

Cotton Farmers Benefit By 1935 Adjustment Payment

Installments to Be Paid In December, March and August; Number of Questions Answered Relative to New Plan

All cotton ginners and warehousemen in Perquimans County have received preliminary instructions pertaining to 1935 cotton price adjustment payment, in which they are urged to bear in mind that the payment does not exceed 2 cents per pound and that the farmers should benefit on all cotton above 7-8 inch middling.

In making application for a price adjustment payment, producers are required to submit sales on a form which will be sent out from Washington. These forms call for the following information: Bales of lint cotton purchased; gross weight including bagging and ties; amount of seed cotton purchased; seed cotton expressed in pounds of lint; price per pound paid producer; total value of cotton; less charges; amount paid producer.

The object of the plan is to assure producers, insofar as possible, a return on the average of 12 cents per pound, basis 7-8 inch middling, for their 1935 crop sold prior to August 1, 1935.

The adjustment payment per pound to each producer will be the amount per pound by which the official average base price on the ten designated spot cotton markets is below 12 cents per pound on the date of sale of the cotton, but in no case shall the payment per pound exceed 2 cents.

The ten designated spot markets are: Norfolk, Augusta, Savannah, Montgomery, Memphis, New Orleans, Little Rock, Houston, Dallas, and Galveston.

Cotton producers should be instructed to insist upon receiving from buyers the premium due them on cotton which is above average in grade and staple length.

Producers will lose if they sell premium cotton for the price paid for middling 7-8 inch cotton in the belief the price adjustment payment will compensate them for their better grade and staple length.

For example, the average price for white middling 7-8 inch cotton in the 10 spot markets on September 10 was 10.60 cents per pound. If a producer sold on that day, the government will pay him a difference of 1.40 cents per pound.

He would receive this payment of 1.40 per pound even if he sold premium cotton on September 10 which brought him 12 cents a pound or more.

Payments will be made throughout the cotton year based on the amount of the producer's cotton sold up to

and including July 31, 1936, which is not in excess of the producer's 1935 Bankhead allotment, to each producer who is participating in the 1935 Cotton Acreage Adjustment Program. Producers who before August 1, 1936, sell cotton from their 1935 crop but who do not have a Cotton Acreage Adjustment Contract for 1935 or who have not complied with such a contract in 1935 may make application for Cotton Price Adjustment Payments based on the amount of their cotton so sold which is not in excess of their 1935 Bankhead allotment, but such payments cannot be made to such a producer until he has entered into and complied in 1936 with a Cotton Adjustment Contract. Applications based on cotton sold prior to August 1, 1936, must be made not later than August 15, 1936. Where the cotton is not sold by July 31, 1936, but is on that date under the 10-cent loan, payments will be made after July 31, 1936, to producers on the amount of cotton which is, on July 31, 1936, under such loan, but carrying charges will be deducted from the producer's payment and paid to the lending agency.

Following are answers to some questions which have already arisen in connection with the plan:

Q. Who is entitled to secure Cotton Price Adjustment Payments?

A. Any cotton producer whose 1935 production is under a Cotton Acreage Adjustment Contract (Form No. Cotton 1 or 101), with the Secretary of Agriculture in effect for the year 1935 and who agrees to participate in the 1935 Cotton Adjustment Program of the Agricultural Adjustment Administration under the Agricultural Adjustment Act, or as provided under the answer to question 2.

Q. Can any Cotton Price Adjustment Payment be made to a producer who in 1935 does not have a Cotton Acreage Adjustment Contract or who failed to comply with such a contract into which he had entered either in 1934 or 1935?

A. He may make application for such payment but cannot be certified to and receive payment until he has executed a 1936 Cotton Adjustment Contract and complied therewith.

Q. Who makes the application for Cotton Price Adjustment Payments?

A. The person (s) who made the 1935 Bankhead application or his successors in interest will execute Form No. C. A. P. 2.

Q. What will be the rate of payment?

A. The rate of payment will be the amount per pound by which the official average base price of cotton on the ten designated spot cotton markets is below 12 cents on the date of sale of the cotton. This rate cannot exceed 2 cents per pound.

Q. Can an application for Cotton Price Adjustment Payments be made if no cotton has been sold?

A. No.

Q. What will be the status of

cotton remaining unsold at the close of July 31, 1936, which on that date is under the 10-cent loan?

