MEETING OCTOBER 2

Dr. Currie Desires to Meet All Who Are Interested in Plan

To organize classes in various branches of educational work, where-by school teachers or others may take extension courses from the University of North Carolina, Dr. Currie, of the faculty of the Greater University of North Carolina, State College unit, who was in Hertford on Wednesday, has announced that he will be in Hertford next Wednesday, October 2.

Dr. Currie will be pleased to meet all school teachers and any others who are interested in taking extension courses at the Hertford grammar school at 4:30 o'clock in the afternoon of the date mentioned above.

This means, according to Superintendent of Education F. T. Johnson, that teachers may take an extension course at home in order to raise or to renew their certificates, as the case may be. Others may take courses in child psychology or education if they desire.

If the classes are organized Dr. Currie will come to Hertford at regular intervals throughout the school year to personally teach the classes.

Local Committee Will Audit Debts

Work of the volunteer debt adjustment committee in Perquimans County is being continued and expanded under the supervision of the Resettlement Administration. J. C. Blanchard, Hertford, is chairman, and W. H. Oakley, Jr., Hertford, secretary of the local committee.

The debt adjustment program, inaugurated in 1935 by the Farm Credit Administration, has been transferred by President Roosevelt to the Resettlement Administration. An allocation of two million dollars from the Works Relief Fund has been made to carry on the program throughout the nation.

Members of the volunteer committee have received no compensation. Many of them have even paid their own expenses when, as was often the case, their duty called for travel. The allocation made for this work is to be used to defray expenses of the volunteer committees and for supervisory services.

The county committees were appointed for the purpose of trying to avert court liquidation by preventing bankruptcy or foreclosure. It is their duty to attempt to bring debtors and creditors together, to see if an amicable adjustment, mutually satisfactory, can be arranged.

In addition to settling thousands of individual cases, including a number in this county, county committees have had great influence in the restoration of credit stability and in developing the practice, on the part of all creditors, of making reasonable adjustments to avoid court liquidation.

Farmers who are in financial distress should consult a member of their county committee. The committee members for this county are: V. N. Darden, Hertford; E. S. White, Belvidere; and W. E. Dail, Durant's Neck.

ALL DAY SESSION RECORDER COURT

Dozen Cases Disposed of While Four Others Are Continued to Later Date to Be Tried

There was an all-day session of Recorder's Court on Tuesday, with a dozen cases disposed of and four continued to a later date.

The first case was that against J. G. Brown, who pleaded guilty to the charge of operating a car with insufficient brakes. Judgment in the case was deferred until a report could be made by G. I. Dail, the patrolman who made the arrest, as to the condition of the car at the time of the trial. The report as made by the patrolman showed that not only were the brakes in bad condition, but that one door was gone, the other wouldn't open, a section of the steering wheel was broken out and the horn wouldn't blow.

"I do not like to work a hardship on a man because his car is not as good as some other cars," remarked Judge Oakley in passing sentence, "but I declare that car cannot go on the highway." The defendant attempted to explain that he expected to make some repairs and how it happened the car was in its condition. Judge Oakley took occasion to remark that the State has gone to a lot of expense to try to keep so many people from being killed on the highways and remarked that if the people would not cooperate in the matter all the efforts would be useless. "Some-time you will go out in that car and you won't go back to your wife and children," he said.

The case was dismissed upon the payment of a fine and \$15 and the condition that the car be put in serviceable condition before it is driven on the highways.

Daniel Outlaw, colored, of Bertie County, pleaded guilty to driving without lights, the case being dismissed upon payment of the court costs.

Josephus Wilson, colored, charged with attempted larceny from the store of L. J. Winslow, at Belvidere, was given 12 months on the roads. The case was appealed.

James Martin and Elisha Dail, both colored, plead guilty to operating a truck with improper lights, the case being dismissed upon the payment of a fine of \$10 by Elisha Dail, owner of the truck.

The case against Leon Flax, charged with peddling without a license, was dismissed.

James Adams, colored, charged with assault with a deadly weapon and with carrying a concealed weapon, to wit, a razor, was given six months on the roads, the sentence to be suspended upon payment of the costs, upon good behavior for a year and upon his appearing for work every day for a year unless he furnishes a doctor's certificate that he was sick.

Lonnie Leary, colored, was found guilty of assault with a deadly weapon and sentenced to 30 days on the roads, the sentence to be suspended upon payment of the costs.

Ernest Lamb, charged with assault, was granted a non-suit.

Linwood Lamb and Grover Lamb, charged with assault with a deadly weapon, secret assault and assault with intent to kill, were found not guilty.

