Mr. and Mrs. J. R. Edwards, of Greenville, were visitors during the week-end of Mr. Edwards' parents, Mr. and Mrs. W. F. C. Edwards. They were in Norfolk, Va.,

## Impressive Wedding On Sunday Afternoon

Beautiful in its simplicity was the wedding of Miss Marjory Pauline Deans and Mr. William Henry Kelley, which took place in the Hertford M. E. Church on Saturday afternoon at 1:30 o'clock, in the presence of a few close friends and relatives.

Mrs. Charles E. Johnson played the wedding music, using the Bridal Chorus from Lohengrin as a processional and Mendelssohn's Wedding March as a recessional. During the ceremony "I Love You Truly" was softly played.

The bride, who was unattended, was lovely in an afternoon dress of brown and white figured crepe, with accessories to harmonize. Her flowers were a shoulder corsage of gardenias.

The ceremony was impressively performed by the Rev. B. P. Robinson, pastor of the church.

Immediately after the ceremony the young couple left for a motor trip, after which they will be at home at Taylorsville.

The bride is the only daughter of Mr. and Mrs. J. E. Deans, of North Wilkesboro. She is a young woman of much personal charm. She is the niece of Mrs. Rosser Brinn, of Hertford, and has many friends here, where she has frequently visited.

The bridegroom is principal of the high school at Taylorsville. Both young people are very popular with a wide circle of friends.

Out-of-town guests at the wedding included Mr. and Mrs. W. H. Elliott, Jr., of Goldsboro; W. H. Elliott, Sr., of Ahooskie; Mrs. M. S. Elliott, of Edenton, Mr. and Mrs. Eugene Rector, of Norfolk, Va.

### TIMELY QUESTIONS OF THE HOUSE

Question—What is the best way to condition soft-wood floors?

Answer—First make the floor smooth by scraping, or by grinding with a sanding machine. Next fill the cracks between the boards with a mixture such as fine sawdust mixed with powdered whiting and glue thinned with water, or with wood putty. Sandpaper the ridges smooth when the filler is dry. Then oil, varnish or paint. If you use oil or varnish, tint the crack filler the color of the wood. If you use paint, be sure to use floor paint or floor enamel.

Question—What can I do to take the bulge out of wallpaper caused by the paper separating from the wall?

Answer—Take a sharp knife and slit the bulge sufficiently to admit the paste, which may be ordinary white library paste thinned a little with water. A brush may be used if the bulge is a large one, or an ear syringe if it is small. Make the slit along the line of the wallpaper design, if possible, so that the edges will not be noticeable when pasted down.

Question—I know that the maximum amount of a modernization loan under Federal Housing regulations is \$2,000 on any one property. What is the minimum amount?

Answer—There is no minimum. As a general proposition, however, the handling of notes of less than \$100 face amount will probably prove too expensive to be practical from the standpoint of the financial institution.

### SUNDAY DINNER SUGGESTIONS

By ANN PAGE

GREEN vegetables are again plentiful and most of them fairly cheap. Green beans and peas and lima beans are attractively priced and excellent in quality. Two old standbys, cabbage and onions, have gone up considerably.

Strawberries are not only cheap but also flavorful and sweet. Old-fashioned Winesap apples which are an all-purpose variety are especially attractive in price this week. Grapefruit and oranges are also inexpensive.

Butter prices are unchanged, but eggs are a little cheaper than last week. Meat prices are practically the same as last week.

Here are three menus made up of seasonable foods adapted to different budget levels.

**Low Cost Dinner**  
Veal Chops Creamed Potatoes  
Stewed Tomatoes  
Bread and Butter  
Apple Pie  
Tea or Coffee Milk

**Medium Cost Dinner**  
Roast Stuffed Chicken  
Mashed Potatoes Green Beans  
Bread and Butter  
Floating Island  
Tea or Coffee Milk

**Very Special Dinner**  
Grapefruit  
Roast Lamb New Potatoes  
Green Peas  
Waldorf Salad  
Rolls and Butter  
Chocolate Ice Cream Water

## Making The Home More Livable

—With End-Lamps for the Davenport

By Jean Prentiss

DID you ever notice how your family or guests gravitate toward the davenport when entering the living room? They usually do.

So it's really not surprising how much pleasure and livableness can be secured by adding, as perfect complements to the davenport, good lamps—properly placed!

Like an artist with a pallet of paints, a home maker with a davenport, lamps and end tables, can create a balanced arrangement that is beautiful to the eye—and more than that—good to the eye from the standpoint of lighting.

How to go about it when one's davenport is placed against a wall is illustrated in the accompanying sketch.

Although the lamp arrangement looks casually and gracefully simple, it embodies several technical correct things over which a lighting specialist would nod his head in approval.

To begin with, the lamps (quite modest as twins!) are just the right height for this arrangement. Two 60-watt bulbs in each lamp insure adequate light. The shades are open at the top and sufficiently opaque to avoid undue brightness and glare even when both bulbs in a lamp are in use for reading, sewing, or studying.

Since the end tables in this living room are relatively low, the lamps selected are tall in order to send a sufficient spread of light on the book to be read beside it. However, if the end tables used were higher, the eye would catch raw glaring light from beneath the lamp shades. In that case a lower lamp standard like that at the right in the underneath sketch, or a still lower one, as at the extreme left, would be used. Be mindful of the height of your end table and select your lamps accordingly!

Many of the better lamps of course have adjustable upper stems and movable sockets, allowing for change in height or spread of light.

