality in every part. The powerful six-cylinder valve-in-head engines are truck motors, especially designed to give sustained pulling power. Features that assure stamina and long life are evident in every detail of the precision-engineered chassis. Chevrolet trucks offer maximum capacity, economy and quality—because Chevrolet is the world's largest builder of trucks.