A. The producer, if he is eligible, obtain the Cotton Price Adjustment Payment. The rate of payment will be the amount per pound by which the official average base price of cotton on the ten designated spot cotton markets is below 12 cents on July 31, 1936, which rate cannot exceed 2 cents per pound. From the total amount of the payment there will be deducted for the lending agency all carrying charges which have accrued against the cotton. If such charges are less than the amount of the Cotton Price Adjustment Payment, the difference will be paid to the producer. If such charges are greater, no payment will be made to the producer.

Q. How will Cotton Price Adjustment Payments be divided among individual producers on a farm who are entitled to share therein?

A. One check covering each application will be made to the person making the application for the farm and this person as trustee will pay to those entitled to share in this payment their proper share thereof as fixed under the Rule for Distribution.

Q. Can a producer whose total production was less than his 1935 Bankhead allotment secure Cotton Price Adjustment Payments on the full amount of his Bankhead allotment?

A. If the total production of a producer is less than his Bankhead allotment he will be entitled to receive the Cotton Price Adjustment payment on his total production only.

Q. How will a producer furnish acceptable evidence to show the date upon which he sold cotton and the amount as a basis for securing Cotton Price Adjustment Payments?

A. The seller will secure from the buyer a Cotton Sale Certificate on Form No. C. A. P. 1, which certificate will show the date of sale, amount of cotton sold, seller's name, buyer's name, and the Bankhead application serial number for the farm on which the cotton was produced. (At the present time these certificates are not available, but in the meantime producers should secure an acceptable certificate of sale from the buyer showing date of sale, to whom sold, bale number, and number of pounds sold.)

Q. Where should a producer make his application for Cotton Price Adjustment Payments?

A. At the office of the County Agent in the county in which the 1935 Bankhead application was made.

Q. Is a producer who secures a 1935 Government 10-cent loan on his cotton eligible to participate in Cotton Price Adjustment Payments?

A. Yes, provided this cotton is sold prior to August 1, 1936, or as provided in the answer to a previous question.

Q. Can a producer who prior to announcement of the Government 10-cent loan sold cotton produced in 1935 secure Cotton Price Adjustment Payments on this cotton?

A. Yes, provided he will secure acceptable Certificates of Sale of this cotton and make his application not later than August 15, 1936.

Q. What provision has been made to get Cotton Price Adjustment Payments into producer's hands at an early date?

A. Tentative arrangements have been made for handling and auditing applications in each State office and for issuing checks from field disbursing offices so producers may receive checks promptly.

Q. On what date will payment to a producer who delivers cotton to a cooperative marketing association be based?

A. On the date on which the price to be paid to the producer is fixed.

Q. Is cotton produced in any year other than the calendar year 1935 eligible for payments under this Price Adjustment Payment Plan?

A. No.

A brief explanation of the definitions in the Adjustment Payment Plan may prove helpful.

The term "date of sale" means the day on which the price to be paid the producer for his cotton by the purchaser is mutually determined.

The term "farm" means a tract or tracts of land covered by a 1935 Bankhead Application.

The term "allotment" means an allotment of tax-exempt cotton under said Bankhead Act.

NEW HOPE P. T. A. HOLDS FIRST MEETING OF FALL TERM

The first meeting of the Parent-Teacher Association of the New Hope School District was held Friday evening, September 27th. Many of the parents and patrons of the school were present.

Officers for the new year were elected as follows: Mrs. S. T. Perry, president; Mrs. M. M. Spivey, vice-president; Mrs. J. W. Jackson, secretary; Miss Helen Morgan, treasurer.

The new president then appointed Miss Rebecca Webb as chairman of the publicity committee. Other chairmen of the various committees will be appointed soon in order that they may make a report at the next meeting. Some of the plans for the year were discussed.

One objective of the organization this year is to raise funds for playground equipment for the primary children.

The Sixth Grade won the prize for having the largest number of parents and patrons present.

(Signed) REBECCA WEBB
Publicity Chairman

WHITESTON NEWS

Mr. and Mrs. Arba Winslow, of Norfolk, Va., spent Sunday with their parents, Mr. and Mrs. Eugene Winslow.