Bridge or floor lamps, of adjustable types like those sketched in the center, are second choice for this davenport arrangement. They should be placed at either end, the former with a 60 or 75-watt bulb in each lamp and the latter with two 60 or 75-watt bulbs in each one. The difficulty is that the taller floor lamps cannot be placed far enough to the back of the davenport (because of the wall) to keep unshaded light from striking the eyes.

If your davenport, however, stands away from the wall, well, that's another—a coming story.

### TIMELY TABLE TALES

#### THE INFORMAL DINNER

FOR the informal dinner for six, when color and cheerfulness are first considerations, this colorful setting will warm the tables of the heart. The cloth is an Irish linen damask in deep ivory which forms a perfect background for the copper service plates and porcelain goblets. The copper candlesticks hold tall ivory tapers, and the scheme is completed by yellow linens.

### Beloved Resident of County Passes Away

The community in which she lived was saddened to learn of the death of Mrs. Mary C. Parrish, greatly beloved resident of the county, which occurred on Wednesday, March 7, at the home of her son, Cary Y. Parrish, near Edenton, where she was visiting.

Mrs. Parrish was in the 81st year of her age. She was a woman of unusually lovable qualities, and was a faithful and devoted member of Great Hope Baptist Church, taking much interest in church work.

Funeral services were conducted from the home by her pastor, Rev. A. A. Butler, of Hertford, assisted by Rev. E. L. Wells, of the Edenton Baptist Church. Interment took place in Beaver Hill Cemetery, Edenton.

The following children survive: A. T. Parrish, of Hertford; J. H. and J. A. Parrish, of Norfolk, Va.; Mrs. J. W. Trueblood, of Hickory, Va.; and C. Y. Parrish, of Edenton. Sixteen grandchildren and seven great grandchildren also survive, as well as two

The highest ocean waves ever reported by reliable observers measured 78 feet from trough to crest.

### Ford Far Ahead in Car Registrations

The contribution of the automobile industry toward national business recovery in 1934 is shown graphically in a recapitulation of national automobile registration figures of the Ford Motor Company for the past year.

The figures showed heavy gains registered in automotive sales during the year, with the Ford Company far ahead in actual unit sales gain during 1934 over registrations in 1933.

Of the entire industry's gain of 552,780 car and truck sales in 1934 over the previous year, Ford V-8 passenger and commercial cars accounted for approximately 56 per cent, or 285,268 units, the figures showed.

Ford passenger car sales in 1934 showed an increase of 70.5 per cent over Ford registrations during the previous year, while Ford V-8 truck sales gained 105.5 per cent during 1934—the greatest truck gain in the entire industry for the year.

Launching a vigorous sales campaign late in 1933, at the introduction of the 1934 cars and trucks, the Ford Company during 1934 also piled up the greatest percentage and unit gain in sales of the three large manufacturers in the low priced field.

Ford showed a total registration of passenger cars and trucks during 1934 of 668,778 units in the United States alone. This figure does not include Canadian or foreign sales.

#### UNDERGOES OPERATION

D. S. Darden, prominent Hertford merchant, was operated on for sinus trouble at a Norfolk, Va., hospital on Monday. Mr. Darden has been quite sick, but his condition is now reported as satisfactory.

Mrs. N. R. Fulford, of Greenville, spent the week-end with Mrs. Clyde McCallum.

Mr. and Mrs. J. A. Chappell, Misses Elizabeth Dozier and Naomi Divers spent Monday in Norfolk, Va.

### Perquimans County Registers 73 Babies

Raleigh, March. — North Carolina parents are classified as "fair" in their responses to the appeal of the Bureau of the Census, the State Board of Health and the State ERA for a complete registration of babies born in the State during the past year. Dr. John H. Hamilton, director of the Division of Vital Statistics, is informed.

North Carolinians had reported approximately one-third of the number of births recorded for 1933 on the little cards sent out from Washington

up to the end of last week. Recorded births in 1933 reached 75,422 in 1933 and already in 1934 the number has reached 79,350, by which Dr. Hamilton estimates that complete recording will show at least 80,000 births last year.

Perquimans County parents have reported in the present "Register Your Baby" campaign the births of 73 children during the past year, or 29.7 per cent of the 246 actually recorded births for the year 1933, up to last week, as compared with about 33 per cent for the State, Dr. Hamilton said.

This indicates that fully 80,000 parents in North Carolina have had children born to them during the past year who have not filled in the buff-colored cards distributed by the Post-office Department to them from the postoffices from which they receive mail, said Dr. Hamilton. The children who have thus been slighted may have occasion many times in the future to condemn the parental neglect, the vital statistics man said.

The campaign is about to end, but there is yet time for parents to secure these cards from the nearest post-office, the State Board of Health or from the field or case workers for the relief organization, if they have misplaced those received earlier, and get them to Washington in time to be counted and checked at the State Board of Health in Raleigh.

## Taylor Theatre

EDENTON, N. C.

### PROGRAM COMING WEEK

Today and Friday, March 14-15—  
LOUISA M. ALCOIT'S  
"LITTLE MEN"

RALPH MORGAN

REMEMBER—Our Prices Are Right

## Carolina Hardware Co.

HERTFORD, N. C.

# Ford is "Sweeping the Country!"

The highest January world production of Ford cars and trucks since 1929, a total of 105,230 units, was registered by the Ford Motor Company—an increase of more than 70 per cent over that of January, 1934.

Domestic production was 91,043 units, an increase of more than 75 per cent over that of January, 1934. This is the more remarkable because of the fact that the new Ford V-8 cars were not introduced until December 29th.

Come let us show you "your model" of this new FORD V-8 that is breaking records all over the world for sales and production. No obligation... just call—

## Chappel Motor Company