The case against George Helms, charged with trespass and being drunk and disorderly, was dismissed upon payment of \$25.

John Clark, colored, charged with larceny, was found not guilty.

Maxwell Overton, colored, was found guilty of bastardy. Prayer for judgment was continued upon payment of the court costs and payment of one dollar per week for the support of his child.

Narrowly Escape Injury In Wreck

A scratched arm was the only injury received by young Tom Byrum Sunday afternoon when the new Ford V-8 car which he was driving on the Hertford-Belvidere highway was reared to little more than a twisted mass of wreckage. Not only was young Byrum uninjured, but his companion, Henry Copeland, of Belvidere, escaped without harm.

Young Byrum was thrown from the driver's seat into the rear seat of the car when it turned upside down beside the road.

Winfall Men Deputized To Search Freight Train

ONE HOBO SHOT

Guard Injured as Long-Termers Fight Way To Freedom

There was a lot of excitement at Winfall when the freight train came through at 11 o'clock on Monday night. Some fifty Winfall men were deputized by prison authorities who were searching for the four long-term convicts who had escaped from the Woodville prison camp at four o'clock that morning, when a guard was injured as the four men fought their way to freedom, to search the train. When four Negro hoboes were discovered in one of the box cars, naturally the posse thought they had their men. Two of the men surrendered. The other two refused to be taken and fled. One was shot, two shots taking effect in his body, and the other got away. The man who was taken wounded was carried to the Albemarle Hospital in Elizabeth City, where it is reported he is not seriously injured. The two who were taken were placed in the Perquimans jail on a charge of vagrancy.

The convicts who escaped from the prison camp are still at large. They are Will Brown, serving a life term; Harry Ross, serving a 31 year term; James Howell, serving 15 years, and Marvin Parker, serving 30 years.

The Perquimans County schools got off to a good start this week. While the enrollment for the first day at the Perquimans High School was only 323, or 25 less than were enrolled last year, it is believed this number will be increased.

Mt. Sinai Members Soon Pay For Roof

What the membership of Mt. Sinai Baptist Church lacks in numbers it makes up in loyalty.

The members of this church are very proud of their record of always raising whatever amount is asked, but something happened last Sunday at Mt. Sinai which surprised even the members themselves.

It was announced that a new roof was necessary for the church, and that an estimate of the cost had been made and placed at \$139.00. Voluntary contributions were requested to take care of the expenditure and ten-dollar subscriptions were asked for first, to be followed by five-dollar subscriptions and to end up with contributions of one dollar.

Well, the ten-dollar offerings were subscribed so thick and fast that the clerk had to request that they hold up a minute to give him time to get the names down. It seemed everybody wanted to get in that ten-dollar subscription. One family, a father, mother and three sons, gave forty-five dollars. Before anybody knew what it was all about the amount had been over-subscribed by more than twenty dollars.

NEGRO PRISONER MAKES GET-AWAY

Dashes to Freedom as J. J. Fleetwood Enters Jail to Turn on Electric Lights

With sixteen prisoners running around in the corridors, it was a very simple thing for the Negro prisoner Red Ryan to make his get-away from the Perquimans County jail on Sunday night when J. J. Fleetwood entered to turn on the lights. Ryan, who was held for Superior Court on the charge of assault with a deadly weapon in connection with the shooting of another Negro some weeks ago, has not at this writing been apprehended.

Mr. Fleetwood, who is keeper of the jail to the extent of furnishing the meals for the prisoners and delivering the food to the jail, said that he was unaware that the prisoners were at large in the corridors on this particular occasion, as he does not always enter the building when he takes in the food, frequently delivering it to one of the prisoners who is a trusty and generally allowed the run of the place. On this occasion, however, Mr. Fleetwood found that the prisoners were in the corridor, so he called to the trusty, one Brown, who has been held in jail for a long period awaiting trial for larceny, to stand guard at the door. Red Ryan was up stairs. At the head of the stairway he merely brushed Mr. Fleetwood aside and ran out. Brown attempted to grab the fleeing prisoner but was unsuccessful in getting a hold on him. At Mr. Fleetwood's direction, Brown pursued Ryan for some distance up the street but was unable to catch him. Mr. Fleetwood told Brown to come on back to jail and Brown obediently re-entered the prison which has held him for so long and joined the other thirteen who had made no attempt to gain their freedom.

Officers are continuing the search for the escaped prisoner. His wife, Pauline Ryan, who was visiting her husband in the jail at the time her husband escaped, is being held in jail.