Mr. and Mrs. Kemp Smith, of Reidsville, and their sister, Miss Bertha Smith, of Belvidere, visited at the home of Mr. and Mrs. Arba Winslow Saturday afternoon.

Mrs. Arba Winslow had as dinner guests on her birthday, September 25, the following persons: her parents, Mr. and Mrs. Eugene Winslow; her mother-in-law, Mrs. W. T. Winslow; two sisters, Mrs. Wayland White and Mrs. Lucinda Winslow; two nieces, Dorothy White and Ruby Winslow; and a cousin, Miss Olive Layden.

Several of the people from the Whiteston community attended the Baptist Association held at Sandy Cross Church last Tuesday and Wednesday.

Miss Mildred Hinton spent the week-end with her mother, Mrs. Dora Hinton. Miss Hinton is teaching school near Robinsonville.

Miss Hazel White spent Sunday with her parents, Mr. and Mrs. Ernest White. Miss White is taking a course in beauty culture in Norfolk, Virginia.

Mr. Ralph White and family spent Sunday visiting his parents, Mr. and Mrs. J. F. White.

Dr. E. S. White and sisters from Belvidere called Sunday afternoon at the home of Mr. and Mrs. Arba Winslow.

Mr. and Mrs. Mathew Winslow and daughter, Jean, spent Sunday as guests of their parents, Mr. and Mrs. Ulysses Winslow.

BELVIDERE NEWS

Miss Sybil White, of Center Hill, was the week-end guest of Miss Attie Chappell.

Miss Hazel Twine, of Hickory Cross, spent the week-end with Miss Thelma Chappell.

Mr. and Mrs. W. T. Smith returned home Saturday after a few days' visit with their son and family, F. E. Smith, of Tarboro.

Mr. and Mrs. J. A. Copeland and daughter, Anne, of Richmond, Va., spent the week-end with Mr. and Mrs. J. M. Copeland. Miss Elsie Copeland accompanied them home.

Mr. and Mrs. W. F. Simpson, of Elizabeth City, spent Sunday with Mr. and Mrs. T. G. Forbes.

Sunday guests of Mrs. Sarah Layden included: Mr. and Mrs. E. L. Winslow and daughter, Miss Eleanor, from near Cross Roads; Mr. and Mrs. J. A. Copeland and daughter, Anne, of Richmond, Va.; Mr. and Mrs. J. M. Copeland and daughters, Elsie and Evelyn.

Mrs. W. L. White, Miss Olive Layden and Miss Dorothy White spent Wednesday with Mrs. Arba Winslow, of Whiteston.

Mr. and Mrs. R. M. White, of Norfolk, Va., were week-end guests of

**Shivering with Chills
Burning with Fever**
Sure Relief for Malaria!

Don't try homemade treatments or untried remedies! Take that good old Grove's Tasteless Chili Tonic. Soon you will be yourself again, for Grove's Tasteless Chili Tonic not only relieves the symptoms of Malaria, but destroys the infection itself.

The tasteless quinine in Grove's Tasteless Chili Tonic kills the Malarial infection in the blood while the iron it contains builds up the blood to overcome the effects of the disease and fortify against further attack. The twofold effect is absolutely necessary to the overcoming of Malaria. Besides being a dependable remedy for Malaria, Grove's Tasteless Chili Tonic is also an excellent tonic of general use. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle today at any drug store. Now two sizes—50c and \$1. The \$1 size contains 3 1/2 times as much as the 50c size and gives you 25% more for your money.

Mr. and Mrs. L. J. Winslow, of Norfolk, Va., spent Sunday with their parents, Mr. and Mrs. E. L. Chappell Sunday.

Will Brown, of Woodland; Mrs. V. M. Hollowell and daughter, of Hobbsville, were guests of Mr. and Mrs. H. P. White Sunday.

Mr. and Mrs. Kemp Smith, of Asheboro, spent the week-end with Mr. Smith's sister, Miss Bertha V. Smith.

TOWN OF HERTFORD NOTICE

Of Delinquent Tax Sale—Year 1934

Town of Hertford, N. C., to be held on Monday, November 4th, 1935, at 12 o'clock at the Court House floor, Hertford, N. C.

TOWN OF HERTFORD
By W. G. Newby, Tax Collector.
